This is the new edition of the award-winning guide to social justice education. Based on the authors' extensive experience in a range of settings in the United States and Canada, the book addresses the most common stumbling blocks to understanding social justice. This comprehensive resource includes new features such as a chapter on intersectionality and classism; discussion of contemporary activism (Black Lives Matter, Occupy, and Idle No More); material on White Settler societies and colonialism; pedagogical supports related to "common social patterns" and "vocabulary to practice using"; and extensive updates throughout. Accessible to students from high school through graduate school, *Is Everyone Really Equal?* is a detailed and engaging textbook and professional development resource presenting the key concepts in social justice education. The text includes many user-friendly features, examples, and vignettes to not just define but illustrate the concepts. "Sensoy and DiAngelo masterfully unpack complex concepts in a highly readable and engaging fashion for readers ranging from preservice through experienced classroom teachers. The authors treat readers as intelligent thinkers who are capable of deep reflection and ethical action. I love their comprehensive development of a critical social justice framework, and their blend of conversation, clarity, and research. I heartily recommend this book!" —Christine Sleeter, professor emerita, California State University Monterey Bay
