Death Takes a Bow - David S. Pederson

Alan Keyes takes a break from his police duties to scratch his acting itch in a local stage production. But when the leading man is murdered during the opening night performance, his partner Detective Heath Barrington is thrust into the limelight to find the killer. Alan soon learns the theater has a deadly past and ghostly forebodings, including a telegram that seems to have come from the beyond. Among the large cast of suspects is Oliver Crane, the director whose finances depend on the success of this play, Jazz Monroe, Milwaukee's sweetheart with a secret, and the handsome actor Henry Hawthorne, who has designs on Alan. When Alan seems to return Henry's attentions, Heath must put his jealousy and insecurities aside to determine what's real, what's illusion, and who's acting and who's telling the truth before death takes a bow. Young and In Love? - Gary Garth McCann

2018-10-16

Cal State engineering student Hardy tries not to repeat all the mistakes of his gay-supportive but womanizing father. Hardy is too young for a husband, but not too young to fall for bi Tom, or out Brad, or to move in with Sebastien, a French visiting economics professor who surprises Hardy by not taking him along to Paris for the summer—perhaps because Sebastien has a secret boyfriend? In Sebastien's absence, Hardy works as a barista and turns to online hookup Dick, who is obviously not who he says he is, yet inspires in Hardy the fantasy of being husbands. Guru Gobind Singh resonate, "When all peaceful means have been exhausted it is just to draw the sword." The Game of Love describes the tears, torture and sacrifices of Sikhs. The readers will decide if these warriors are termed freedom fighters, insurgents, militants, revolutionaries or Saints. This edition is updated with new content and design.

The Game of Love in Georgian England -
Sally Holloway 2019

Courtship in Georgian England was a decisive moment in the life cycle, imagined as a tactical game, an invigorating sport, and a perilous journey across a turbulent sea. This volume brings to life the emotional experience of courtship using the words and objects selected by men and women to navigate this potentially fraught process. It provides new insights into the making and breaking of relationships, beginning with the formation of courtships using the language of love, the development of intimacy through the exchange of love letters, and sensory engagement with love tokens such as

flowers, portrait miniatures, and locks of hair. It also charts the increasing modernization of romantic customs over the Georgian era - most notably with the arrival of the printed valentine's card - revealing how love developed into a commercial industry. The book concludes with the rituals of disintegration when engagements went awry, and pursuit of damages for breach of promise in the civil courts. The Game of Love in Georgian England brings together love letters, diaries, valentines, and proposals of marriage from sixty courtships sourced from thirty archives and museum collections, alongside an extensive range of sources including ballads, conduct literature, court cases, material objects, newspaper reports, novels, periodicals, philosophical discourses, plays, poems, and prints, to create a vivid social and cultural history of romantic emotions. The book demonstrates the importance of courtship to studies of marriage, relationships, and emotions in history, and how we write histories of

emotions using objects. Love emerges as something that we do in practice, enacted by couples through particular socially and historically determined rituals.

they mean? The bloody "W," the green spool of thread grasped in the dead man's hand, the newspaper left at the doorstep: they all lead down a strange and winding road of mystery and danger. As Heath and Alan work together to solve the case, they encounter various and

eccentric suspects, old friends, and a hostile Chicago Detective, Marty Wilchinski, who doesn't like Milwaukee police involved in a Chicago crime. Forced to act on their own, out of their jurisdiction, they race against time to find the killer before Wilchinski files the case closed.
