A Tiger's Tale - Lisa Oliver 2017-03-14
A Tiger's Tale Arrowtown Series #1 (M/M, Shifters, true mate, MPREG, HEA) Seth Carmichael never did anything wrong, but instead of working at the local library, he was running for his life. His herd was hunting him and with few resources, Seth's options were fading fast. Until, that is, he heard the rumble of a motorcycle. Peeking through the tree he was hiding in, he couldn't believe his eyes. Had salvation come in the form of a badass biker? Ra (no last name and proud of it) was a tiger on a mission. He'd scented his mate and then the little rabbit ran away before his teeth could

engage. Ra heard the gossip around Arrowtown; he knew his mate was a hunted man. But if the sweet man was on the run, he needed someone to look after him; Ra figured he was the right man for the job. A meeting, a mating and yet another meeting. What should have been a straight forward relationship turned into so much more on their very first outing as a mated couple. Now Ra has to count on the strength of his mate and the help of his friends, if he and Seth are ever to have the HEA they'd planned for. And what was with all these Fae turning up out of the blue? Warning: Contains a tiger who keeps putting his foot in it; a tiny lop-eared

rabbit who is stronger than he looks and a bunch of friends who'll hide a body, no questions asked.

Dragon's Tears - Lisa Oliver 2020-04-14

Byron Hollingsworth was an emotional wreck and after ranting at his younger brother Samuel, and calling his brother's impending offspring an abomination, now everyone else knew how unstable Byron was too. It's not as though he hadn't tried to be the perfect son, brother, and cousin. He tried to keep his affliction hidden from others. But the painful truth was now out for everyone to see - Byron ached for the mate he'd seen once more than ten years before and that loss had affected every area of his life. And then, just when he thought things couldn't get any worse, someone delivers a package to Byron's house that changes the course of his entire life. Ivak Sellivik, bastard son of the Ice Dragon King, was known as "Ice" for good reason. Heartless, ruthless, and dangerous, he traveled the world, focusing on the important things in life like making money and ridding the

world of paranormal criminals. He knew he had a fated mate - he'd even seen him once.

However, meeting his fated mate face to face was something he could do after he retired, and he told himself he was happy to wait until then. That was, until he gets a frantic call from his brother. Sometimes plans need to be flexible and a person has to understand that wants and needs are two different things. When Byron gets taken, Ice must decide if he wants a mate in his life at all, or risk losing his forever. But he has to decide quickly, because his enemies are closing in on all sides, and Byron's not the only one in their sights. Throw in a summons from the Ice Dragon King and things get really hectic. Will Ice and Byron have time for an HEA, even if they do decide to try for one together? Dragon's Tears is an MM fated mates, mpreg story that includes scenes of violence and intimate acts intended for adults only.

Pack series. Pack enforcer, Marius Reef has a lot on his mind. Life in Cloverleah has been quiet for months; giving him too much time to think. He still suffers nightmares from his father's abuse decades ago and now his brothers are mated, he is struggling to find and keep his place in the pack. Determined to be useful, his waking hours are spent patrolling the pack's territory but at night his dreams are haunted by a hunky blond, so perfect he couldn't exist in real life. As the Battle Lord for his people, Cathair is used to being sent from the elven realm to dispel injustices found on many realms including earth. Guided by the Seers, he's never questioned his assignments before. But when his father, the High Elder insists he must take a message to a tiny pack in the middle of nowhere, and actually stay with them, he puts up a token protest. His place was on the elven realm, wasn't it? Prophecies and kidnappings, the evil that stalks Cloverleah is getting closer and all will be affected. Plagued with troubles and

misunderstandings on both realms, Marius and Cathair must forge a bond or the whole pack could be lost. But when trouble comes from one of their own, the two men reach a crossroads. Will they choose the right path or will the fate of the Cloverleah pack be doomed? This is an M/M story that includes some violence, references to past abuse and a scene of attempted rape (not between MCs). Like all of my books, it has an HEA, no cheating and no cliffhanger. However, the epilogue sets the scene for the next book in the series. This book is part of a series and while this story is based on one couple and is complete in itself; to appreciate the over-arching story line and the stories behind the secondary characters, reading the previous books in order is advised.

