

Leading Cross Culturally Covenant Relationships For Effective Christian Leadership

Who Is My Neighbor? - Adam C. Sikorski 2023-05-23

The cultural climate in America today presents polarizing subject matter, manifested as societal pressures that divide communities and impact families and churches. One of the main divisive issues is the topic of race and racism. To effectively minister to diverse people in American communities, people must increase in cultural competency; unfortunately, many people do not know what steps to take to fulfill the quest. This book is about cultural competency. More specifically, addressing how a person can increase their cultural competency to minister more effectively within diverse American cities. While many people desire to bridge the racial divide within their communities, they basically do not know what to do, which results in avoidance of the issue. Utilizing Scripture, culminating with the story of "The Good Samaritan," Jesus emphasizes a key principle within the conversation of racial reconciliation and cultural competency. Jesus commanded the expert in the law to "go and do." Jesus's mandate is a call to action for church communities. However, to effectively engage one's neighbor, particularly a neighbor that is "different," requires a certain level of cultural competency. Therefore, increasing one's cultural competency becomes a means to move from discussion towards action.

Reflecting God's Glory Together - A. Scott Moreau 2011-09-15

The true story of mission has been deeper, wider, and far more diverse than many Christians in countries with long histories of church presence have realized. The authors in *Reflecting God's Glory Together: Diversity in Evangelical Mission* drive that point home in a variety of ways. From Filipino and Ghanaian missionary work in North American cities, to Canadian work among the Chinese diaspora, to African-American work in Zimbabwe, the authors help us begin to grasp just how many ways evangelicals in mission are truly going from and coming to everywhere as they follow Christ's mandate to reach the nations. Diverse voices utilizing diverse strategies pursuing a common call: these result in a mosaic whose larger pattern glorifies the God who came to live among us—and who continues to send us out in the pattern God so clearly established. As editors, Beth and Scott invite you to explore the stories embedded in that marvelous mosaic that we have been privileged to collect for this volume.

Being Global - Ángel Cabrera 2012-03-27

What does it take to lead a global business? What makes being a global business leader today such a complex task? It's more than mastering your knowledge of various geographies and cultures, though that is essential. But to succeed, you must also master the complex mind-set and competencies needed to lead in today's fully globalized world. Not an easy assignment. Enter Ángel Cabrera and Gregory Unruh. In *Being Global*, they pull from their extensive experience as well as research they conducted at the Thunderbird School of Global Management, which has been cited by the Financial Times, U.S. News and World Report, and The Economist for its authority on global business. In *Being Global*, Cabrera and Unruh define a new context for global leadership, vividly illustrating both the challenges and the opportunities facing today's executives. How can you be effective? What new skills must you learn in order to be successful? What do international teams do to stay connected while still producing results on a regional scale? *Being Global* is written for leaders at all levels of their careers—whether in big business or small, private sector or government—who aspire to think and act globally and who need some help getting there. Being a global citizen is just the starting point. Cabrera and Unruh provide the tools and guidance to help you develop even deeper leadership skills, to benefit both you and your organization.

Leadership in the Way of the Cross - Sherwood G. Lingenfelter 2018-05-16

This book is for people who are serious about leading people--men and women who have accepted big challenges, who have passed through the fire of tough decisions, who have acknowledged they at times have failed, and have recovered for the next challenge, but do not want to repeat the past. The thesis of the book is that the journey of leadership takes us deep into the dangers of both authority and risk, and our attempts to avoid one or the other of these dangers will precipitate crisis. As a leader who desires to flourish, it is critical to ask, is anyone following? And are we following Jesus as we invite others to follow us? In this book I invite you into my journey, and the journeys of other ministry leaders, through the deep waters of crisis and the challenge of learning to lead so that people are following. This process begins with self-discovery--disclosing default habits, fears, and hungers--followed by trusting the Holy Spirit to work God's transformation within us, and then to engaging the hard work of mobilizing his body, the people of God, so that every part is doing his work.

