The Truth about Lies in the Workplace - Carol Kinsey Goman 2013-06-03
You Work with a Bunch of Liars—Learn What to Do About It Sure, everyone tells little white lies now and then, but real deception in the workplace is a poison that can destroy relationships, careers, and companies. Carol Kinsey Goman, a leading workplace body language expert, combines her own experiences with the latest research to identify fifty subtle physical and vocal cues that will enable you to spot destructive workplace lies. She analyzes the role we play in supporting lies—how our own vanities, desires, self-deceptions, and rationalizations allow us to be duped. And once you detect a lie, she provides tactical advice on how to respond, whether the liar is above, below, or on the same level as you—even if it's your boss.

Prescription for an Ailing World - Wayne Allen 2017-09-29

In 1924, an Australian minister observed that while the world may be getting better off, the world is not getting better. Almost one hundred years have passed and little has changed. No doubt people today are healthier and wealthier than ever before. But people do not seem to be any more virtuous. New technologies have changed the way people live, but violence, torture, terrorism, cruelty, deception, dishonesty, and disrespect continue to threaten how well people live. Wayne Allen argues that while humanity may be ailing, it is not beyond treatment and cure. By embracing ten essential principles rooted in the Bible and putting them into practice it is possible to make people better. Allen takes the reader through a tour of the sad state of moral health of humanity and suggests a remedy. With remarkable humor and sharp insight, Allen will bring readers to an appreciation of how the world can be transformed.

The Liar in Your Life - Robert Feldman 2009-08-03

In *The Liar in Your Life*, psychology professor Robert Feldman, one of the world's leading authorities on deception, draws on his immense body of knowledge to give fresh insights into how and why we lie, how our culture has become increasingly tolerant of deception, the cost it exacts on us, and what to do about it. His work is at once surprising and sobering, full of corrections for common myths and explanations of pervasive oversimplifications. Feldman examines marital infidelity, little

white lies, career-driven resumé lies, and how we teach children to lie. Along the way, he reveals—despite our beliefs to the contrary—how it is nearly impossible to spot a liar (studies have shown no relationship between nervousness, lack of eye contact, or a trembling voice, and acts of deception). He also provides startling evidence of just how integral lying is to our culture; indeed, his research shows that two people, meeting for the first time, will lie to each other an average of three times in the first ten minutes of a conversation. Feldman uses this discussion of deception to explore ways we can cope with infidelity, betrayal, and mistrust, in our friends and family. He also describes the lies we tell ourselves: Sometimes, the liar in your life is the person you see in the mirror. With incisive clarity and wry wit, Feldman has written a truthful book for anyone whose life has been touched by deception.

We Were Liars - E. Lockhart 2014-05-15

The TikTok phenomenon and #1 New York Times bestseller. A beautiful and distinguished family. A private island. A brilliant, damaged girl; a passionate, political boy. A group of four friends—the Liars—whose friendship turns destructive. A revolution. An accident. A secret. Lies upon lies. True love. The truth. *We Were Liars* is a modern, sophisticated suspense novel from New York Times bestselling author, National Book Award finalist, and Printz Award honouree E. Lockhart. Read it. And if anyone asks you how it ends, just LIE. Don't miss *FAMILY OF LIARS*, the thrilling prequel to *We Were Liars* - out now!

The Curious Incident of the Dog in the Night-time - Mark Haddon 2010-01-26

Winner of the Whitbread Book of the Year 'Outstanding...a stunningly good read' Observer 'Mark Haddon's portrayal of an emotionally dissociated mind is a superb achievement... Wise and bleakly funny' Ian McEwan *The Curious Incident of the Dog in the Night-Time* is a murder mystery novel like no other. The detective, and narrator, is Christopher Boone. Christopher is fifteen and has Asperger's Syndrome. He knows a very great deal about maths and very little about human beings. He loves lists, patterns and the truth. He hates the colours yellow and brown and being touched. He has never gone further than the end of the road on his

own, but when he finds a neighbour's dog murdered he sets out on a terrifying journey which will turn his whole world upside down.

Comparative Dispute Resolution - Maria F. Moscati 2020-12-25

Comparative Dispute Resolution offers an original, wide-ranging, and invaluable corpus of chapters on dispute resolution. Enriched by a broad, comparative vision and a focus on the processes used to handle disputes, this study adds significantly to the discourse around comparative legal studies. Chapters present new understandings of theoretical, comparative and transnational dimensions of the manner in which societies and their legal systems respond to difficulties in social relations.

