

# Sexual Ideology And Schooling Toward Democratic Sexuality Education

[Sexuality Education \[4 volumes\]](#) - Elizabeth Schroeder 2009-04-30

An exemplary team of professionals provides a comprehensive look at sex education, the heated debate over federal controls, current research and practice, programs, politics, legislation, and cultural and religious issues related to sex and sexuality education. In the groundbreaking *Sexuality Education: Past, Present, and Future*, the history, practices, and politics of sexuality education are explained. Respected educators, counselors, and therapists marshal both research and educated opinion to offer insights into exactly what is meant by "sex education," what the various approaches are, what "age appropriate" lessons are supported by most professionals, and the impact of government policies. Noting that the need for sexuality education has expanded to adults, from new parents to senior citizens, this unique work also takes readers into classrooms and makes them privy to conversations representing everyone from elementary school students to nursing home residents. These comments reveal the range of unanswered questions about sex—questions that are important for psychological, as well as physical health. In addition, the contributors explore ongoing issues in sexuality education, such as how to present "culturally competent" lessons that include consideration of race, ethnicity, gender, religion, and sexual orientation. The experts also examine sexuality education in other countries, the challenges those countries face, and their victories over unplanned pregnancy and STDs in the global effort to preserve sexual health.

**Understanding Human Sexuality** - Janet Shibley Hyde 2004

*Encyclopedia of Diversity in Education* - James A. Banks 2012-05-24

Presents research and statistics, case studies and best practices, policies and programs at pre- and post-secondary levels. Prepub price \$535.00 valid to 21.07.12, then \$595.00.

**Atlantis** - 2007

[Rampage Violence Narratives](#) - Kathryn E. Linder 2014-04-24

Springfield. Columbine. Sandy Hook. Each school shooting in the United States is followed by a series of questions. Why does this happen? Who are the shooters? How can this be prevented? Along with parents, school officials, media outlets, and scholars, popular culture has also attempted to respond to these questions through a variety of fictional portrayals of rampage violence. *Rampage Violence Narratives: What Fictional Accounts of Rampage Violence Say about the Future of America's Youth* offers a detailed look at the state of youth identity in American cultural representations of youth violence through an extended analysis of over forty primary sources of fictional narratives of urban and suburban/rural school violence. Representations of suburban and rural school shootings that are modeled after real-life events serve to shape popular understandings of the relationship between education and American identity, the liminal space between childhood and adulthood, and the centrality of white heterosexual masculinity to definitions of social and political success in the United States. Through a series of "case studies" that offer in-depth examinations of fictional depictions of school shootings in film and literature, it becomes clear that these stories are representative of a larger social narrative regarding the future of the United States. The continuing struggle to understand youth violence is part of an ongoing conversation about what it means to raise future citizens within a cultural moment that views youth through a lens of anxiety rather than optimism.

**Youth, Education, and Sexualities: K-Z** - James Thomas Sears 2005  
Featuring more than 200 entries, this work is an authoritative source for educators, researchers and students seeking an understanding of lesbian, gay, bisexual, and transgender (LGBT) youth. This work examines policy, practice and research concerning youth who are often the victims of bullying and harassment.

**Critical Sexual Literacy** - Gilbert Herdt 2021-08-03

This book is a new and exciting resource for teachers, students, and activists who aim to critically examine contemporary sexuality through the lens of sexual literacy and situated social analysis. This original anthology provides shorter cutting-edge essays on theory, method, and activism, including the nature of globalization and local sexuality

discovered in 'glocal' topics, processes and contexts. Within the anthology, students, educators, practitioners, and policy makers will find critical conversations regarding a wide array of sexual topics that impact our world currently. These cutting-edge essays inform readers of key moments in sexual history, including areas relating to research, practice and social policy, and provide a platform from which to engage in rich discussion and forecast the development of sexual literacy in our world within multiple contexts.

**Sexual Ideology and Schooling [microform] : Toward a Democratic Philosophy of Sexuality Education** - Alexander McKay 1997

**Journal - Association Canadienne Pour la Santé, L'éducation Physique, Le Loisir Et la Danse** - 1999

**Faith, Family, and Freedom** - Eve Marie D'Onofrio 2004

**Taking Sides** - Stephen Satris 2003

A debate-style reader provides an introduction to each moral issue covered, followed by two arguments presenting opposing viewpoints on the topic.

**Progressive Sexuality Education** - Mary Lou Rasmussen 2015-10-05

This book engages contemporary debates about the notion of secularism outside of the field of education in order to consider how secularism shapes the formation of progressive sexuality education. Focusing on the US, Canada, Ireland, Aotearoa-New Zealand and Australia, this text considers the affinities, prejudices, and attachments of scholars who advocate secular worldviews in the context of sexuality education, and some of the consequences that ensue from these ways of seeing. This study identifies and interrogates how secularism infuses progressive sexuality education. It asks readers to consider their own investments in particular ways of thinking and researching in the field of sexuality education, and to think about how these investments have developed and how they shape existing discourses within the field of sexuality education. It hones in on how progressive sexuality education has come to develop in the way that it has, and how this relates to conceits of secularism. This book prompts a consideration of how "progressive" scholarship and practice might get in the way of meaningful conversations with students, teachers, and peers who think differently about the field of sexuality education.

[Sexuality in the New Millennium](#) - Emil Man-Lun Ng 2000

**Dissertation Abstracts International** - 2007

**American Educational Research Association Annual Meeting Program** - American Educational Research Association 2000

[No More Gods and Monsters](#) - Yingkun Zhang 2005

**Sexuality Today** - Gary F. Kelly 2004

Balances the psychological, biological/physiological, and social elements of human sexuality, integrating the research findings and social trends. Presenting various sides of controversial topics in a neutral voice, here, students are trusted to weigh the facts with their own ideas and the views of others in a class.

*Resources in Education* - 1998

[Sexual Ideology and Schooling](#) - Alexander McKay 1998-01-01

Presents a comprehensive analysis of the debates surrounding sexuality education in the schools and examines their implications for the content of educational programs.

*Touchy Subject* - Lauren Bialystok 2022-12-23

"In the United States, sex education is more than just an uncomfortable rite of passage, it's an amorphous curriculum that varies widely based on the politics, experience, resources, and biases of the people teaching it. Most often, it's a train wreck, overemphasizing or underemphasizing STIs, teen pregnancy, abstinence, and consent. In *Touchy Subject*, philosopher Lauren Bialystok and historian Lisa M. F. Andersen make the

case for thoughtful sex education, explaining why it's worth fighting for and which kind most deserves our fight, despite all the inconveniences and compromises along the way. They argue that democratic and humanistic aims can be used to provide the tools to reason about the content and form of sex education. In practice, this amounts to a curriculum that meets what are currently considered highly comprehensive standards, incorporates ethics and civics education, and

substantially modifies some aspects of teacher training and school design; it also assigns different responsibilities to different actors inside and outside schools, and it responds to the salient features of young people's evolving worlds, including the inequities that put some students at much higher risk of sexual harm than others. Throughout their inquiry, the authors show the reader how sex education has progressed and how the very concept of "progress" remains contestable"--
