

# Ways Of Making A Relationship Last

**Eight Dates** - John Gottman 2019-02-05

Strengthen and deepen your love with a fun, ingenious program of eight life-changing conversations—on essential topics such as money, sex, and trust—from two of the world’s leading marriage researchers and clinicians. Navigating the challenges of long-term commitment takes effort—and it just got simpler, with this empowering, step-by-step guide to communicating about the things that matter most to you and your partner. Drawing on forty years of research from their world-famous Love Lab, Dr. John Gottman and Dr. Julie Schwartz Gottman invite couples on eight fun, easy, and profoundly rewarding dates, each one focused on a make-or-break issue: trust, conflict, sex, money, family, adventure, spirituality, and dreams. Interactive activities and prompts provide motivation to stay open, stay curious, and, most of all, stay talking to each other. And the range—from the four skills you need for intimate conversation (including Put Into Words What You Are Feeling) to tips on being honest about your needs, while also validating your partner’s own emotions—will resonate, whether you’re newly together or a longtime couple looking to fortify your bond. You will discover (or rediscover) your partner like never before—and be able to realize your hopes and dreams for the love you desire and deserve.

**The Seven Principles for Making Marriage Work** - John Gottman, PhD 2015-05-05

NEW YORK TIMES BESTSELLER • Over a million copies sold! “An eminently practical guide to an emotionally intelligent—and long-lasting—marriage.”—Daniel Goleman, author of Emotional Intelligence The Seven Principles for Making Marriage Work has revolutionized the way we understand, repair, and strengthen marriages. John Gottman’s unprecedented study of couples over a period of years has allowed him to observe the habits that can make—and break—a marriage. Here is the culmination of that work: the seven principles that guide couples on a path toward a harmonious and long-lasting relationship. Straightforward yet profound, these principles teach partners new approaches for resolving conflicts, creating new common ground, and achieving greater levels of intimacy. Gottman offers strategies and resources to help couples collaborate more effectively to resolve any problem, whether dealing with issues related to sex, money, religion, work, family, or anything else. Packed with new exercises and the latest research out of the esteemed Gottman Institute, this revised edition of The Seven Principles for Making Marriage Work is the definitive guide for anyone who wants their relationship to attain its highest potential.

**A Book About Love** - Jonah Lehrer 2016-07-12

“Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all.” —David Brooks, The New York Times Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer’s A Book About Love plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it’s easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of “falling” in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.

**The Dirty Half Dozen** - William Nagler 2001-03-15

Everyone wants to have a nurturing, happy, working union with a spouse or loved one—but time after time,

it can fail, fall flat, or not live up to expectations. Now, after surveying more than 30 years of psychiatric literature and submitting more than 1,000 relationship studies to computer analysis, a renowned psychiatrist offers a provocative new theory for successful, long-lasting love.

**The New Psychology of Love** - Robert J. Sternberg 2018-12-06

This is a much-needed update on the latest theory and research on love supplied by leading scientific experts. It is suitable for psychologists, neuroscientists, anthropologists, sociologists, and anyone with an interest in love and what has been learned from scientific studies of it.

**Love & What It Takes to Make a Relationship Work** - WILSON ERUEMULOR 2023-08-12

Love is what makes life worth living. It is the foundation of our relationships and our connection to the world around us. It brings us joy, happiness, and fulfillment, and it has a positive impact on our physical and mental well-being. Whether it is romantic love, familial love, or the love we have for our friends and ourselves, love is the one thing that we all need. Without love, life loses its meaning and direction. So let's nurture the love in our lives and cherish the people who make us feel loved and valued.

**Get Over Yourself!** - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to

maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.

**I Want This to Work** - Elizabeth Earnshaw 2023-06-13

A contemporary, culturally inclusive, and easy-to-digest relationship book for the modern age Today's generation is changing the rules about committed relationships—and looking to create more meaning within their lives. We are more selective before getting married, with more diverse families and family structures, and we've seen a significant drop in divorce rates. In this new environment, what couples need more than ever are effective, flexible tools to communicate, navigate hard times, and create deeper connections with each other. Renowned Gottman therapist Elizabeth Earnshaw has helped to transform countless relationships. With *I Want This to Work*, she presents her most timely and proven steps for relationship success. "We're in a cultural moment," she says, "where people are hungry to absorb the principles for healthy relationships. This book answers that call." Here, couples will learn how to work with the three challenges they must tackle to repair and strengthen their relationships: conflict, healing, and connection. In a supportive and relatable voice, Elizabeth simplifies complex concepts and provides core insights, exercises, and reflections to take these tested principles from the page and into real life. Culturally tuned in, LGBTQIA+ friendly, and written for both married and unmarried couples, this new paperback edition of *I Want This to Work* brings us an accessible guide to relationship healing and creating enduring intimacy.

