Sexual Assault in Canada - Elizabeth A. Sheehy 2012-09-29

Sexual Assault in Canada is the first English-language book in almost two decades to assess the state of

sexual assault law and legal practice in Canada. Gathering together feminist scholars, lawyers, activists and policy-makers, it presents a picture of the difficult issues that Canadian women face when reporting and

prosecuting sexual violence. The volume addresses many themes including the systematic undermining of women who have been sexually assaulted, the experiences of marginalized women, and the role of women's activism. It explores sexual assault in various contexts, including professional sports, the doctor-patient relationship, and residential schools. And it highlights the influence of certain players in the reporting and litigation of sexual violence, including health care providers, social workers, police, lawyers and judges. Sexual Assault in Canada provides both a multi-faceted assessment of the progress of feminist reforms to Canadian sexual assault law and practice, and articulates a myriad of new ideas, proposed changes to law, and inspired activist strategies. This book was created to celebrate the tenth anniversary of Jane Doe's remarkable legal victory against the Toronto police for sex discrimination in the policing of rape and for negligence in failing to warn her of a serial rapist. The case made legal history and motivated a new generation of feminist activists. This book honours her pioneering work by reflecting on how law, legal practice and activism have evolved over the past decade and where feminist research and reform should lead in the years to come.

The Sexual Politics of Jean-Jacques Rousseau - Joel Schwartz 1985-10-15

Joel Schwartz presents the first systematic treatment of Rousseau's understanding of the political importance of women, sexuality, and the family. Using both Rousseau's lesser-known literary works and such major writings as *Emile*, *Julie*, and *The Second Discourse*, he offers an original and provocative presentation of Rousseau's argument. To read Rousseau, Schwartz believes, is to enter into a profound discourse about the meaning of sexual equality and the opportunities, pitfalls, costs, and benefits that sexual relationships bestow and impose on us all. His own thoughtful reading of Rousseau opens up fresh perspectives on political philosophy and the history of sexual, masculine, and feminine psychology.

Woman - Lillian Faderman 2022-03-15

A comprehensive history of the struggle to define womanhood in America, from the seventeenth to the twenty-first century "An intelligently provocative, vital reading experience. . . . This highly readable, inclusive, and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture."—Kirkus Reviews "A comprehensive and lucid overview of the ongoing campaign to free women from 'the tyranny of old notions.'"—Publishers Weekly What does it mean to be a "woman" in America? Award-winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God's plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as #metoo, the appointment of Amy Coney Barrett to the Supreme Court, the election of Kamala Harris as vice president, and the transgender movement. This wide-ranging 400-year history chronicles conflicts, retreats, defeats, and hard-won victories in both the private and the public sectors and shines a light on the often-overlooked battles of enslaved women and women leaders in tribal nations. Noting that every attempt to cement a particular definition of "woman" has been met with resistance, Faderman also shows that successful challenges to the status quo are often short-lived. As she underlines, the idea of womanhood in America continues to be contested.

Accounting for Rape - Irina Anderson 2007-11-26

Accounting for Rape presents an original perspective on the subject of rape, focusing on both female and male sexual violence. The authors investigate everyday beliefs about rape, to examine how blaming the victim and the normalization of rape are achieved by people in a discussion about sexual violence. They synthesize discursive psychology and a feminist standpoint to explore precisely how rape and rape victimhood are defined in ways that reflect the social, political and cultural conditions of society. By analysing conversational data, Anderson and Doherty suggest that the existing social psychological experimental research into rape and rape perception fails to analyse the subtlety and political significance of rape supportive reasoning. Accounting for Rape provides a critical interrogation of the dominant theories and methodologies, focusing on: How the gender and sexual orientation of alleged victims and perpetrators is crucial to social participants when making sense of a rape report and in apportioning blame and sympathy How arguments that are critical of alleged victims are built in ways that are 'face saving' for the participants in the conversations, and how victim-blaming arguments are presented as 'common sense'. The potential of applying this approach in both professional and academic contexts to promote attitude change.

The book will be of great interest to those studying social and clinical psychology, cultural studies, sociology, women's studies and communication studies.

The Big Bad Book of Sex Opportunities for Men and Women - Ana Loria 1999-01-01

This book provides detailed listings and advice on how to find lucrative employment in the booming sex industry. Most of the opportunities listed in "Get Paid For Sex!" are applicable to both men and women. However, the book is slanted toward men because males typically have had a harder time finding work in this industry. "Get Paid For Sex!" focuses only on sex opportunities that are legal. Examples covered in the book include phone sex operators, Interact strippers, adult actors, masseuses, escorts, models, tantric sex teachers, and participants in safe-sex programs for medical research. This book does not advocate illegal behavior of any kind.

Reconcilable Differences - Lynn S. Chancer 2023-04-28

This volume examines controversial faultlines in contemporary feminism—pornography, the beauty myth, sadomasochism, prostitution, and the issue of rape—from an original and provocative perspective. Lynn Chancer focuses on how, among many feminists, the concepts of sex and sexism became fragmented and mutually exclusive. Exploring the dichotomy between sex and sexism as it has developed through five current feminist debates, Chancer seeks to forge positions that bridge oppositions between unnecessary (and sometimes unwitting) "either/or" binaries. Chancer's book attempts to incorporate both the need for sexual freedom and the depth of sexist subordination into feminist thought and politics.