Why We Lie - David Livingstone Smith 2007-08-07

Deceit, lying, and falsehoods lie at the very heart of our cultural heritage. Even the founding myth of the Judeo-Christian tradition, the story of Adam and Eve, revolves around a lie. We have been talking, writing and singing about deception ever since Eve told God, "The serpent deceived me, and I ate." Our seemingly insatiable appetite for stories of deception spans the extremes of culture from King Lear to Little Red Riding Hood, retaining a grip on our imaginations despite endless repetition. These tales of deception are so enthralling because they speak to something fundamental in the human condition. The ever-present possibility of deceit is a crucial dimension of all human relationships, even the most central: our relationships with our very own selves. Now, for the first time, philosopher and evolutionary psychologist David Livingstone Smith elucidates the essential role that deception and self-deception have played in human--and animal--evolution and shows that the very structure of our minds has been shaped from our earliest beginnings by the need to deceive. Smith shows us that by examining the stories we tell, the falsehoods we weave, and the unconscious signals we send out, we can learn much about ourselves and how our minds work. Readers of Richard Dawkins and Steven Pinker will find much to intrigue them in this fascinating book, which declares that our extraordinary ability to deceive others--and even our own selves--"lies" at the heart of our humanity.

Secrets and Lies - Jane Isay 2014-01-07

By the author of *Walking on Eggshells*, a compellingly readable journey into the realm of family secrets, offering lessons and insights for those who are hiding the truth and those who discover what has long been hidden. Secrets, large and small, are a fact of human life. This book explores the impact of keeping secrets and the power of truth. Secrets can damage our sense of self and our relationships. Even so, Jane Isay has found, people survive learning the most disturbing facts that have been hidden from them. And secret keepers are relieved when they finally reveal themselves—even the things they are ashamed of—to the people they care about. Much depends, Isay writes, on the way of telling and the way of hearing. Jane Isay was both a secret finder and a secret keeper. After fifteen years of marriage her husband admitted he was gay, but together they decided to keep it a secret for the sake of their two sons. Building on her personal experience, sixty intimate interviews, and extensive research into the psychology of secrets, Isay shows how the pain of secrets can be lightened by full disclosure, genuine apology, and time. Sometimes the truth sunders relationships, but often it saves them. Powered by detailed stories and Isay's compassionate analysis, *Secrets and Lies* reveals how universal secrets are in families. The big ones—affairs, homosexuality, parentage, suicide, abuse, hidden siblings—can be ruinous at first, but the effects need not last forever, and Isay shows us what makes the difference. With specific guidelines for those who keep secrets and those who find them out, Isay's book reveals the art of surviving a secret.

Duped - Jeffrey Kottler 2011-01-19

In this book, Jeffrey Kottler and Jon Carlson turn their well-polished therapy microscopes onto the subjects of lying, falsehood, deceit, and the loss of trust in the counseling room. What do clients lie about and why? When do therapists mislead or withhold information from their clients? What does it all mean? In their exploration of this taboo material, the authors interview and share stories from dozens of their peers from all practice areas and modalities and ranging from neophytes to established master practitioners. Their stories and reflections cast some light on this

fascinating topic and will help to start a more honest dialogue about difficult subject matter.

Why Leaders Lie - John J. Mearsheimer 2013

Presents an analysis of the lying behavior of political leaders, discussing the reasons why it occurs, the different types of lies, and the costs and benefits to the public and other countries that result from it, with examples from the recent past.

Chasing the Wind - Neil H. Williams 2021-11-12

Chasing the Wind covers a variety of ideas from Christianity, science, philosophy, ethics, and psychology. It starts with Socrates's statement, "an unexamined life is not worth living" and asks how we might go about discovering what is a worthwhile life and what might motivate us to live such a life. It is a vast topic that is narrowed down to two principal areas: (1) a focus on relationships, which are central to providing fulfillment, worth, and purpose to our lives; and (2) an interaction with Christianity, which claims to have answers as to what is a worthwhile life. In summary, this book is a dialog between these two questions: What is a good life, and how does Christianity help or hinder such a life?

Change the Narrative: How Reading 100 Books in a Year Changed Mine - Elliot Yi 2019-09-23

A journey that started without the intention of a transformation results in seismic change and growth. Buckle in take a wild ride down the path of creating habits and changing mindsets.

365 Powerful Ways to Influence -

Lying - Sam Harris 2013-10-23

As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In *Lying*, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies

we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

Spy the Lie - Mike Floyd 2012-07-19

'The authors ... are generous with their tips for a successful interrogation' The Sunday Times Identify the signs Ask the right questions Get to the truth Spy the Lie is a fascinating study of deception and a comprehensive lesson in how to identify and combat it. Featuring case studies based on the authors' real-life experiences in the field - involving 'turned' assets, KGB moles and criminal government officials - it reveals the methodology developed and used by the CIA to detect deception in the realms of counterterrorism and criminal investigation, and shows you how you can apply these techniques in your daily life. Whether hiring a new employee, investing money, knowing whether your boss is being straight with you, or finding out what your kids have been up to, this ingenious book will enable you to identify deceptive behavior in all its forms, and show you the techniques that will help you reach the truth.

