You have nothing to lose; if you don't ask, the answer is always no. Every day, as consumers we are bombarded by vendors with questions. These questions entice us to purchase additional services or spend more on a product. What would happen if we started asking our own questions to vendors, friends or acquaintances that would allow us to receive better services, additional products or save time and money without compromise? You will discover that by asking simple everyday questions (ones we often hear from the uninhibited mouths of our children) to asking more complex questions, we can live a more enjoyable life by getting more of what we want more often!

[Finding Happily; No Rules, No Frogs, And No Pretending](#) - Collette Gee
2021-08-22

After Collette Gee found herself in another failed relationship she began researching every dating and relationship book on the market. She researched lessons on how to make it past the first date, what to say and not to say, how to dress and when and how to ration out the first kiss. Book after book were filled with detailed instruction on how to be and how not to be. The more she read and compared notes, the stronger these questions became: When is it okay to stop pretending? Do we ever get to just be themselves? In this cutting-edge book, *Dating and Relationship Specialist*, Collette Gee reveals the true meaning behind living "happily ever after". "Most dating and relationship books advise women to follow every tip and trick out there in order to 'capture the heart' of Mr. Right," says Collette. "But, the truth is, when it comes to dating and relationships 'happily ever after' is not an ending; it's a journey." If you are ready to rethink dating and relationships and find love under your own terms, then this book is for you. If you are ready to stop doing "the rules," kissing frogs and pretending to be someone you are not, then this book is for you. This is the last dating and relationship book you will ever need! This is not another one of those dating and relationship how-to-guide that over promises, but under deliver. Instead, what this book offers that no other book does is a deeper introspection as to what real relationships look like. "While life can be challenging; dating and relationships don't have to be." Therefore, what you will not find in this book are cookie-cutter instructions on how to "catch and keep a man." Instead through the series of stories outlined in this book you will learn how to develop your own unique successful approach to dating and relationships.

The Book of Questions - Gregory Stock 2013-09-10

The phenomenon returns! Originally published in 1987, *The Book of Questions*, a New York Times bestseller, has been completely revised and updated to incorporate the myriad cultural shifts and hot-button issues of

the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings

and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
