

Marita One Woman's Extraordinary Tale Of Love And Espionage From Castro To Kennedy

Latin America - Juan Manuel Pérez 2004

This is a general bibliography on Latin America, covering a wide variety of subjects, from pre-Columbian civilizations, to Columbus, to Castro, to the foreign debt, to pollution, ect. This work will not only be of use to the general, casual reader on Latin America, but also to the more specialized researcher. The book contains over 800 topics, with over 8,000 titles identified.

Redcoated Ploughboys - Richard Feltoe

2012-03-03

2013 Heritage Toronto Award — Shortlisted *Redcoated Ploughboys* brings the story of the Battalion of Incorporated Militia of Upper Canada to life, revealing a fascinating lost chapter in military history. In 1812, the future of British North America hung in the balance as the United States declared war with the avowed goal of conquering the Canadas and removing British influence from the continent forever. In response, a corps of men, drawn from every walk of life and social stratum of Upper Canada, stepped forward to defend their fledgling colony by volunteering to serve in the Battalion of Incorporated Militia of Upper Canada. After undergoing rigorous training, and fighting with distinction in numerous skirmishes and battles, it earned the prestigious battle honour Niagara. The regiment was disbanded at the conclusion of the war, and with the passage of time, its dedicated service and efforts have faded into the dust of histories written about the War of 1812. *Redcoated Ploughboys* brings the story of this regiment, and the men who served in it, back to life, revealing a fascinating lost chapter in Canada's early military history.

Honest Answers about the Murder of President John F. Kennedy - Vincent Michael Palamara 2021-03-19

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel,

attempting to cover every single area of the assassination, as well as many tangential and unessential points, as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts, and theories leaves one unsatisfied and, quite frankly, not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55-plus years later: it is time for real, honest answers in an easy-to-read and understand format. Proof of a conspiracy; no theories; to-the-point; a perspective on the assassination for the millennial age and beyond. Based on years—decades—of primary source research and having read countless books on the subject.

The British National Bibliography - Arthur James Wells 1995

Coup D'état in America - Michael Canfield 1975

Acetate overlay in pocket. Includes index.

Bibliography: p. 307-308.

Marita - Marita Lorenz 1993

The daughter of the German captain of a luxury cruise liner and an American actress, Marita Lorenz became Fidel Castro's mistress in 1959 when she was 18. She bore Castro's son and was recruited by the CIA to assassinate the Cuban dictator, a task from which she drew back at the very last moment. By then firmly enmeshed in the American intelligence network, she worked for the CIA, often reluctantly, for the next 25 years; among her bosses were E. Howard Hunt and Frank Sturgis. With Sturgis in Dallas on the evening before Jack Kennedy was murdered, she met Jack Ruby and a man she later realized was Lee Harvey Oswald.; Now aged 53, Marita tells her story, portraying with passion and candour her relationship with the Venezuelan dictator, Marcos Peres Jiminez, her testimony at the Watergate hearings and her return to Cuba, Castro and her son.

Four Days in November: The Assassination of President John F. Kennedy - Vincent Bugliosi
2008-05-17

"A book for the ages." —Los Angeles Times Book Review
Four Days in November is an extraordinarily exciting, precise, and definitive narrative of the assassination of President John F. Kennedy on November 22, 1963, by Lee Harvey Oswald. It is drawn from *Reclaiming History: The Assassination of President John F. Kennedy*, a monumental and historic account of the event and all the conspiracy theories it spawned, by Vincent Bugliosi, legendary prosecutor of Charles Manson and author of *Helter Skelter*. For general readers, the carefully documented account presented in *Four Days* is utterly persuasive: Oswald did it and he acted alone.

101 Top Historical Sites of Cuba - Alan Twigg
2004-09-16

Even the most dedicated Cubophile will discover new information in Alan Twigg's collection of seldom-seen attractions.

Libra - Don DeLillo 2018-06-07

'Think of two parallel lines. One is the life of Lee H. Oswald. One is the conspiracy to kill the President. What bridges the space between them? What makes a connection inevitable? There is a third line. It comes out of dreams, visions, intuitions, prayers, out of the deepest levels of the self.' A troubled adolescent endlessly riding New York's subway cars, Lee Harvey Oswald enters adulthood believing himself to be an agent of history. This makes him fair game to a pair of discontented CIA operatives convinced that a failed attempt on the life of the US president will force the nation to tackle the threat of communism head on. *Libra* is a gripping, masterful blend of fact and fiction, laying bare the wounded American psyche and the dark events that still torment it. 'An audacious blend of fiction and fact' *The Times*

Fidel Castro - Volker Skierka 2014-09-04

Fidel Castro is one of the most interesting and controversial personalities of our time - he has become a myth and an icon. He was the first Cuban Caudillo - the man who freed his country from dependence on the USA and who lead his

people to rediscover their national identity and pride. Castro has outlived generations of American presidents and Soviet leaders. He has survived countless assassination attempts by the CIA, the Mafia, and Cubans living in exile. He has become one of the greatest politicians of the 20th Century. His biography, and the history of his country exemplify the tensions between East and West, North and South, rich and poor. As Castro's life draws to a close, the question as to what will become of Cuba is more important than ever. Will Castro open Cuba to economic reform and democratization, or stick to his old slogan socialism or death? In this remarkable, up-to-date reconstruction of Castro's life, Volker Skierka addresses these questions and provides an account of the economic, social, and political history of Cuba since Castro's childhood. He draws on a number of little-known sources, including material from the East German communist archives on Cuba, which were until recently inaccessible. This is an exciting, painstakingly researched, and authoritative account of the life of one of the most extraordinary political figures of our time.

