The Kama Sutra Vatsyayana The Kama Sutra (Sanskrit: pronunciation, Kāmasūtra) is an ancient Indian Sanskrit text on sexuality, eroticism and emotional fulfillment in life. Attributed to Vātsyāyana, the Kama Sutra is neither exclusively nor predominantly a sex manual on sex positions, but written as a guide to the "art-of-living" well, the nature of love, finding a life partner, maintaining one's love life, and other aspects pertaining to pleasure-oriented faculties of human life. Kamasutra is the oldest surviving Hindu text on erotic love. It is a sutra-genre text with terse aphoristic verses that have survived into the modern era with different bhasya (exposition and commentaries). The text is a mix of prose and anustubh-meter poetry verses. The text acknowledges the Hindu concept of Purusharthas, and lists desire, sexuality, and emotional fulfillment as one of the proper goals of life. Its chapters discuss methods for courtship, training in the arts to be socially engaging, finding a partner, flirting, maintaining

power in a married life, when and how to commit adultery, sexual positions, and other topics. The majority of the book is about the philosophy and theory of love, what triggers desire, what sustains it, and how and when it is good or bad. The text is one of many Indian texts on Kama Shastra. It is a much-translated work in Indian and non-Indian languages. The Kamasutra has influenced many secondary texts that followed after the 4th-century CE, as well as the Indian arts as exemplified by the pervasive presence Kama-related reliefs and sculpture in old Hindu temples. Of these, the Khajuraho in Madhya Pradesh is a UNESCO world heritage site. Among the surviving temples in north India, one in Rajasthan sculpts all the major chapters and sexual positions to illustrate the Kamasutra. According to Wendy Doniger, the Kamasutra became "one of the most pirated books in English language" soon after it was published in 1883 by Richard Burton. □ 55% OFF for Bookstores! NOW at \$ 24.97 instead of \$ 33.97! □ Do you want to know everything about Kama sutra? Your Customers Will Never Stop To Use This Amazing Guide! In this book, we'll explore the ideas of Kama Sutra and discover how it can re-connect you with one another, through that invisible umbilical cord that mutually and continually feeds you and your relationship. We'll find out how that existing connection can be the source of renewed sexual joy in your relationship; how it can make the difference between a long-term live-in friendship, and a vibrant, life-long sexual relationship between committed lovers and partners. Being in a committed, loving relationship always seem so easy and natural when we first set our feet on the path. Hand in hand, we walk into the future as a couple, swept away in our love for one another; believing that "forever" isn't such a long time in the company of the one we adore. But life in a long-term romantic relationship isn't as easy as many of us

have been led to believe. It's not just about the compromise, listening and understanding. Let's be honest and admit that it's also about the sex. Sexuality in a long-term relationship or marriage can dwindle over the years. If we have children, their arrival can change the nature of our sexuality. First and foremost is the inevitable transformation of our roles from life-long lovers to parents and guardians. There's also the stress of child-rearing. The baby who won't go to sleep. The dirty nappies. The shift of focus from each other to the new life that demands our care and attention. Some say sexuality between long-time partners can be re-ignited by "spicing things up". Costumes, saucy talk and sex aids can come into play to perhaps make things more fun. But what's really at the basis of your love? What's really the true cornerstone of your relationship? Is there something deeper you can draw on as a resource to lift up your sexuality and make it as enduring as the love your share? It can be hard to believe that your sex life can be improved and

changed by words written in a text, but it can. In fact, improving your sex life can be done without help at all, but you need to know yourself 100% if you ever expect to please someone else (inside and outside of the bedroom). There are so many ways in which each of us are pleased via sexually. Finding out what pleases each and every one of us is the difficult part. The Kama Sutra states that all of us can find pleasure and desire in one another, but only if certain factors are taken into account. This book covers: Is Sexual Compatibility important? Overcome sexual anxiety, shyness and insecurity Turn a boring relationship in an exciting couple game The Top sexual fantasies revealed How to create the right intimacy The best sex positions for couples Increase sexual passion with dirty sexy games Top foods to enhance stamina and libido in your sex With this book, you will be able to identify and implement steps that will change the way you look at yourself, life and sex. You will feel born again with the willingness and

want to change or start anew. Having a great sex life isn't just a fairytale or something you see in movies or pornography. our relationship and experiences with pleasure, in addition to being an important contributor to our romantic needs. It is also the most practical method by which we usually bring forward future generations of our kind. The way, techniques and concepts regulating sexual contact between the human race, however, have changed significantly over those thousands of years, and beyond our earlier comprehension. For instance, as recently as in the 1940s, it would have been offensive for a girl to publicly flirt a bikini or jean that reveals her butt's crease-line or even to wear a blouse that exposes much of her cleavage in public. Each man and woman today treat oral, anal and other forms of sex as a natural item and appropriate for their mutual pleasure. Additionally, sexual positions and role handling in bed is also a must, as nowadays it is said to be effective in helping to give both partners the gratification needed that can lead to an orgasm or some form of sexual climax that satisfies each other. All these several