his two mates. He'd thought a lot of the smaller wolf at one time. All he had was the company of his two brothers, and endless patrols trying to keep the Cloverleah pack lands safe. A trip to Claude's with his brothers one night has some unexpected, but pleasant consequences, and after an initial misunderstanding, Adair is suddenly thrust into the world of magic, and the demands of a relationship. Vassago's never had a chance to be proud of who he was. As the second son of the king of the djinn, and being a lot smaller than his father or brother, Vassago spent a lot of time on the human realm, avoiding his family and those who had nothing better to do than bully him. After spending a horrible nine months trapped in Jake Poindexter's body, he knew he had to find his potestatem before he could claim his mate. Unfortunately, that was easier said than done. When help is offered, he's hesitant to take it, but the lure of finally being in his mate's arms was too strong to ignore. The troubles hitting Cloverleah are falling thick and

fast. Insane plans of wiping out all paranormal life isn't confined to a few errant humans. It'll take the steadfast nature of a wolf shifter, who still has a habit of saying the wrong thing, and the magic of a djinn who's struggling to believe in himself, before these two will find their HEA. Warning: Contains M/M adult content. If this isn't your preference, please don't buy. All of the books in the Cloverleah Pack series can be read as standalone. However, to fully appreciate the relationships between secondary characters, it might be wise to read the series in order.

Home is Where the Heart Is - Lisa Oliver

Home is Where the Heart Is... The final book in the Cloverleah Pack series. All Cloverleah Pack Enforcer Wesley (Wes) wanted the night he went out, was to have a few drinks, maybe find some company, and try and forget his worries and

insecurities for few hours. The drinks flowed and he found the company; a gorgeous man with a mysterious scent, who seemed to completely understand the anger, shame, and jealousy Wesley was hiding from his pack mates. Unfortunately, Wesley didn't understand how badly he'd been conned until he woke up the next morning alone in a cave. Fast forward months later and Wesley discovered the wards that had held him captive from day one had suddenly disappeared. Not one to dither when a chance to escape presented itself, Wesley set off, sometimes on two feet and sometimes on four... looking for a way out of a barren realm that held nothing but red sand and black rocks. Cass enjoyed being a demon from a large family. The Underworld was good to him; he had a job, a house, and he didn't lack for company. Unfortunately, his carefree attitude tended to get him into trouble at times and when his brother Myka insisted on him paying back a "favor" he'd incurred through a badly placed bet, Cass had no choice but to agree. It sounded

simple enough. Meet with the snobby and reclusive members of the Cloverleah Pack, find out about a missing wolf, and then search for that wolf in the Underworld. Cass figured he could be home in time for his mama's Sunday dinner. Finding Wesley wasn't the problem, but Wesley had stumbled onto a situation of his own he couldn't leave. What was worse, was when Cass was forced to tell Wesley about why no one from his pack had been looking for him before, Wesley knew he had no way of ever going back to the life he had. The fact that Cass and Wesley were fated mates was hard to celebrate as Wesley tried to cope with the loss of his pack status and the implications of his current situation. Meanwhile, the men from Cloverleah were coming to terms with some home truths of their own. The thought of having to see Wesley again, and actually apologize for thinking he'd sunk so low as to try and destroy a mating, was too hard for some pack members to face. This in turn causes issues between those who struggled and

those who believed in the bonds of a pack. Serious soul searching was needed if the men were ever going to understand that the only powers worth trusting were unconditional love and acceptance. This book is not a standalone. It is the fifteenth and final book in the series (Thirteen full novels and two compilations of short stories). It is recommended that you have read at least the last three books before reading this one. The Cloverleah Pack Series Book 1 - The Reluctant Wolf - Kane and Shawn Book 2 - The Runaway Cat - Griff and Diablo Book 3 - When No Doesn't Cut It - Damien and Scott Book 3.5 - Never Go Back - Scott and Damien's Trip and a free story about Malacai and Elijah Book 4 - Calming the Enforcer - Troy and Anton Book 5 - Getting Close to the Omega - Dean and Matthew Book 6 - Fae for All - Jax, Aelfric and Fafnir (M/M/M) Book 7 - Watching Out for Fangs - Josh and Vadim Book 8 - Tangling with Bears - Tobias, Luke and Kurt (M/M/M) Book 9 - Angel in Black Leather - Adair and Vassago Book 9.5 -

