Female-Led Relationship Guide - Conner Hayden 2020-01-06

The #1 thing men secretly desire of women, yet typically won't admit it. Are you the one who likes to be in control, especially when it comes to making decisions for you and your partner? Do you and your significant other naturally fall into the dominant female and submissive male roles in your relationship, yet do not feel as if you utilize this couple dynamic to its fullest potential? Have you heard of or seen your friends in a female led relationship, the idea peaking your interest, but do not know how to implement this lifestyle into your own daily routine? Through years on end, men have always been the dominant one in relationships, telling the woman what to do, taking care of finances, and typically taking the lead in the bedroom. Because women are quickly becoming more and more aware of the influence they can have on the world and thus breaking out of their shells, female led relationships are becoming increasingly popular in today's modern times, and for a good reason. According to Her Way, having the woman be the dominant partner in a relationship has many benefits, some of which include: A better sex life Improved communication Less pressure on the man to make sure his wife or girlfriend is happy Increased satisfaction in the relationship A relationship based on female dominance isn't solely about the control, but also about how it sets a stronger foundation for both sides of the party. In Female Led Relationship Guide, you will discover: Why a female led relationship doesn't necessarily mean BDSM, and how you

can make it work for both you and your partner
The key to finding the right balance between the dominant and submissive, and if it's even possible How this couple dynamic can be the solution to intimacy issues, as well as build the foundation for a healthy relationship The #1 thing you must do before beginning a female led relationship, or else it will do you and your partner more harm than good The major topics of concern to address with your significant other, and how to go about discussing them The shocking reason why men seek out dominant women to take charge in a relationship -- it may not be what you think! The varying degrees of dominance that can cater to anyone's comfort zone and lifestyle And much more. Don't worry, if you and your partner are interested in adopting a relationship built on female dominance but don't want this aspect of your life to be public, you don't have to. How you approach this lifestyle is completely up to you, whether it be something you do only behind closed doors or something you carry out regardless of where you are. Ladies, even if you're unsure about being the dominant one in the relationship and don't know if it suits your personality, the degree in which you dominate your partner depends on your wants and needs. Female led relationships aren't black or white, you can easily form your own perfect combination that will satisfy any and all of your desires. How To Set Up An FLR - Georgia Green 2013-06-06

'How To Set Up An FLR' is a straight forward, no nonsense book that tells it like it is. Georgia Ivey Green (also known as Mistress Ivey) tells her readers the truth about Female Led Relationships instead of feeding their fantasies like so many others have done in the past. She talks about real life and how to implement a female led relationship that fits you in real life, not in some fantasy you may have picked up from the Internet. Couples gain the knowledge to avoid common pitfalls and ease into an FLR where both parties can feel comfortable. She takes the fantasy out and puts the reality in. 'How To Set Up An FLR' was originally a highly successful ebook for your favorite e-reader. Now it is available in paperback so you can hold it in your hand, write comments and notes in the margins, or quickly access any page for the information you need. There are many sections that you will want to refer back to for years to come. This book is invaluable to those wishing to establish a successful female led relationship. It will guide couples just starting out as well those who may have tried to set up an FLR before and failed. It covers such things as approaching your partner, creating an agreement, limits, and, yes, even cuckolding. If you have ever thought about converting your relationship to an FLR, then you really ought to read this book first. It could save your relationship.

A Woman's Guide to a Female Led Relationship - Victoria West 2017-01-05

I am writing this book for the woman who is interested in being in a Female Led Relationship. It is for the women who is at her wits end and is

tired of the same old thing with the same men. She is tired of being an object in her relationship. She is tired of not getting satisfied in bed. She is tired of "sleeping on the wet spot" while her lover rolls over and falls asleep. She is tired of being overlooked and taken for granted. This is not a book of erotic titillating stories.

While in later chapters I will give you a variety of ideas to take "erotic control" of your partner, my primary purpose is to give you a realistic illustration as to what to expect and think about when you are in a relationship like this. We have all dated that guy who wanted sex all the time and was really kinky in the bedroom. The kind of guy that wants to do it in the back yard while you're wearing a red satin teddy or a guy who wants to watch while you are pleasuring yourself with your magic vibrating egg. But a Female Led Relationship is more than just kinky sex. It's actually a very small part of it. It is first and foremost a relationship between two consenting adults. It isn't just one or two steamy and kinky moments of passion. It's a way of living. It's a lifestyle with the woman at the helm.

Queendom - Marisa Rudder 2021-10
Even Marisa Rudder, the author of the world's bestselling Love & Obey Female Led Relationship book series, writing a good sequel can be daunting. Especially, when the author must top her previous bestselling books Love & Obey and Real Men Worship Women. How can you do that without rehashing old points, how do you make it "bigger and better" and continue redefining male and female led relationships and sexuality. Queendom | The Ultimate Guide to a Female Led Relationship is a sequel that is better than the original and builds on what Marisa's readers already know and enjoy about the Love & Obey Female Led Relationship book series. Marisa throws her readers into a series of daunting new questions that challenge their beliefs in old school "Femdom" and forces us to evolve. Marisa casts new light and even infuses humor into some traditionally dark and sado-masochistic subjects and she ends up bringing a new poignancy to the modern loving female led relationship. Surrender, Submit, Serve Her. - Key Barrett 2016-12-22

What is 'Female Leadership'? It's accepting that 'She knows best' in all matters. From the finances to the household to how best to accomplish long-term goals. It's trusting in Her judgement to run things and embracing 'Her

way'. This doesn't make the man weak, just the opposite, because men are the best at 'getting things done' when the task is clearly defined but difficult to do. A Female Dominant Household plays to both side's strengths and minimizes weaknesses, leading to Female empowerment, greater satisfaction in the relationship, trust, bonding and yes, mind-blowing sex. Surrender, Submit, Serve Her seeks to help implement your Female Led household through tools like the Command and Conquer meeting (commanding and conquering tasks and roadblocks, not people), laying out the contract of servitude (clearly defining her dominion and removing unnecessary confusion) and crafting your own pledge that personalizes and empowers the act of his submission. Surrender, Submit, Serve Her has been nominated for the BDSM Writers Con 2017 Golden Flogger Awards for BEST BDSM Book of the Year in the Non-fiction category. Updated for 2018! Better formatting and new content.

A Modern Couple's Guide to Female-Led Relationships - Mistress Dede 2015-02-08

Nowadays many people are becoming more and more aware to the concept that not all

relationships are the same. What works for some people certainly does not suit others. Love and affection need not be confined to labels and strict definitions, because the spectrum of what constitutes a relationship is broader than many people imagine. The foundation of a great relationship is built on a solid platform comprised of love, trust, respect and above all, communication. But there are so many different ways of expressing these things, and no relationship is "one size fits all." For many people, the phrase "traditional relationship" conjures an image of a subordinate woman, with the man ruling the roost. While this is no longer seen as an absolute standard, it still has resonance with lots of people. And while a large majority of people prefer a more egalitarian approach to relationships, that doesn't work for everyone either. Female led relationships are often misunderstood, but are more common than you might think. In this type of relationship, the woman is the dominant partner and her partner is the willing subordinate. We'll be exploring the dynamics of this type of relationship in this guide, and the various aspects and benefits it has to offer. You may find yourself more intrigued than ever before.
