The Sourcebook to Public Record Information - Peter Julius Weber  
2005-10

The Sourcebook to Public Record Information is the comprehensive guide to over 20,000 government agencies including county courts, county recording offices, state agencies and federal courts. Profiles include access procedures, access restrictions, fees, Internet addresses, phone numbers, street addresses and more.

*Criminal Law Series* - 2002

Petitions and briefs filed with the U.S. Supreme Court.

Voices from Criminal Justice - Heith Copes 2016-11-25

Voices from Criminal Justice, Second Edition, gives students rich insight into the criminal justice system from the point of view of practitioners, as well as outsiders—citizens, clients, jurors, probationers, or inmates.

These qualitative and teachable articles cover all three components of the criminal justice system, ensuring students will be better informed about the daily realities of criminal justice professionals in law enforcement, courts, and corrections. At the same time, the juxtaposition of insider and outsider views allows students to look beyond the actual content of the articles and develop their own views about the functions and flaws of the criminal justice system on a societal level. This innovative reader, now with seven new articles designed to stimulate discussions and promote critical thought, is perfect for undergraduate criminal justice courses in the United States, and has proven to be an effective companion or alternative to traditional introductory textbooks. Voices from Criminal Justice, Second Edition, also offers a framework for more advanced students in special issues or capstone courses to synthesize information from earlier courses and develop their own view of American justice.

**Sex Crimes** - Stephen T. Holmes 2008-06-18

A comprehensive survey of sex offenders and sexual offenses This succinct and highly accessible text provides a comprehensive overview of a wide range of sexual behaviors and sex crimes, thoroughly addressing criminal actions from "nuisance" sex crimes, such as voyeurism and exhibitionism, to the most extreme, including rape, sex crimes against children, lust and serial murders, and more. Including unique and engaging case studies and first-person accounts from sex offenders, *Sex Crimes: Patterns and Behavior, Third Edition* provides unique insight into sex crimes, deviance, and criminal behavior theory and analysis.

This engaging and easy-to-read text provides information on psychological profiling of sex offenders, the crimes they commit, the effects on their victims, and attempted treatments, in an engaging style that compels students to continue reading—even ahead of the syllabus. Key Features Two new chapters address Internet-related sex crimes and sexually motivated homicides Photos and tables have been updated to provide the most cutting-edge information and reflect the thorough updating the book throughout Other helpful pedagogical aids include case files and boxed news accounts that bring key concepts to life, and first-person accounts from sex criminals, medical and legal insights into the behaviors described A glossary of sexual behavior and related terms is provided at the back of the text Intended Audience Suitably brief to serve as a core text in conjunction with readings or as a supplement to another text, this provocative textbook will spark lively discussion in undergraduate courses such as Sex Crimes, Deviance, Criminal Behavior, and Violent Crimes in departments of criminology, criminal justice, sociology, social work, and counseling.

Legal Executions in Illinois, Indiana, Iowa, Kentucky and Missouri -

Daniel Allen Hearn 2016-02-17

In the five state region of Illinois, Indiana, Iowa, Kentucky and Missouri, 1027 men and women are known to have been legally hanged, gassed or electrocuted for capital crimes during the century after the Civil War.

Drawing on thousands of hours of research, this comprehensive record covers each execution in chronological order, filling numerous gaps in a largely forgotten story of the American experience. The author presents each case dispassionately with the main focus given to essential facts.

**Abortion Under State Constitutions** - Paul Benjamin Linton 2008

Whether a state constitution protects a right to abortion is significant for two reasons: First, it may determine whether the State has the authority to enact and enforce laws regulating abortion (e.g., laws mandating informed consent or requiring parental notice or consent) within current federal constitutional limits. Second, and more important, it will determine whether the State would have the authority to enact and enforce laws prohibiting abortion, if the Supreme Court overrules *Roe v. Wade* and returns the issue of abortion to the States. *Abortion under State Constitutions* is the first, full-length treatment of the subject to

appear in print. For each State, the author considers possible sources of a right to abortion in the state constitution (privacy, due process of law, equality of rights, equal protection, privileges and immunities, as well as other provisions); state court decisions interpreting those provisions; the relevant state constitutional history; pre-Roe prohibitions of abortion and their interpretation by state courts; post-Roe regulations of abortion; and what rights state law has conferred upon unborn children outside the context of abortion. Based upon the foregoing analysis, arranged topically within each State for ease of reference, the author concludes that thirteen state constitutions protect (or would be interpreted to protect) a state right to abortion that is independent of the right to abortion recognized in *Roe v. Wade*, while the supreme courts of the other thirty-seven States probably would not recognize a state right to abortion. Likely to become a standard reference work on the subject, *Abortion under State Constitutions* should be of interest not only to lawyers who litigate state abortion rights claims and judges who decide those cases, but to anyone on either side of the abortion debate who wants to have a better understanding of the status of abortion under state constitutions.