Bad Sex - Leon de Kock 2011-08-26

Growing up in the '60s and '70s in the tough streets of Mayfair, Joburg, Sammy Baptista learnt how to use his fists. But life will teach him that fists cannot defend you against everything. When he scores a plum job and catches the fancy of his sexy boss, Sammy thinks he has landed with his backside in the butter. A steamy love affair ensues, but Sabina, like others before her, has Sammy by the balls. In vigorous conversations with his shrink, he cuts away layers of 'bad sex': between fathers and mothers; men and women; and men and men. Tracing Sammy's boyhood to its vulnerable core, rooting for him in this frank and enlightening novel, Leon de Kock breaks new ground to tell the often ignored, raw story of many men.

Sex In The Head - Linda R. Williams 2016-07-01

In *Sex in the Head*, Linda Ruth Williams uses psychoanalysis and recent feminist film theory to analyze a network of ideas which link looking with sexuality and difference, in the work of a writer who disavowed, yet covertly enjoyed, the pleasures and power of vision. The book is a departure from the long history of feminist readings of Lawrence, in that it discusses his engagement with theories of the gaze and its cultural forms - cinema, photography, painting and the visual dynamics and metaphors of literary texts - as a way of thinking through gender. It shows him arguing, on the one hand, against the evils of cinema and visual sex, while relishing, through the eyes of women, the moving spectacle of those male bodies which populate the pages of his books. It also questions what it is about the work of such an adamant cinephobe which has made it so thoroughly adaptable for film and television.

Bisexual Politics - Naomi S Tucker 2014-06-11

This anthology presents a vivid collection of essays that explore the history, strategies, philosophy, and diversity of bisexual politics and theory in the United States. The 33 contributors develop a multifaceted approach to defining bisexual politics. Through these voices, the book seeks to understand the contexts in which the bisexual movement has evolved. The authors analyze different organizing strategies, formulate new bisexual political theory, provide a vision of future directions for redefining sexuality and gender, and educate activists and allies about current issues pertinent to the bisexual community. This book is the first of its kind. To date, it is the only book that documents and analyzes bisexual politics and theory. While existing literature on bisexuality has focused on identity, coming out, and forming communities, *Bisexual Politics* takes the vital next step into bisexual political theory and activism. The many subjects and subthemes addressed in *Bisexual Politics* appeal to a multitude of readers from activists to academics, from friends and family of bisexuals, to those who have struggled with bisexuality. It is a sourcebook for those seeking to locate bisexuality in the schema of other social justice movements. It is a tool to build alliances with other progressive groups, and build coalitions with both lesbian/gay and heterosexual communities. It is a primer for anyone interested in bisexual activism and theory.

The Tragedy of Heterosexuality - Jane Ward 2022-03

"The Tragedy of Heterosexuality is an exploration of the so-called 'straight culture.'"

Fierce Females on Television - Nicole Evelina 2023

Fierce Females on Television provides a fascinating deep-dive into how shows such as Buffy the Vampire Slayer, Charmed, Homeland, Orphan Black, and The Equalizer have changed the way women are portrayed on television and paved the way for the strong female characters we know and love today.

The Women's Educational Equity Act - United States. Congress. House. Committee on Education and Labor. Subcommittee on Equal Opportunities 1973

Why Men Cheat, What Men Really Think and Internet Dating - Maurice Dean 2011-01-27

Why Men Cheat is intended to give its readers a realistic look into dating and relationships from an observation standpoint distinct from any book of its kind. Unlike doing research where an author may interview several single people or a few couples with a questionnaire to get their perspective on dating, longevity, and infidelity. Why Men Cheat is based on unscripted access and full disclosure based on the normal day-to-day interaction with would-be friends, family, and coworkers. My observation has been the type of fly-on-the-wall access that we often, after the fact, wish we could have had to better make an assessment of a certain situation. Rather than interviewing a couple or setting up a night to go out on the town to research the behavior of the person being interviewed as most people do in their research, I have had undetected interaction and surveillance of the behavior and true intentions of friends and strangers because I too was part of the dating environment. I have maintained an outside looking in perspective on many relationships and marriages throughout the years. I have witnessed firsthand the start of romance for many relationships but unfortunately been around to see several of those bonds deteriorate over time because of neglect or infidelity. My advice, although sometimes not favorable to what women really want to hear as they confide in me, is unbiased and based on "what men really think."

Out - 2000-08

Out is a fashion, style, celebrity and opinion magazine for the modern gay man.

Larry Brown and the Blue-collar South - Jean W. Cash 2008

This book considers the writer's full body of work, placing it in the contexts of southern literature, Mississippi writing, and literary work about the working class. Collectively, the essays explore such subjects as Brown's treatment of class politics, race and racism, the aftereffects of the Vietnam War on American culture, the evolution of the South from a plantation-based economy to a post-industrial one, and male-female relations.--[book cover].

Why Good Sex Matters - Nan Wise 2020-01-28

A sex therapist and neuroscientist describes anhedonia, the inability to feel a satisfactory amount of pleasure--and provides the pathway back to fully enjoying sex, food, time with family and friends, and other pastimes, while also staving off depression, anxiety, and addiction.

The Rites of Men - Varda Burstyn 1999-01-01

It gathers more spectators on a global basis than any other activity today. More than just a game, sport has profound political and social consequences, promoting a super-aggressive ideal of manhood and political culture.

Resources in Education - 1984