variables are arising directly from the rapid evolution of sexual practices over the years. In spite of our cultural habits, values and spiritual upbringings, we are now all caught up one way or the other in this human evolution. And those who live with the false believe this development does not affect their relationship or sex life, would have discovered sooner or later that they are nothing more than a silent sexual frustration and boredom to their bedroom partner. This book covers: Tantric sex How tantric massage should be performed Practicing tantric 12 benefits of tantric sex practices The basics of tantric sex What is the kama sutra? phenomenon, technological advances in videography, animation, and internet communication have made it quite easy for people to know more about sexual satisfaction, and to communicate with other people who have the same sexual desires, thousands of miles away and without much effort. The now easy access to quality porn videos, pornography blogs, online sex dating, Twitter and other popular social networks has exposed mankind to a multitude of sexual practices and innovations throughout the world, breaking down cultural and other barriers that would have previously held back one's understanding of the level at which sex has developed since. Nevertheless, though new forms of sexual pleasure have changed, there is still a large section of women and men intentionally trapped in traditional sexual activities that often harm their relationships and marriages. **Sex Positions for Couples** - Nicole Williams  
2020-05-20

Do you want to learn how to revitalize your sex life with the best positions for couples, improve your intimacy for a better sexuality without sexual taboos.? If yes, then keep reading... Sexual desire, sex is a cosmic power that allows us to fulfill our destiny. There is no love between two people, in a couple, that is not followed by sexuality and physical attraction. What really ties a man and a woman together is not just affection, but mainly sexuality, desire and

attraction. The latter are the true pivot of the bond and give meaning to the life of the couple. Why is it important to have sex in a couple? We have sex, we make love for our metamorphosis, to evolve. And we can evolve only if we live the sexual desire to the full, as a transforming force, which brings us to our individual and couple realization. Having sex is good for love and, therefore, you have to do it always better, make it more appetizing and interesting. For example, by experimenting with various sexual positions, we can stimulate the sexual nerve centers and enhance our own and partner's eroticism. Of course, the imagination and creativity of the couple's members are indispensable, as is the predisposition of the couple to experimentation and participation. Through these elements, you can have a very fulfilling sex life. **The Sexology(kamasutra)** - Razzab Ali Shaikh  
2014-10-26

In the literature of all countries there will be  
found a certain number of works treating  
especially of love. Everywhere the subject is  
dealt with differently, and from various points of  
view. In the present publication it is proposed to  
give a complete translation of what is considered  
the standard work on love in Sanscrit literature,  
and which is called the Vatsyayana Kama Sutra',  
or Aphorisms on Love, by Vatsyayana. While the  
introduction will deal with the evidence  
concerning the date of the writing, and the

commentaries written upon it, the chapters  
following the introduction will give a translation  
of the work itself. It is, however, advisable to  
furnish here a brief analysis of works of the  
same nature, prepared by authors who lived and  
wrote years after Vatsyayana had passed away,  
but who still considered him as the great  
authority, and always quoted him as the chief  
guide to Hindoo erotic literature. Besides the  
treatise of Vatsyayana the following works on  
the same subject are procurable in India: The  
Ratirahasya, or secrets of love The Panchasakya,  
or the five arrows The Smara Pradipa, or the  
light of love The Ratimanjari, or the garland of  
love The Rasmanjari, or the sprout of love The  
Anunga Runga, or the stage of love; also called  
Kamaledhiplava, or a boat in the ocean of love.  
The author of the Secrets of Love' was a poet  
named Kukkoka. He composed his work to  
please one Venudutta, who was perhaps a king.  
When writing his own name at the end of each  
chapter he calls himself Siddha patiya pandita',

i.e. an ingenious man among learned men. The work was translated into Hindi years ago, and in this the author's name was written as Koka. And as the same name crept into all the translations into other languages in India, the book became generally known, and the subject was popularly called Koka Shastra, or doctrines of Koka, which is identical with the Kama Shastra, or doctrines of love, and the words Koka Shastra and Kama Shastra are used indiscriminately. The work contains nearly eight hundred verses, and is divided into ten chapters, which are called Pachivedas. Some of the things treated of in this work are not to be found in the Vatsyayana, such as the four classes of women, the Padmini, Chitrini, Shankini and Hastini, as also the enumeration of the days and hours on which the women of the different classes become subject to love, The author adds that he wrote these things from the opinions of Gonikaputra and Nandikeshwara, both of whom are mentioned by Vatsyayana, but their works are not now extant.

It is difficult to give any approximate idea as to the year in which the work was composed. It is only to be presumed that it was written after that of Vatsyayana, and previous to the other works on this subject that are still extant. Vatsyayana gives the names of ten authors on the subject, all of whose works he had consulted, but none of which are extant, and does not mention this one. This would tend to show that Kukkoka wrote after Vatsya, otherwise Vatsya would assuredly have mentioned him as an author in this branch of literature along with the others.

