Immigration and Women Susan C. Pearce 2011-05-23 This book is a national portrait of immigrant women who live in the United States today, featuring the voices of these women as they describe their contributions to work, culture, and activism. Highlighting the gendered quality of the immigration process, it interrogates how human agency and societal structures interact within the intersecting social locations of gender and migration. The popular debate around contemporary U.S. immigration tends to conjure images of men waiting on the side of the road for construction jobs, working in kitchens or delis, driving taxis, and sending money to their wives and families in their home countries, while women are often left out of these pictures. Through an examination of U.S. Census data and interviews with women across nationalities, we hear the poignant, humorous, hopeful, and defiant words of these women as they describe the often confusing terrain where they are starting new lives, creating architecture firms, building urban high-rises, caring for children, cleaning offices, producing creative works, and organizing for social change. The authors recommend changes for public policy to address the constraints these women face, insisting that new policy must be attentive to the diverse profile of today's immigrating woman: she is both potentially vulnerable to exploitative conditions and forging new avenues of societal leadership.

Delroi Prophecy Box Set Loribelle Hunt FREEDOM Kareena Smith, leader of the unregistered telepaths of Earth, waged a secret war against the Tel Group and her government as long as she could remember. Until Tel captured her, her second in command, and one of their own, a defector. After months of captivity and several failed escape attempts, the three women are rescued by a group of Delroi warriors. There's a price on her head and nothing left for her at home. Delroi offers sanctuary she can't refuse. As soon as she's rescued, she's pursued relentlessly by sexy clan chief, Roarr Idis. She might find the kind of ecstasy in his arms she's only dreamed of, but he wants the one thing she will never give up. Her freedom. IRRESISTIBLE After six months captivity, Parker Reed is thrilled to be free and offered asylum on Delroi, joining her fellow prisoners Kareena and Zola. It's not long before she realizes that could have been a huge mistake. She's a woman used to being in control and she devoted her life to one purpose: bringing down the corrupt. That identity is gone now but she hasn't changed. She doesn't play, goof off, or involve herself with men who think they should be the center of her life. Kaje Stian is a constant presence, however. He's the exact opposite of the kind of men Parker usually dates, and he's determined to have her. What's a girl to do? He's overbearing, demanding, and ultimately, irresistible. REDEMPTION Zola Gray is a woman on a mission. After escaping a year's imprisonment, she was grateful to take asylum on Delroi and recover from her long captivity. But she isn't like the company she suddenly finds herself in. She was a willing member of the Tel Group until one assassination too many made her rebel. Now Tel is coming after her and her friends, and she'll do whatever it takes to end them once and for all. Jarek Idis was born, raised, and trained a warrior. Then he followed his true passion, healing. He knows Zola wants to confront the assassins coming after her in a misguided attempt at redemption, but he has other ideas. He's supposed to be healing her body, but he's going straight for her heart and soul. He sees what's hidden under her bad ass veneer and he intends to keep the woman he knows she truly is. ABSOLUTION Anna Leigh Gray set out to save her daughter. While her former allies, the evil and malicious Tel Group has been dealt a major blow, they haven't been destroyed and their sights are focused on one thing. Killing her daughter. To protect her Anna Leigh has to get to Delroi. The last thing she expects is being claimed by the dangerous, sexy Xan Bana. His telepathy is as strong as hers, his mind is fascinating, and he has moves in the bedroom she'd never been aware she missing. But he's an enigmatic warrior and she's not convinced his motives are pure. Xan Bana never expected to find a mate or take over leadership of his clan. Both are a challenge he's looking forward to. Dealing with a clan that is in disarray is easier than getting to know the woman who now stands at his side, however. But when they arrive on Delroi, they help Zola all they can but when a ghost from the past almost kills her, his primitive dominant instincts threaten the fragile bond he's forging with his mate. Now he's in a race against time to keep his mate, protect her daughter, and save the son she'd thought lost long ago.

First Hymn to Life in Congo Constant Tsouza 2013-11-14 Maria had been raped by a way of lifea way of life known as Coconis, which refers to various kinds of vicious, horrific, and inexcusable forms of barbaric behaviour. As a direct consequence of this horrific and violent crime, Maria gave birth a few months later, just like several other young girls who had also become innocent, silent, and secret victims of similar crimes in this country. However, unlike some of the other young woman victims, Maria was blessed with a strong faith in God. She was determined not to resort to taking her own life and not to destroy the tiny life which was already gradually starting to grow inside her womb. Maria had simply decided to transform this violent and hateful act which had stripped her of all human dignity into something much more powerful and good. She wanted to be able to truly forgive, not just the kind of forgiveness given by those who have no choice, but the kind of forgiveness proffered by the weak and feeble to those who are stronger because they have no other choice in the matter. Neither was it the biblical kind when one simply forgives ones fellow men for their sins and wrongdoings. It wasnt like the forgiveness given by God either, but more of Marias own personal and unique quest for forgiveness that she so yearned to be able to give to the young men who had raped her. Maria was determined that her rapists should recognize the brutality and wickedness of their acts and then implore her forgiveness so that she herself could, in turn, sincerely forgive them. It was the only way for her to redeem her personal dignity. She felt that she had suffered enough and that she had every right to expect her rapists recognition of the terrible suffering that they had inflicted on her. So it was on a beautiful sunny Saturday morning of June that Maria finally gave birth to twin boys. She called them Kimia and Elikia (which means peace and faith in the Congolese language). Maria brought up and educated her twin boys in a traditional way. She possessed a sufficient sum of money to pay for their education and see them through to the end of their high school education. She knew that she had done her very best with regard to their civil education. She died not long after receiving her twin sons baccalaurat results. She died in peace, but without having had the opportunity to be able to truly forgive her brutal attackers. She died without anyone coming to ask her for forgiveness and without having been able to offer her sincere forgiveness. But her last thoughts really went out to her wonderful children. She remembered the great ocean of motherly love that she had been able to give them during their upbringing. Before she closed her eyes for the last time, she asked God to bless them. On her deathbed, she didnt have the slightest inkling of the powerful impact of the incredible testimonial that she had succeeded in bequeathing to her children. As Maria, Africa had also been kidnapped, raped (and its not a Belgian story), and tortured for centuries. From those repeated rapes were born sick and weak republics. None of the many rapists did recognize the shameful paternity despite the fact that their saliva and blood were still visible everywhere, and there was no need for complex DNA analysis to find out whom they belong to.