The Lying Life of Adults - Elena Ferrante 2021-09-21

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post * O, The Oprah Magazine * TIME Magazine * NPR * Financial Times * New York Post * Kirkus Reviews * Harper's Bazaar AN INSTANT NEW YORK TIMES BESTSELLER * A NATIONAL INDIE BESTSELLER In this powerful novel set in a divided Naples by Elena Ferrante, the New York Times best-selling author of *My Brilliant Friend*, fourteen-year-old Giovanna is searching for her reflection in two kindred cities that fear and detest one another: Naples of the heights, which wears a mask of refinement, and Naples of the depths, a place of excess and vulgarity, where her guide is the unforgettable Aunt Vittoria. With this new novel about the passage from childhood to adolescence to adulthood, Ferrante gives her readers another gripping, highly addictive, Neapolitan story. "Another spellbinding coming-of-age tale from a master."--People Magazine

Social Beings - Susan T. Fiske 2018-08-14

It is a nearly universal truth that people need people; humans have adapted to life with other humans, and the interactions and relationships that result are the most relevant adaptation environment. This book explores the core motives and goals that shape these interactions with others, with the self, and collectively as a group; in other words, "Why do people do what they do?" A brief overview of the field's unifying themes—belonging, understanding, controlling, enhancing self, and trusting—gives way to a detailed exploration of the human condition as well as the techniques used to study and understand it. By delving into the motivations behind attraction, helping, bias, persuasion, aggression, and more, this book helps students grasp the complex interplay of internal and external cues and influences that inform every interaction. An emphasis on real-world applications relates social psychology principles to everyday life, and this latest revision has been updated with the most recent research and trends to provide an accurate picture of the state of the field. Blending traditional topics with new developments in an informal, readable style makes this the ideal text to ignite students' deeper interest and full engagement with social psychology concepts.

You Can't Lie to Me - Janine Driver 2012-08-28

Janine Driver was trained as a lie detection expert for the ATF, FBI, and the CIA and is a New York Times bestselling author (*You Say More Than You Think*). Now she makes a powerful and incontrovertible declaration: *You Can't Lie to Me*. Driver—who is known in professional circles as "the Lyin' Tamer" and has demonstrated her world-renowned expertise on such programs as *The Today Show*, *The Dr. Oz Show*, and *Nancy Grace*—now offers readers essential tools that will enable them to detect deceptions, recognize a liar, and ultimately improve their lives. For readers of *Never Be Lied to Again* by David Lieberman and anyone worried about the possibility of cheating partners, devious co-workers, lying employees, or ubiquitous con men, *You Can't Lie to Me* will help you uncover the truth in any situation while giving you the skills you need to keep yourself happy, your family safe, and your business protected.

Radical Honesty: How to Transform Your Life by Telling the Truth - Brad Blanton 2005

This new edition of the source book for the whole Radical Honest movement includes Brad's accumulated observations since of 1994 of those people whose lives have been transformed by getting out of the self-made jails of their minds into the truth they have always known.

Liespotting - Pamela Meyer 2010-07-20

GET TO THE TRUTH People--friends, family members, work colleagues, salespeople--lie to us all the time. Daily, hourly, constantly. None of us is immune, and all of us are victims. According to studies by several different researchers, most of us encounter nearly 200 lies a day. Now there's something we can do about it. Pamela Meyer's *Liespotting* links three disciplines--facial recognition training, interrogation training, and a comprehensive survey of research in the field--into a specialized body of information developed specifically to help business leaders detect deception and get the information they need to successfully conduct their most important interactions and transactions. Some of the nation's leading business executives have learned to use these methods to root out lies in high stakes situations. *Liespotting* for the first time brings years of knowledge--previously found only in the intelligence community, police training academies, and universities--into the corporate boardroom, the manager's meeting, the job interview, the legal proceeding, and the deal negotiation. WHAT'S IN THE BOOK? Learn communication secrets previously known only to a handful of scientists, interrogators and intelligence specialists. *Liespotting* reveals what's hiding in plain sight in every business meeting, job interview and negotiation: - The single most dangerous facial expression to watch out for in business & personal relationships - 10 questions that get people to tell you anything - A simple 5-step method for spotting and stopping the lies told in nearly every high-stakes business negotiation and interview - Dozens of postures and facial expressions that should instantly put you on Red Alert for deception - The telltale phrases and verbal responses that separate truthful stories from deceitful ones - How to create a circle of advisers who will guarantee your success
