

Love You So Much A Shared Memoir

I Am Yours - Reema Zaman 2019-02-05

It is time. It is time to free our voice. To speak is a revolution. For too long, through the most intimate acts of erasure, women have been silenced. Now, women everywhere are breaking through the limits placed on us by family, society, and tradition. To find our voices. To make space for ourselves in this world. Now is the moment to reclaim what was once lost, stolen, forsaken, or abandoned. *I Am Yours* is about my fight to protect and free my voice from those who have sought to silence me, for the sake of creating a world where all voices are welcome and respected. Because the voice, without intimacy, will atrophy. We're in this together. You are mine, and I am yours.

Love You, Mean it - Ann Haynes 2007-09-06

What would you do if, one glorious September morning, your husband were to die suddenly, when all he had done was go to work, and you didn't even wake up properly to say goodbye? For Patricia, Julia, Claudia and Ann, four thirty-something women whose husbands worked at the World Trade Center, this became a tragic reality. But in the dark days following September 11th, 2001, the four came together and found comfort in each other. *Love You, Mean It* is a remarkable shared memoir of four marriages, of how four hope-filled relationships were tragically cut short, of how these four women rebuilt their lives after a deep loss, but, most of all, it is an extraordinary testament to the power of friendship.

Memoirs of a Broken Hearted Girl II - Latonya D. Young 2014-05-08

Sophie has spent two years under armed guard. Now the walls are beginning to close in. Her life and the lives of her children are at risk. She still hasn't gotten over the brutal murder of her husband and those recurring nightmares that replay that awful moment, night after night, are driving her insane. She's itching at the bud to pay the men who murdered her husband a visit, but her love and respect for Jack is holding those desires at bay. Jack has given up too much for the safety of Sophie and her sons, for her to foolishly go off and risk her life, while seeking revenge. A string of midnight phone calls forces her to face that Taryn won't give up on having her, and their son. When Taryn murders another of Sophie's loved ones just to prove a point, it brings out the bad girl that she tried to control, and now that she has been unleashed, murder and revenge are the name of the game, and no amount of coaxing from Jack can keep Sophie from acting impulsively.

Love You Hard - Abby Maslin 2019-03-12

Abby Maslin shares an inspiring story of resilience and commitment in a

deeply affecting new memoir. After her husband suffered a traumatic brain injury, the couple worked together as he recovered—and they learned to love again. When Abby Maslin's husband, TC, didn't make it home on August 18, 2012, she knew something was terribly wrong. Her fears were confirmed when she learned that her husband had been beaten by three men and left for dead mere blocks from home, all for his cell phone and debit card. The days and months that followed were a grueling test of faith. As TC recovered from a severe traumatic brain injury that left him unable to speak and walk, Abby faced the challenge of caring for—and loving—a husband who now resembled a stranger. *Love You Hard* is the raw, unflinchingly honest story of a young love left broken, and the resilience required to mend a life and remake a marriage. Told from the caregiver's perspective, this book is a daring exploration of true love: what it means to love beyond language, beyond abilities, and into the place that reveals who we really are. At the heart of Abby and TC's unique and captivating story are the universal truths that bind us all. This is a tale of living and loving wholeheartedly, learning to heal after profound grief, and choosing joy in the wake of tragedy.

Love You So Much - Victoria Zacheis Greve 2011

Love you so much, a shared memoir is the story of Vicki and Karen, a mother and daughter writing in separate voices about the nearly five years in which they battle Vicki's ovarian cancer, plan a wedding, struggle with infertility, experience the joy of pregnancy, navigate the first and last days of marriage, begin and retire from careers, move across continents, visit each other as often as possible, and decide to write a book about it all. Along their journey, they discovered that life doesn't stop with a cancer diagnosis - sometimes it even accelerates, as theirs certainly did. More than thirty thousand women are diagnosed with ovarian cancer each year in North America and the UK alone. Any of them could have written about her cancer experience, and many have. What is unique about this book is that it is the shared story of a mother and daughter, each of them writing from her unique perspective about coping with cancer as life moves forward in unpredictable ways. This story is one of the lasting legacies of Vicki Greve, a woman who persevered through her battle against ovarian cancer with style and grace. It was written by women for women and their families, to which millions of women - and men - will relate. Proceeds will be donated in support of cancer research.