**Employment Law** - Timothy P. Glynn 2023-01-31

The purchase of this ebook edition does not entitle you to receive access to the Connected eBook on CasebookConnect. You will need to purchase a new print book to get access to the full experience including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources.

*Employment Law: Private Ordering and Its Limitations*, by Timothy Glynn, Charles Sullivan, Charlotte Alexander, and Rachel Arnow-Richman, is organized around the rights and duties that flow between parties in an employment relationship. Cases, detailed discussion of the facts, and accessible notes and problems examine the laws that are intended to balance the competing interests and contractual obligations of employers and employees. The note materials also encourage students to think critically and creatively about how best to protect the interests of workers or employers. Exercises in planning, drafting, advising, and

negotiating develop practice-ready transactional lawyering skills. New to the Fifth Edition: Important Supreme Court and lower court cases in key areas including the whistleblower and antiretaliation protections, workplace privacy and speech, antidiscrimination laws, disability and other accommodations, noncompetition agreements and intellectual property workplace health and safety, and mandatory arbitration clauses Addition of cases and note materials on hot topics including developments in competition law, new workplace legal issues and disputes arising from the COVID-19 pandemic, the scope of employment protections in the contemporary economy, workplace speech protections in a time of deep social and political conflict, the workplace implications of emergent communications and monitoring technologies, structural and unconscious bias in the workplaces, and innovations in accommodating workers' lives Updated practice-oriented problems and exercises Streamlined case and note editing Professors and students will benefit from: Comprehensive and deep coverage of key areas of workplace regulation Practical exercises in each chapter Note materials designed to provide both context and knowledge of emergent legal and social science scholarship Thematic consistency across chapters providing a unifying framework for the discussion of disparate topic areas

**State Legislative Responses to Violent Juvenile Crime** - Patricia M. Torbet 1998

*Sex Offender Registration and Community Notification Laws* - Wayne Logan 2021-06-17

This volume is the first comprehensive empirical examination of the premises and effects of sex offender registration and notification laws.

**Sex Offender Laws** - Dr. Richard Wright 2009-03-16

"This volume of readings provides an excellent source of information about sex offender laws and policies."--International Journal of Offender Therapy and Comparative Criminology "Sex Offender Laws...is a good source for balanced, objective, and thorough critique of our current sex offender policies as well as a source for accurate information about a

very heterogeneous population...The message that sexual abuse is often a multifaceted and complex issue and that policy based on quick fixes or knee jerk reactions do not often work will be informative and enlightening to many readers." --Sex Roles "[T]his fine book by Richard Wright and his distinguished collaborators provides the evidence that wise policy-makers would want to consider. It covers every major field of research concerning sex offenders and sexual offenses and provides evidence of bad practices and policies. Intellectually honest politicians should read this book." --Michael Tonry, LL.B, Professor of Law and Public Policy University of Minnesota Law School (From the Foreword) In response to many high-profile cases of sexual assault, federal and state governments have placed a number of unique criminal sanctions on sex offenders. These include residency restrictions, exclusionary zones, electronic monitoring, and chemical castration. However, the majority of sex offender policies are not based on empirical evidence, nor have they demonstrated any significant reductions in offender recidivism. In fact, some of these policies have unintended consequences, which actually increase the likelihood of sexual offenses. In this book, Wright critically analyzes existing policies, and assesses the most effective approaches in preventing sex offender recidivism. This provocative and timely book draws from the fields of criminal justice, law, forensic psychology, and social work to examine how current laws and policies are enacted and what to-date is known about their efficacy. The team of expert contributors includes Karen Terry, author of *Sexual Offenses and Offenders*, and others who bring a wealth of insight to the field of sex offense. In response to the failed policies of sex offender laws, this book presents alternative models and approaches to sex offense laws and policies. Wright also explores critical, cutting-edge topics, such as internet sexual solicitation, the death penalty, and community responses to sex offense. Key Features: An introduction and overview of the history of sex offender laws Analyzes the role of the media in sex offense and sex offender policies Examines the political "untouchability" of sex offender laws and their adverse effects Features interviews with victims of sexual assault, investigating their points of views on what kinds of reforms need

to be made to sex offender laws Thought-provoking and insightful, Sex Offender Laws serves as a vital resource for policy makers, researchers, and students of criminal justice, law, and social work.