**How to Do Relationships** - Anjula Mutanda 2013

Relationships. What makes them work, what gets in the way and how do you create a lasting and meaningful relationship? Whatever background or culture you come from, we all need to feel loved and accepted. Starting at the early days of meeting 'the one' and progressing through moving in, meeting family and friends, marriage or civil partnerships, choosing whether to have children and growing old together, 'How to Do Relationships' will support you through your entire relationship journey.

[What Makes Love Last?](#) - John Gottman 2013-09-10

"One of the foremost relationship experts at work today applies the insights of science toward understanding the real meaning of trust between a couple. He decodes the "why" behind betrayal and shows how partners can avoid or recover from unfaithfulness and maintain a loving relationship. Dr. John Gottman, the country's pre-eminent researcher on marriage, is famous for his Love Lab at the University of Washington in Seattle where he deciphers the mysteries of human relationships through scientific research. His thirty-five years of exploration have earned him numerous major awards, including from the National Institute of Mental Health, the American Psychological Association, and the American Association for Marriage and Family Therapy. Now, Dr. Gottman offers surprising findings and advice on the characteristic that is at the heart of all relationships: Trust. Dr. Gottman has developed a formula that precisely calculates any couple's loyalty level. The results determine a relationship's likely future, including the potential for one or both partners to stray. *A Love You Can Trust* shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Roach Motel for Lovers." He describes how the outcome of—"sliding door moments," small pivotal points between a couple, can lead either to more emotional connection or to discontent. He suggests a new approach to handling adultery and reveals the varied and unexpected non-sexual ways that couples often betray each other. *A Love You Can Trust* guides couples through an empirically tested, trust-building program that will let them repair and maintain a long-term, intimate, and romantic relationship"--

**Better Love Next Time** - J. M. Kearns 2010-03-16

Better Love Next Time offers help in coping with the pain and heartache of a bad breakup, but more than that, it reveals how to overcome the lingering damage that a broken relationship can leave behind - how to heal your romantic soul. J.M. Kearns presents a simple (and entertaining) way to diagnose what went wrong, so history won't have to repeat itself, and explains how to decode the "guide to compatibility" written in your own past. Witty, frank, and full of real-life stories, Better Love Next Time ensures that when you do find a new love, you will arrive whole, renewed, and empowered to make it the one that lasts. In Better Love Next Time, J.M. Kearns discusses: how to deal with the "wall of pain" that is a broken heart, and what is waiting beyond the wall why "falling in love" too often doesn't lead to love; and how to change that how our attempts to avoid being cheated on again can make us choose exactly the wrong partners the real key to faithfulness in a partner the surprising toll that cheating takes on the cheater how a mismatch can trick you into feeling inadequate how to replace what you've lost after a breakup how good matches go bad - the ultimate scoop on how to make your next (good) match last. "Read it, people. J.M. Kearns's new book called Better Love Next Time... The book's main premise is that people often repeat the same mistakes in successive relationships, but if you can diagnose what really went wrong with your exes, you can have better relationships in the future." — Erin Meanley, Glamour.com "If you're searching for love, then you should start with this refreshingly intelligent and insightful dating guide." —Shari Low, Daily Record "Self-help books often make me skittish - but not this one. Kearns's advice is sound and good: he tells us to look inward, to be honest with ourselves, to stay the course. A chapter called How Good Matches Go Bad is, alone, worth the book's price...He says our demons will invariably rise up and try to disrupt ...It's important

to learn to step back when you sense trouble 'and ask yourself, who is talking here?' Are there old grudges in play? Old hurts stinging? False lessons echoing that have nothing to do with the two of you?" —Susan Schwartz, Montreal Gazette

[The Delicate Science of Making Love](#) - Brian Nox 2018-10-15

Declutter Your Love Life and Go From Falling to Not Failing in Love Why is love so elusive? Why can it be there one day and gone the next? Why does everything change for some people as soon as they move in together, get married, or have children? Why do people who seem so right for each other fall out of love without warning? Or is there a warning? Is there a science, an art behind all of this? How do couples that stay madly in love for decades, truly until death does part them, do it? Figuring this out has been my mission ever since I was a young boy, given that my parents had a very unstable relationship with more yelling than your average death metal concert. Nevertheless, I didn't

**Beyond Order** - Jordan B. Peterson 2021-03-02

The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.