Scenes from Cloverleah - four short stories featuring the men we've come to love Book 10 - On the Brink - Teilo, Raff and Nereus (M/M/M) Book 11 - Don't Tempt Fate - Marius and Cathair Book 12 - My Treasure to Keep - Thomas and Ivan

My Treasure to Keep - Lisa Oliver 2018-06-28 Thomas, paid enforcer in the Cloverleah Pack, was carrying a lot of guilt. He still believed he was to blame for letting Wesley get targeted by the dark elves, almost causing a rift in Cathair and Marius's mating. The alpha Kane, told him it wasn't his fault, and Cathair and Marius came through the experience battered but not broken, but Thomas still felt as though he had to prove his worth to himself and the pack. He spends many hours patrolling long after the rest of the pack had gone to bed, determined to do something worthwhile. It was on one of those patrol nights he hears a ruckus outside the territory wards. Dithering as to whether he should help or not, he gets the surprise of his life

when his true mate falls right through the magic designed to keep everyone not pack, out. Ivan was carrying secrets; the main one tucked up in his battered backpack. After a six month long mission to find the Cloverleah pack, he was as surprised as the next man when he fell onto pack grounds and into the arms of his true mate. Unfortunately, other pack members, still emotionally scarred by Wesley's betrayal, didn't view his "break in" quite so favorably and Ivan ends up in the Cloverleah cells. Meanwhile, the dark elves are getting closer and more brazen in their efforts to ensnare the Cloverleah pack. Pack tensions are running high and something needs to be done and soon. Through it all, Thomas and Ivan have to navigate their mating and learn to trust in each other. Secrets will hit the light of day and life for the Cloverleah pack may never be the same. As for Thomas and Ivan - time is running out for them too. A chance arrow, a ray of sunshine; will it mean Ivan and Thomas will get their HEA or will they fall at the

last hurdle along with the rest of the Cloverleah pack? My Treasure to Keep is the twelfth full novel in the Cloverleah pack. It is advised to read the previous books to gain an understanding of the secondary characters and main plot lines. This is an M/M paranormal story featuring true mates. Warnings include graphic language, intimate situations, and some violence. Not intended for readers under the age of 18.

Which is why, when he was banished from his home pack and family, he made a point of staying away from other wolves. But living rough, without any money, is really hard and when Raff risks a trip into San Antonio to find some cash work, he quickly wished he hadn't. Back in Cloverleah, Teilo is pleased his brother is mated, but it's not as though he has a chance to go and look for a mate himself. He's settled in his home and loves to run in his wolf form. Although, when he gets bitten by a teacup poodle with the ridiculous name of Killer, he wonders what other surprises are going to jump out of the bushes at him. He didn't expect to find two mates. A crazy serial killer with no scent; danger for Raff at every turn and a landlocked beach? The men at Cloverleah are in for some pleasant and not so pleasant surprises. Throw in four dogs and the gorgeous bear cub and all of the men in Cloverleah are going to have to be on their toes. (Warning: M/M/M menage: violence, graphic intimate situations

between men and an attempted rape of one of the MCs. Also features a teacup poodle who thinks he's an alpha, a serial killer who believes in mpreg and a merman with a beautiful tail). A note to readers: This book is based partially on a time line from Angel in Black Leather Pants. It is not necessary to have read that first, but if you have, don't be surprised at the overlap. Also, because of the timeline of the book, it is written in two parts. Part one is in San Antonio where Raff and Nereus meet. Part Two is in Cloverleah where Raff and Nereus meet up with Teilo.