[Foucault and the Kamasutra](#) - Sanjay K. Gautam  
2016-06-22

Gautam has here laid out the first serious reading of Michel Foucault in relation to key Sanskrit texts, and--what may be a surprise to many--he has written the first book-length work in English on the nature and origin of the Kamasutra. Gautam also takes up the Natyasastra (the Kamasutra's twin), locating in the first the themes of sexual-erotic pleasure, and locating in the second the classical Indian view of theater, music, dance, and aesthetic pleasure. The book shows how closely intertwined the history of erotics in ancient Indian culture is with the history of theater-aesthetics. Foucault provides a framework for opening up the intellectual horizon of Indian thought; it is his distinction between ars erotics (erotic arts) and scientia sexualis (science of sexuality) that fuels Gautam's exploration of the courtesan as symbol of both erotic and aesthetic pleasure, particularly in her role as a wife to her patron, which entails the morphing of erotics into a form of theater. The scope broadens

ambitiously, to an inquiry on the nature of knowledge formation, erotics, theater, and gender relations in premodern Indian society and culture--as they converged on the historical figures of the courtesan and her male counterpart, the dandy. Gautam's twining of aims and subjects--Foucault's western philosophy of pleasure and India's classic text on eros (anchored in art and aesthetics)--transforms both the modern and the ancient texts with new understandings, and as new forms of investigating erotics and subjectivity itself.

Are you looking for a complete guide on kama sutra? Do you want to discover how to perform great tantric sex? Then keep reading... Sex is not only important, but it is fundamental. For Maslow, when he elaborates his famous pyramid of basic needs of individual, he puts sex at the base of needs of person, together with nutrition, breathing, sleep and homeostasis. Maslow

includes sex in the same range of primary needs because, according to his theory, it is linked to conservation instinct. Without satisfying these needs, including sexual needs, it will be impossible to move on to the levels considered "existential" such as security, belonging, esteem and self-fulfillment. Tantric sex is an old Hindu practice that has been in existence for a very long time and signifies the intertwining and extension of vitality. It is a moderate type of sex that is said to build closeness and make a mind-body association that can prompt ground-breaking climaxes. If that sounds confounding, consider it along these lines - if fast in and out sex is what could be compared to a takeaway, tantric sex is a happy moment, gradually and affectionately arranged and even more sweet because of the waiting. Tantric sex is beneficial for you if... IF YOU ARE LOOKING FOR A COMPLETE GUIDE ON TANTRIC SEX AND KAMASUTRA, THEN KEEP READING... The evolution of sex since the beginning of our life thousands of years ago, sex has always been a crucial part of our relationship and experiences with pleasure, in addition to being an important contributor to our romantic needs. It is also the most practical method by which we usually bring forward future generations of our kind. The way, techniques and concepts regulating sexual contact between the human race, however, have changed significantly over those thousands of years, and beyond our earlier comprehension. For instance, as recently as in the 1940s, it would have been offensive for a girl to publicly flirt a bikini or jean that reveals her butt's

crease-line or even to wear a blouse that exposes much of her cleavage in public. Each man and woman today treat oral, anal and other forms of sex as a natural item and appropriate for their mutual pleasure. Additionally, sexual positions and role handling in bed is also a must, as nowadays it is said to be effective in helping to give both partners the gratification needed that can lead to an orgasm or some form of sexual climax that satisfies each other. All these several variables are arising directly from the rapid evolution of sexual practices over the years. In spite of our cultural habits, values and spiritual upbringings, we are now all caught up one way or the other in this human evolution. And those who live with the false believe this development does not affect their relationship or sex life, would have discovered sooner or later that they are nothing more than a silent sexual frustration and boredom to their bedroom partner. This book covers: Tantric sex How tantric massage should be performed Practicing tantric 12

benefits of tantric sex practices The basics of tantric sex What is the kama sutra? Benefits of kama sutra Kama sutra preparation and steps Kama sutra sex positions for ultimate pleasure and gratification Tantric techniques for addressing common mishaps in sex More than just sex Some helpful exercises Sparking the energy - how to suggest something new to your partner ...And much more Although sexual evolution would probably have been a natural phenomenon, technological advances in videography, animation, and internet communication have made it quite easy for people to know more about sexual satisfaction, and to communicate with other people who have

the same sexual desires, thousands of miles away and without much effort. The now easy access to quality porn videos, pornography blogs, online sex dating, Twitter and other popular social networks has exposed mankind to a multitude of sexual practices and innovations throughout the world, breaking down cultural and other barriers that would have previously held back one's understanding of the level at which sex has developed since. Nevertheless, though new forms of sexual pleasure have changed, there is still a large section of women and men intentionally trapped in traditional sexual activities that often harm their relationships and marriages.