This is the SECOND EDITION with even more photographs and additional stories. It is a quick read, and has already helped many people who have read it. This treasure of a book will change your perspective on life, help you gain clarity and bring more joy into it. Tom Herstad shares his deepest feelings about his childhood, adolescence, his family, and his lessons learned. With astute humor Tom humbly and lovingly shares how much his wonderful spiritual mother, Margie, has impacted him and his life. His uplifting, warm and easy-to-read writing style invites you to look deeper inside yourself, and at the world and people around you. From the Back Cover: Despite her childhood hardships, then losing the love of her life and becoming a young widow with four children, the beautiful, vivacious Margie dedicated her life to loving, caring and sharing her wisdom. Margie opened her heart and her home to help those who needed her loving guidance. With unswerving devotion to her family and friends, she transformed lives and inspired joy and hope in everyone through her

generosity, sense of fun, and unfailing faith. The many recollections within this uplifting tribute to a unique, sweet soul, portray Margie's loving legacy. Love, Care and Share will inspire you to find what is most important to you. You will discover your own truth, and how everyone, everywhere, every day has opportunities to make a positive difference. Margie always said, "We are the hands and fingers of God, but we have to use them." Praise for LOVE, CARE AND SHARE I started reading Love, Care and Share just after 7pm and it's now 9:20pm. I was deeply drawn into it and it was like being with Margie again, only through your eyes and words. For these past few hours she "Lived" again. Thank you for that. The raw emotion expressed comes through vividly, about a Son's Love for his Mother bringing her life into meaningful events and wanting her to be remembered as someone many of us Loved. I have often said to others that we go through life never really seeing others and ourselves but for our outer shells/bodies, instead of seeing the real entity that we are; which is the Soul. Margie saw the Soul and therefore was able to love as she did. - Chris Price I can't tell you how much I enjoyed reading about your Mom in Love, Care and Share. It was amazing and the stories just made me sorry I didn't know her myself. She must have had the biggest, kindest heart. Her willingness to give her time and her home and anything else which was needed made her very special indeed. You must miss her terribly. Your writing was lovely and by the end, I felt as though I knew all of you in a way I hadn't before. Thank you for sharing it with me my friend. - Love, Sherry

Nothing but Time Memoirs - GSG 2012-07-13

What made three young men cross the line of no return? Was it a curse? Some people would say, Is this a generational curse? This story is about three young men in different cities, venturing down the same path, eventually receiving many years in the California State Penitentiary. All three carry the same last name, Patterson, and although they were brought up in the church, all three truly found God at last; when He demanded their undivided attention behind prison walls. They learned to have faith that only God could open the doors of freedom, giving them a second chance at life. They prayed for a new beginning, seeking an appeal to reduce their time. The three young men have different stories, but the same plight. Jam, Bridle, Cooter and their comrades.

The First Snow - Bob Ellison 2014-02-28

Have you ever wondered what a man thinks and what he feels—truly feels—when he is in the process of losing his wife to cancer and is her caregiver? Have you wondered how he feels after he loses his wife to cancer? Nothing prepares him for the overwhelming feelings of loss, of being alone, of anger at God until that very moment is upon him. Yes, there are clinical descriptions of what to expect at the loss of a spouse, such as: You may have feelings of anger, at God or at your spouse for leaving you, feelings of loneliness, abandonment, guilt or despair. These feelings are normal. Is that all? Yet there were no articles or descriptions of the depth of those emotions, the utter desolation of being alone after watching a spouse breathe her last breath, and how painful the loss really can be when it all sinks in, because men are supposed to suck it up, to be strong and move on. This journal describes everything from the mundane day-to-day incidents, concerns, hopes, victories, doubts, and frustrations of being the primary caregiver for a dying wife, to the interactions between the author and his sons—his wife's two sons that he adopted and his oldest son from a previous marriage. It also describes the utter desolation he felt and ultimately lived through after his wife of twenty-eight years took her last breath on the morning following winter's first snow of 2010 with only him at her side.

