Blast from the Past B. Eric Rhoads 1996 Radio has just celebrated its 75th anniversary and it's as vital and varied as ever. Rhoads, a zealous radio historian and archivist, has captured radio's exuberance and fluency in this marvelous collection of more than 900 photographs, many of which have never before been published. This collection of portraits, both posed and candid, of radio personalities is a veritable radio hall of fame, showcasing everyone from Jack Benny to Howard Stern. Rhoads begins with photographs chronicling the rise of the pioneering Pittsburgh station, KDKA, the first to achieve continuous broadcasting, then keeps pace with radio's rapid growth, offering rare documentation of every type of on-air performer, from men of the cloth delivering the first on-air services to vaudevillians, conductors, sportscasters, and dramatists, many of whom went on to achieve fame in Hollywood. Styles change, but the magic continues as radio continues to evolve in conjunction with its competitor, television. On-air performers gave way to disc jockeys and talk show hosts, but talents such as Garrison Keillor and various NPR contributors have helped keep imaginative radio alive and well. - Donna Seaman--BL 03/15/1996.

The Kama Sutra of Vatsyayana Vatsyayana 2021-08-29 The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsyayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraj. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

Rowlandson's Oxford A. Hamilton Gibbs 2022-09-15 Rowlandson's Oxford is a book by A. Hamilton Gibbs. Gibbs was an English American novelist, here exploring the history and traditions of the Oxford University in England. Excerpt: "It is, therefore, with great diffidence that I have attempted to resuscitate the life and moods of Oxford of the eighteenth century. Barely two years have elapsed since the days when I looked out from my windows into the quad of my college. All the work and play, the alarums and excursions which go to form the life of the average Undergraduate have not yet had time to fade into dim, half forgotten memories. Alma Mater still grasps me in her warm hand. So vivid indeed are all the impressions which I received from the friendly gargoyles and the peace-touched lawns, the beautiful colleges with their silent cloisters, the full-blooded twenty-firsters and bump-suppers, and the thousand and one everyday happenings, that I might be merely awaiting the passing of vacation to go up once more."

Kama Sutra Vātsyāyana 1997 The 1964 publication of Sir Richard Burton's translation of the Kama Sutra was celebrated as a literary event of the highest importance. As vital to an understanding of ancient Indian civilisation as the works of Plato and Aristotle are to the West, the Kama Sutra has endured for 1,700 years as an indisputable classic of world literature. Written with frankness and unassuming candour, the Kama Sutra remains one

of the most readable of all the classics of antiquity. A work of philosophy, psychology, sociology, Hindu dogma, scientific inquiry and sexology, it is an indispensable key to understanding Indian culture.

The Humor of the Old South M. Thomas Inge 2021-10-21 The humor of the Old South—tales, almanac entries, turf reports, historical sketches, gentlemen's essays on outdoor sports, profiles of local characters—flourished between 1830 and 1860. The genre's popularity and influence can be traced in the works of major southern writers such as William Faulkner, Erskine Caldwell, Eudora Welty, Flannery O'Connor, and Harry Crews, as well as in contemporary popular culture focusing on the rural South. This collection of essays includes some of the past twenty five years' best writing on the subject, as well as ten new works bringing fresh insights and original approaches to the subject. A number of the essays focus on well known humorists such as Augustus Baldwin Longstreet, Johnson Jones Hooper, William Tappan Thompson, and George Washington Harris, all of whom have long been recognized as key figures in Southwestern humor. Other chapters examine the origins of this early humor, in particular selected poems of William Henry Timrod and Washington Irving's "The Legend of Sleepy Hollow," which anticipate the subject matter, character types, structural elements, and motifs that would become part of the Southwestern tradition. Renditions of "Sleepy Hollow" were later echoed in sketches by William Tappan Thompson, Joseph Beckman Cobb, Orlando Benedict Mayer, Francis James Robinson, and William Gilmore Simms. Several essays also explore antebellum southern humor in the context of race and gender. This literary legacy left an indelible mark on the works of

later writers such as Mark Twain and William Faulkner, whose works in a comic vein reflect affinities and connections to the rich lode of materials initially popularized by the Southwestern humorists.

[Shared Landscapes](#) Rodney Harrison 2004 The heritage of the pastoral industry stands as an integral symbol of identity for rural communities - both black and white - in New South Wales. Modern changes in pastoral land management, infrastructure and technology, combined with broader land-use changes and increased community interest in the conservation and rehabilitation of former grazing lands, has meant that many former pastoral properties have been abandoned or acquired for other uses. Tracking the history of these land-use changes, "Shared Landscapes" presents new ways of understanding historic heritage in settler societies through cross-disciplinary case studies that examine the heritage of the pastoral industry in two national parks. Assessing its current state of interpretation and management in New South Wales, Rodney Harrison shows that pastoral heritage is more than just 'woolsheds and homesteads', the showpieces of white, male, settler-colonial economies. Pastoral heritage is the product of the mutual histories of Aboriginal and settler Australians. It is a form of heritage that is both in, and a part of the landscape. His 'archaeological' approach to the heritage of the pastoral industry involves both recording sites and revealing attachments to community heritage, demonstrating that writing shared histories and celebrating shared heritage has the creative power to reconcile Aboriginal and settler Australians in powerful and positive ways.