Transforming Culture - Sherwood G. Lingenfelter 1998-11

Lingenfelter sets out a model for understanding the workings of a society and then applies this model to conflicts missionaries and nationals often face over economic and social issues. He makes the second edition more accessible than the first by clarifying concepts, adding case studies, and reducing the book's length. October '98 publication date.

Leading Cross-Culturally - Sherwood G. Lingenfelter 2008-12

A leading voice in intercultural ministry draws on biblical principles to offer a practical guide to effective multicultural leadership in a variety of settings.

Multiplying Leaders in Intercultural Contexts - Evelyn Hibbert 2023-01-31

Develop Leaders in Culturally Relevant Ways Often, church planters, disciplers, and pastors struggle to identify grassroots leaders and develop them in their context. As leaders who want to develop other leaders, our task is to come alongside these leaders and learn and grow together with them. *Multiplying Leaders in Intercultural Contexts* focuses on how to develop grassroots Christian leaders across cultures. These often unrecognized leaders mostly lead small groups at the growing edges of the church. They are ordinary people who faithfully share Christ amid the demands of daily life. Another focus of the book is shaping the character of developers as they humbly walk beside leaders in the leaders' community. Using the four C's of Christian leadership—Community, Character, Clarity, and Care—the authors weave together research, experience, and practical application to show how these characteristics are expressed across different cultures. The book then discusses five principles, illustrated in common settings, for an intentional process that develops leaders and their communities collectively. Take the next step now in developing yourself and others in the task of leading Jesus's church wherever that might be.

Advanced Missiology - Kenneth Nehrbass 2021-04-02

Advanced Missiology draws the connections between the theory and practice of missions. Using the metaphor of a river, the book shows how theories "upstream" such as theology, education, anthropology, community development, and history have exerted an influence on missiology (and missiology, in turn, has gone back upstream to influence those disciplines). What causes these disciplines to converge in missiology is the goal of making disciples across cultures. Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures, each chapter in *Advanced Missiology* shows how numerous theories, sub-fields, models, and strategies of missiology ultimately facilitate the Great Commission. The book argues that by using interdisciplinarity for this fundamental purpose, missiological studies will be more credible and useful. Cultural Agility - Paula Caligiuri 2012-08-14

CULTURAL AGILITY Succeeding in today's global economy requires organizations to acquire, develop, and retain professionals who can operate effectively around the world, irrespective of country or culture. More than ever before, organizations need a pipeline of professionals who possess cultural agility—the ability to quickly, comfortably, and successfully work in cross-cultural and international environments. Filled with illustrative examples from a wide range of organizations, including the Peace Corps, the U.S. military, and many Fortune 500 companies, *Cultural Agility* offers business leaders and human resource professionals a step-by-step guide for creating and implementing highly effective, cutting-edge talent management practices to increase cross-cultural competence throughout their organizations. Validated through several years of her research and practice, Paula Caligiuri outlines the “Cultural Agility Competency Framework.” This framework sets the foundation for the strategic talent management practices organizations need to effectively build a pipeline of culturally agile professionals, such as how to attract, recruit, and select professionals with cultural agility or those with the greatest propensity to readily develop cultural agility. *Cultural Agility* also provides guidance for creating organizational cultures and HR systems to support the development of a workforce that is culturally agile. For example, international assignments are commonly enlisted as a means of developing global leaders, but these have proven to be only partially effective for building cultural agility. Caligiuri offers training and development practices that organizations can use in a learning system to continually build professionals' cross-cultural competencies, including specific recommendations for designing truly developmental international assignments. This book is a must-have resource for human resource professionals and all business leaders who know that the key to their organizations' success in today's complex global economy is their culturally agile human talent.