As bear shifters, Kurt has known from puberty that he will have two mates and once he'd claimed Luke, his mama warned him to be on the look out for a human female. Reconciliation - Lisa Oliver 2021-10-03

Seth, ancient Egyptian God of Deserts, Storms, and Earthquakes was in a damn foul mood. Being banished to earth, by his father Ra, just because he had a teeny tiny problem with Ra's so-called mates was not something he appreciated. Fortunately, he found men on earth with the same anger issues he had, and soon had an outlet for his rage. There was nothing more satisfying than cracking someone over the head. Until he saw the light. Dr. Luka Sterling, ER doctor, just wanted to get home and wash off the sweat and misery he'd collected working a twelve-hour shift. When he saw a man bleeding in the parking lot, stumbling towards his car, he had no choice but to help - and got kidnapped for his troubles. Being dragged to a fighting ring, and told to "fix someone up" when the guy clearly needed a hospital was just the start of his

problems. Rescued by someone claiming mate status, just made the day worse. Especially when the guy didn't like wolf shifters. Secrets and past hurts are huge barriers to an HEA. When Osiris, then Horus come calling with hate in their hearts, one has to wonder if Seth and Luka will ever get a break, especially when Ra was still as distant as ever. A touch of babysitting, a demon dropping in at just the right time... have the Fates finally forgiven Seth or are they laughing at him? *Reconciliation: Seth's Story* can be read as standalone, although you'll understand more subtext if you've read "When Three Points Collide" which is Ra's story, first. Readers met Seth in that story and that book highlights Seth's actions that caused him to be banished in the first place. This is an MM Paranormal Romance story, with all the usual warnings about coarse language, some violence, and intimate moments. This book has mpreg elements although they are not the focus of the plot. This is a tale about a god who has father issues, and the sweet wolf

You've Got to Be Kidding Me - Lisa Oliver
2017-08-08

Poseidon, ancient Greek God of the Sea, ruler of earthquakes and once worshipped by thousands as a fertility god, was bored and that could be a dangerous thing for people around him.

Deciding to visit his son, Nereus and friends at the Cloverleah pack, Poseidon causes his own brand of trouble, resulting in a night out at a club. All he wanted was a bed partner for a few hours. What he got was so much more. Alpha Claude wanted nothing more than to rule his pack, care for his club members and take up the offer of a warm body when his urges got to strong. When Kane, Alpha of Cloverleah calls and says he wants to bring a special visitor, he was intrigued. But when a silver-haired god walks into his club, he knows his life is going to change. He just didn't by realize how much.

Gods dropping in, visits from family and pesky secrets have a way of making things difficult. Fighting outside foes is easy, but the problems that flare between two very different men might be enough to scupper their mating before it has a chance to settle. Will they ever find their HEA or are the differences between a land creature and a god of the sea to big to overcome? This is an M/M true mates book and as such comes with the obligatory warnings. While this is book two in the series and can be read as a standalone, readers will have more of an understanding of secondary characters and off page references if they have read book one and the Cloverleah series, in particular, *On The Brink*.

Dragon's Heat - Lisa Oliver 2017-09-18

Dragon's Heat - City Dragon's Book 1 Jon Erskine had made a good life for himself as one of the top Forensic Accounts and Systems Analysts in the country. He doesn't mind working with paranormal clients - after all, he's a shifter himself. However, he could do without

all the slurs and derogatory comments. Not all shifters are wolves, bears and other predators. Still, his expertise and reputation is solid and Jon is more than capable of holding his own. That is until Dirk Hollingsworth runs from his office. Dirk is running out of time. He has to find out who's been stealing from his company before his father turns up for his wedding in three weeks' time. Acting on the recommendation of a friend, Dirk turns to Jon, or at least thinks about it. That

is, until he catches the man's scent in the doorway of his office and does a runner. Not the proudest moment for one of the proudest of all shifters, but Dirk has a responsibility to his clan and catching the tantalizing scent of a dog isn't going to change anything. Or so he thinks. Family betrayals, a strong-willed dragon spirit; all things collide as Jon and Dirk struggle to find common ground. Calling off the wedding is easy; staying alive might be that much harder.