Love You, Mean It - Patricia Carrington 2006-08-23

At a time of great loss, nothing heals like the power of friendship Time heals all wounds, they say. But when your husband dies suddenly, on a

glorious sunny day when all he did was go to work, it takes more than the passage of time to get you through. It takes the love and support of women who are exactly where you are -- and when you're lucky enough to find them, you cling to each other until you're strong enough to stand on your own. The truths you discover in the process are universal, compelling, and altogether inspiring. That was the lesson learned by Pattie Carrington, Julia Collins, Claudia Gerbasi, and Ann Haynes, four thirty-something women whose husbands worked at the World Trade Center. Before September 11, 2001, they didn't know each other, but in the months following that horrible day they came together, drawn as much by their diverse backgrounds as their shared tragedy. At their very first meeting, the foursome realized their bond was too special to ignore, and in no time their Widows Club had cemented into a source of hope and, soon, love that saw them through their darkest hours, and forward. They took to signing off emails and phone conversations with a lighthearted phrase: Love You, Mean It. "Feeling this love for one another meant our hearts were beginning to open again. It was a risk -- love brought with it the ever-present possibility of loss. But this was a risk worth taking. More than ever, we understood how important it was to put love at the center of our lives." A celebration of friendship, optimism, and empathy, Love You, Mean It is a shared memoir of rebuilt lives. It will offer hope to anyone who has suffered a loss, and exhilarate readers from coast to coast.

Memoirs Of A Silent Exhibition - Denise Humphrey, Ph.D. 2013-09-12
Within the first few months of her marriage, Denise Humphrey learned that her husband was gay. Tortured by intense and conflicted emotions she existed alone and shut away from life as if in a coffin, both during the marriage and the decade after. Denise and John loved each other in many ways, making their situation very tragic. They met each other as classical pianists, performed duets together, enjoyed each other's company, and wanted to be parents. At the same time, parts of their lives were closeted from other people, as well as from each other. Early in the marriage, John became a medical doctor, and later Denise became a psychologist. After having two delightful sons they both absolutely loved and adored - and still do - the torment of her shuttered life increased even more dramatically because of intense fear that her feelings of shame and secrecy would be passed on to the boys. Throughout the memoir you will embrace the enormous struggles Denise endured, how she eventually decided to end the marriage, how Denise and John disclosed to their sons, and how all four of them grew even closer through the process. This memoir reveals its resolution and miraculous metamorphosis. Life tragedies can be surpassed!

bestseller *Love Warrior* and founder of *Together Rising While* on her way to teach a yoga retreat in March 2014, Rachel Brathen collapses at an airport, brought to her knees by excruciating stomach pains. She is rushed to the hospital on the tiny island of Bonaire, and hours later forced to undergo surgery. When she wakes up from anesthesia, her boyfriend is weeping at her bedside. While Rachel was struck down with seemingly mysterious pain, her best friend, Andrea, sustained fatal injuries as a result of a car accident. Rachel and Andrea had a magical friendship. Though they looked nothing alike—one girl tall, blond, and Swedish, the other short, brunette, and Colombian—everyone called them *gemelas*: twins. Over the three years following Andrea's death, at what might appear from the outside to be the happiest time—with her engagement to the man she loves and a blossoming career that takes her all over the world—Rachel faces a series of trials that have the potential to define her life. Unresolved grief and trauma from her childhood make the weight of her sadness unbearable. At each turn, she is confronted again and again with a choice: Will she lose it all, succumb to grief, and grasp for control that's beyond her reach? Or can she move through the loss and let go? When Rachel and her husband conceive a child, pregnancy becomes a time to heal and an opportunity to be reborn herself. As she recounts this transformative period, Rachel shares her hard-won wisdom about life and death, love and fear, what it means to be a mother and a daughter, and how to become someone who walks through the fire of adversity with the never-ending practice of loving hard and letting go.