Counter-Cultural Paradigmatic Leadership - Gary K. G. Choong 2011-06-03

In *Counter-Cultural Paradigmatic Leadership* Gary Choong challenges the reader to consider the mind-set, motive, and manner of leadership in any Asian setting that is suffused with contemporary practices of paternalistic authority. It provides a counter-cultural paradigm shift for the Christian leader who desires to honor God with mind and heart based on a biblical, moral foundation and to lead with character, biblical core values, and a commitment to further the cause of Christ. The counter-cultural paradigms and practices of integrity, humility, and empowerment address the ills of contemporary paternalistic authority such as didactic leadership, guarding and building of reputation, protection of dominance, autocratic control, nepotism, cronyism, ambivalence, lack of accountability, overstaying one's effectiveness, and underestimating one's subordinates. This counter-cultural paradigmatic Christian leadership deals first with the Christian leader's character and spiritual formation over a lifetime; second, it seeks to influence and impact team members toward biblical coherence and congruence in discipleship, team ministry, and leadership development; third, it encourages the leader to consider ways to address organizational behavioral dysfunctions, and hence organizational coherence, congruence, and effectiveness, particularly with a view toward leadership succession and organizational significance.

Cross-Cultural Missional Partnership - Joshua Bowman 2023-03-28

Cross-cultural partnerships in today's global environment are both challenging and necessary. Misunderstanding and miscommunication often lead to conflict between culturally diverse groups. Christians must understand and evaluate their own culture, the culture of others, and the text of Scripture itself, while remaining faithful to Scripture and relevant to culture. Unmediated tensions combined with relational isolation lead to a myriad of problems. This study proposes cross-cultural missional partnership as a relationship that mediates these tensions, thereby encouraging mutual, faithful engagement in the mission of God. Cross-cultural tensions may never disappear, but within a healthy partnership, partners can assist one another in understanding and responding faithfully to Scripture. Partners help one another more faithfully interpret and apply Scripture, leading to obedience to God's will and engagement in God's mission within unique and diverse contexts.

Leading Across Cultures - James E. Plueddemann 2012-10-04

The worldwide church is more interconnected than ever before, with missionaries going from everywhere to everywhere. Africans work with Australians in India. Koreans plant churches in London and Los Angeles. But globalization also creates challenges for crosscultural tension and misunderstandings, as different cultures have conflicting assumptions about leadership values and styles. Missiologist James E.

Plueddemann presents a roadmap for crosscultural leadership development in the global church. With keen understanding of current research on cultural dynamics, he integrates theology with leadership theory to apply biblical insights to practical issues in world mission. Savvy discernment of diverse cultural underpinnings allows multicultural teams to work together with mutual respect for more effective ministry. The author shows how leaders can grow from an individualistic egocentric practice of leadership to a more global-centric approach. The future of the global church depends on effective multicultural leadership. God has called people from various contexts to minister and lead in every land for the sake of the gospel. Whether you are teaching English in China, directing information technology in Africa or pastoring a multiethnic church in North America, discover how you can better work and lead across cultures.

Ministering Cross-Culturally - Sherwood G. Lingenfelter 2003-10

Ministering Cross-Culturally examines the significance of the incarnation for effective cross-cultural ministry. The authors demonstrate that Jesus needed to learn and understand the culture in which he lived before he could undertake his public ministry. The ideas in this book have proven to be successful for thousands of ministers, and the book is destined to be a resource of choice for years to come. Book jacket.

When Helping Works - Michael Bamwesigye Badriaki 2017-05-03

Today, people from various parts of the world who are interested in helping fellow human beings impacted by famine, epidemics, wars, and poverty are uniquely positioned. They are interconnected due to globalization's impact, which also has implications for intercultural work and global missions. The ability to help people is a constructive asset, which calls for the need to build friendships and partnerships across the globe. Helping well depends on a number of factors, yet this book looks into the impact of stereotype threat and its effects on intercultural identities, the perceptions of others, and performance in intercultural missions. Human interactions continue to suffer due to fears, anxious reactions about confirming negative stereotypes about a person's identity, abilities, and effectiveness in global missions. Stereotype threat happens when caricatures and negative understandings about people's identities are invoked.

