

What Do You Find Attractive In A Woman

The Attraction Blueprint - Dawn Peters

2020-06-24

Attraction is nature's strong force that enabled our ancestors to mate with each other to produce offspring. If the force of attraction were not strong enough, they would have been too busy trying to survive and forget to create offspring. This same powerful force of attraction still drives men and women to mate with each other. Yet, most men find it difficult to attract women. The specific attributes that trigger attraction has remained the same despite the change in civilization and culture. Yet, most men do not understand attraction; they follow what seems rational, and even what women say they like in a man doesn't attract them. Attraction is a biological impulse, and hence, it's not controlled by the rational mind. When a man sees the attractive traits he finds in a woman, he cannot choose his reaction to it. Similarly, when a woman sees a man with the attractive traits she desires, she cannot choose her reaction to it. That's why women are attracted to jerks. Even though these men behave unscrupulously, they have the traits that naturally attracts women, more than nice men do. So, women are attracted to these men, over the nice men. Women are attracted to masculine men, and jerks possess masculine traits more than the nice men do. Most men have long lost touch with their masculinity and hence, struggle with their lives. However, this book helps to develop the masculine traits that make a man achieve success, and therefore, get women as a byproduct of his success in life. The book is divided into three parts PART 1: Understanding Attraction. This part will explain the nuance of attraction and how men and women have adopted different sexual selection strategies to ensure they optimize the survivability of their genes. A Woman'S Guide to the Male Mind - Sam

Geraldo 2011-01-14

A Womans Guide to the Male Mind is the indirect result of a blog that I wrote in 2005 How Do You Tell If a Guy Fancies You? The article was so popular, receiving more than 70 replies from women with lots more questions, that I launched my web site www.seducemen.co.uk. Since then, most of the advice Ive given in hundreds of published articles was based on my own experiences and those of my friends. To write the book, however, I adopted a more scientific approach. I performed a significant amount of research into recent discoveries by anthropologists, sociologists, psychologists and biochemists on topics ranging from basic sexual attraction to personality type and male/female communications strategies. Its my belief, therefore, that A Womans Guide to the Male Mind features the best of two worlds: common sense opinions backed by solid empirical evidence. By helping ladies understand the male

point of view with regard to sex, dating and relationships; I hope to eliminate the senseless conflicts that so often erupt between lovers and would-be lovers. Once you understand a few fundamentals about the male mind and male behaviour, you will stop thinking of men as inscrutable blockheads and primitive misfits. You will no longer regard them as you would a small, nasty child or an alien race. Arming yourself with the wisdom in this book, you'll increase your odds of finding happiness and harmony in romantic relationships, and you will help ensure that this bliss lasts a lifetime. By the time a man reaches maturity, he has passed through four evolutionary stages in his attitude toward women and relationships. It's very important to understand and identify these four stages, because it will save you from wasting time on guys who aren't ready for serious romance.

It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. degrading cultural winds that continue to divide men and women.

Think and Get Laid - Dominic Mann

2016-06-19

Everything society tells us about attracting women is completely wrong. Think and Get Laid changes that. Think and Get Laid gets to the very core of instinctive attraction, past all the misleading fluff that society and the mainstream media tell us. Broken down into simple components, filled with clear examples, and backed up by countless studies, Think and Get Laid will guide you out of the false beliefs hurting your success with women and show you what women are biologically wired to find attractive. Men today lack success with women because they simply do not know or understand what women are attracted to. Unlike conventional dating advice, Think and Get Laid focuses on natural attraction and what causes attraction on an instinctive level. Not on what women claim they want ("I just want a nice guy!") or what males in general believe women want ("Women only want men with money and cars!"). The focus on natural attraction means that what you learn works on all women in all situations, no matter age, nationality or the type of relationship you want. What you learn in Think and Get Laid is universal. Women don't choose to feel attraction. Attraction is not a choice, and Think and Get Laid reveals what all women are naturally hardwired to respond to. The keys essential to unlocking female attraction revealed in this book are so universal that they'll work amazingly whether you want an impressive string of one night stands, true love, abundant casual sex without commitment, or just a sexy girlfriend. Inside, you'll find no fake, gimmicky, manipulative tricks, lines or routines, only the powerful psychology of attraction that you can use to dramatically upgrade your love life today. Make Him Love and Admire - Kimberly Lechter 2022-09-04

The Irresistible Qualities Men Search For In Women A quality man who knows what he wants will not be content with having a meaningful relationship with any woman. A man like this wants a woman who exudes high character. As beautiful as she may be on the outside, he wants her inner worth far greater than the women around her. Once a woman passes a man's "appearance" test for his personal taste, her intrinsic worth (or lack thereof) loses or retains his interest in her. Learning how to get a man interested in you is as simple as figuring out what a man wants when choosing a partner for a long-term relationship. Sadly, many women are either disqualified from engaging with exceptional men, or they only seem to attract losers, gamers, and time-wasters because they fail to develop the inner qualities of great men who actively seek out potential wives or girlfriends. What qualities do men actually seek in women they want to date? Every woman occasionally wonders what qualities a man looks for in a woman. What is the key to magnetism and attraction? Even if physical beauty is important to men, the answer goes beyond that. The real solution has to delve into what men are actually looking for in long-term (and short-term) partners (and both!). It may surprise you to know why certain women arouse strong feelings in men while others do not. Maybe you think you're dating men who aren't really interested in you, and you're trying to figure out what will make him feel more passionate and "into" you. All of this brings up the main issue: what do men really want? In this book, you will discover What do men find attractive in women? The attractive qualities of a woman Things men want more of (besides hot sex) How to keep him faithful to you And Many More useful information you can get in this book Click the "Add to Cart" button, and grab your copy today!