Red Heat - Alex von Tunzelmann 2012-09-13
America's secret war in the Caribbean during the Cold War is revealed as never before in this riveting story of the machinations and blunders of superpowers, and the daring of the mavericks who took them on. During the presidencies of Eisenhower, Kennedy and Johnson, the Caribbean was in crisis, while the United States and the USSR acted out the world's rising tensions in its island nations. Meanwhile the leaders of these nations - the charismatic Fidel Castro, and his mysterious brother Raúl; the ideologue Che Guevara; the capricious psychopath Rafael Trujillo; and François 'Papa Doc' Duvalier, a buttoned-down doctor with interests in Vodou, embezzlement and torture - had ambitions of their own. Alex von Tunzelmann's brilliant narrative follows these five rivals and accomplices from the beginning of the Cold War to its end. The superpowers thought they could use these Caribbean leaders as puppets, but what neither bargained on was that their puppets would come to life. The United States, in its all-consuming fight against communism, stumbled into one disaster after another. First, with the Bay of Pigs, and then

with the Cuban Missile Crisis, it helped bring the world as close to catastrophic nuclear war as it has ever been. Red Heatis an authoritative and eye-opening account of a wildly dramatic and dangerous era of international politics that has unmistakable resonance today.

Mortal Error - Bonar Menninger 2021-03-25
In 1967, a Baltimore man named Howard Donahue began investigating the assassination of President John F. Kennedy. Like countless Americans, Donahue was fascinated by the events in Dallas. But what separated him from other amateur sleuths-and even the Warren Commission's experts- was a lifetime's experience with guns and ballistics. In *Mortal Error*, Bonar Menninger chronicles Donahue's twenty-five-year investigation of President Kennedy's death, and the stunning revelation his work produced. In crisp, rapid-fire prose, Menninger relates one of the greatest true-life detective stories ever told. More importantly, he offers solutions to questions that have haunted America for more than 50 years. Complete with 15 forensic diagrams, photos and illustrations-including images from the crime scene and the president's autopsy-this thoroughly researched exposé delves deeply into every angle of the Kennedy assassina- tion. It examines the infamously controversial Warren Report, various the- ories surrounding the shooting, and previously undisclosed forensic and ballistic clues to build a case for the clearest, most plausible explanation yet about the events of that historic day in Dallas.

Die Autobiographie des Fidel Castro - Norberto Fuentes 2006

Cuban Studies 25 - Louis A. Pérez 1996-01-31
"Cuban Studies" has been published annually by the University of Pittsburgh Press since 1985. Founded in 1970, it is the preeminent journal for scholarly work on Cuba. Each volume includes articles in both English and Spanish, a large book review section, and an exhaustive compilation of recent works in the field.

Who Really Killed Kennedy? - Jerome Corsi 2021-04-12

Almost nothing gives rise to more national intrigue than the murder of an American president. And on November 22, 2013, the nation remembered the 50th anniversary of one

of the most traumatic events in modern American history, the assassination of President John F. Kennedy. From day one, the truth behind JFK's assassination has been mired in controversy and dispute. The Warren Commission, established just seven days after Kennedy's death, delved into the who, what, when, and where of the tragedy, and over the course of the following year compiled an 889-page report that arrived at the now widely contested conclusion: Lee Harvey Oswald was the sole assassin. In *Who Really Killed Kennedy?*, No. 1 New York Times best-selling author Jerome R. Corsi, Ph.D., provides readers with the ultimate JFK assassination theory book.

The Cuban Connection - Eduardo Sáenz Rovner 2009-06-01

A comprehensive history of crime and corruption in Cuba, *The Cuban Connection* challenges the common view that widespread poverty and geographic proximity to the United States were the prime reasons for soaring rates of drug trafficking, smuggling, gambling, and prostitution in the tumultuous decades preceding the Cuban revolution. Eduardo Saenz Rovner argues that Cuba's historically well-established integration into international migration, commerce, and transportation networks combined with political instability and rampant official corruption to help lay the foundation for the development of organized crime structures powerful enough to affect Cuba's domestic and foreign politics and its very identity as a nation. Saenz traces the routes taken around the world by traffickers and smugglers. After Cuba, the most important player in this story is the United States. The involvement of gangsters and corrupt U.S. officials and businessmen enabled prohibited substances to reach a strong market in the United States, from rum running during Prohibition to increased demand for narcotics during the Cold War. Originally published in Colombia in 2005, this first English-language edition has been revised and updated by the author.

European Elites and Ideas of Empire, 1917-1957 - Dina Gusejnova 2016-06-16
