Love Letters to Lucy - Sierra MacPheat 2020-11-05

“Write about us,” you said, “and call it Love Letters to Lucy.” Is love worth fighting for, and to what end? Love Letters to Lucy is a generous record of a relationship—coming out, self-identity, long-distance yearning, love letters, and heartache—but mostly it’s about love. When two young women connect and fall in love, each discovers as much about themselves as they do the other. When long distance, personal ambition, and self-discovery complicate their relationship, the lovers are faced with a difficult realization: True love knows when to let go. In her stunning poetic debut, Sierra MacPheat explores love worth fighting for and love worth releasing.

The Last Long Distance Relationship - Shari Eileen 2020-01-27

It was 1987. Cell phones and video calls were the stuff of "Star Trek." Telephone calls were only free if you called someone in the same town or

the next one over. The only way to get information was to visit a library. Jobs were listed in newspapers. People still wrote each other letters to communicate at a distance, and people generally didn't fall in love with someone they'd never met. But, I did. This is the story of how I became the sort of person who fell for a virtual stranger and what became of that relationship. It started in the tiny rural town of Sligo, Pennsylvania and ended in Tokyo, Japan. It's part tragedy, part soap opera, part comedy, part romance, and all true.