The Black American Church - Dr. Khandicia N. Randolph 2023-04-28

The purpose of this book seeks to examine the leadership of the Black church through a critical and theoretical lens utilizing historical and anthropological foci to better identify and understand some of the challenges within the paramount institution and its attrition to the Black American community at large and provide appropriate suggestions and generating frameworks for addressing the challenges. The church has always played a pivotal role in Black American culture's identity, development, and progression. Leadership and organizational challenges within the church pervasively matriculate to other Black spaces, historically Black organizations, and a broader societal context. Due to the church's historical and ethnographic context for Blacks in America, many of the challenges faced in the church go unrecognized, unspoken, thus unattended. This manuscript endeavors to identify the challenges, and flaws through research and data, to provide solutions through practical and theoretical implementations to some shortcomings for the betterment of the church and culture. The interconnectedness of culture and religion for Blacks in America established a gargantuan impact factor on the church and its leaders. This manuscript examines the pervading effects of the influence through leadership dispensation. It also explores the understanding of leadership through the lens of Black Christianity, deriving that the foundation of leadership in the Black community was primarily circumscribed by the influence of the church as conglomerate collectivism of almost five hundred years of the history and culture of Africans, African descendants, and members of the African diaspora in what is now America who contributed to the ideal of the Black church. The critical analysis provided is not one of condemnation but likened to a vital performance review through member experiences barred against applicable leadership and organizational development barometers.

China's Ambassadors of Christ to the Nations - Tabor Laughlin 2020-03-24

Maybe you are familiar with the growth in recent decades of "majority world" missionaries being sent all over the world from non-Western countries (i.e., countries in Asia, Africa, Latin America, Middle East). This book focuses on missionaries sent from one non-Western country, analyzing the experiences of Chinese missionaries on the mission field. The missionaries interviewed were sent from house churches in mainland China, have served overseas for at least two years, and are ministering cross-culturally to non-Chinese on the mission field. The first research question relates to Chinese missionaries' successes and difficulties in

cross-culturally building relationships with locals, learning the local language, and adjusting to the local culture. The second research question analyzes factors that have contributed to the Chinese missionaries remaining on the mission field. This included how pre-field preparation and on-field support contributed to their retention. Also analyzed were other challenges and needs the missionaries had on the field. The interviewees were serving in countries in Central Asia, Southeast Asia, and the Middle East.

Teamwork Cross-Culturally - Sherwood G. Lingenfelter 2022-05-17

Following Sherwood Lingenfelter's successful books on ministering, teaching, and leading cross-culturally (with combined sales of over 200,000 copies), *Teamwork Cross-Culturally* casts a vision for how teams made up of diverse peoples can serve in unity as the body of Christ despite the complicated problems that arise. The book equips leaders to respond to divisive issues so that multinational mission teams can do the work of ministry in ways that honor God. Real-life examples of teamwork challenges from around the world demonstrate that "in Christ" responses are achievable.

Leading Cross-Culturally - Sherwood G. Lingenfelter 2008-12-01

As the US becomes more diverse, cross-cultural ministry is increasingly important for nearly all pastors and church leaders. Of particular concern is the issue of leadership--a difficult task made even more challenging

in multicultural settings. Sherwood Lingenfelter helps the reader understand his or her own leadership culture (and its blind spots), examine it critically in light of Scripture, and become an effective learner of other cultural perspectives on leadership. He also confronts the issues of power inherent in any leadership situation. Lingenfelter carefully defines cross-cultural leadership and unpacks that definition throughout the book, with an emphasis on building communities of vision, trust, and empowerment through leadership based on biblical principles. In the end, he argues that leaders must inhabit the gospel story to be effective cross-culturally.

Practical Theology for Church Diversity - Ken J. Walden 2015-04-20

Cross-racial pastoral ministry and multicultural ministry are wonderfully complex endeavors. *Practical Theology for Church Diversity* suggests that they include a substantial amount of conversation, preparation, and prayer if they are to be done faithfully. Sacred spaces within Christian churches can have a meaningful witness through diversity in their particular locations. This book skillfully informs, gently challenges, and respectfully questions some widespread components of church life along demographic lines. Most importantly, it focuses on pragmatic approaches to cross-cultural pastoral ministry and multicultural ministry for readers to utilize. All persons of faith, religious institutions, professors, seminarians, and others interested in church diversity on any level will find this book a valuable resource.
