Déjà Vu - Katie S. Watson 2012-07-25

In *dj vu*, Zach Montgomery and Ruth Harding take center stage as a romantic duo; replicating the former romantic interlude that existed between Zachs dad, and Ruths mom over 25 years ago. Zach, son of billionaire, Dennis Montgomery, hides his identity; as a poor guy seeks to work as a volunteer at an archeological site in Israel, for room and board. He meets and does not succumb to the beauty of the 15 year old daughter of the head archeologist. After allhes 19. Zach rescues Ruth from a near rape by a student at Hebrew University. She is sent packing to U.S. grandparents. Three years later they meet. Bells, whistles and clanging cymbals swirl round Zachs psyche. He is smitten; he is in love. He courts her via cell phone over the watery waves. She consents to marry him. A hitch occurs. He doesnt want a church affair; admits to being an evolutionist. Ruth demurs, prays, and breaks engagement. No harmony where two are unequally yoked spiritually. Devastated; determined to win her back, Zach enrolls for grad work at Hebrew University. She will have nothing to do with him. Terrorists change the dynamics! Zach and his two Jewish dorm mates are kidnapped and held for ransom. Brutally beaten, Zach uses his cell phone hed hidden in the earth, and calls Ruth, who hears and alerts IDF. Does Israels newest hero win his fair lady? Or is a replay of an old broken romance? A *dj vu*..? Read the book and see!!

Rain Taxi Review of Books - 2000

The Cultural Animal - Roy F. Baumeister 2005-02-10

This book provides a coherent explanation of human nature, which is to say how people think, act, and feel, what they want, and how they interact with each other. The central idea is that the human psyche was designed by evolution to `nable people to create and sustain culture.

Deja Vu and the Phone Sex Queen - Michael McIrvin 2001-11

Deja Vu - Richard Kendrick 2004

Fiction. Alden Homer and Blake Whitman are traveling their own paths, which seem to cross more frequently than usual for two dissimilar guys on the road in Asia. Their thoughts and experiences are pieces of a puzzle that one can assemble, as this work allows the reader to participate in the construction of the narrative. "A rare book that combines modernist formal experimentation with excellent post-modernist content and prose; this novel is as much about form as it is about plot. Part bildungsroman part travelogue, both funny and serious, a blend of facts, fictions, and dreams; DEJA VU risks comparison with novels like Cortazar's *Hopscotch* and Percec's *Life: a User's Manual*, and I think it stands up very well. Saying that I actually preferred this to either of them would sound pretentious; but the content of this novel is more to my liking than that of the others"--R. Russo.

The Oxford Handbook of Music and Disability Studies - Blake Howe 2016

Disability is a broad, heterogeneous, and porous identity, and that diversity is reflected in the variety of bodily conditions under discussion here, including autism and intellectual disability, deafness, blindness, and mobility impairment often coupled with bodily deformity. Cultural Disability Studies has, from its inception, been oriented toward physical and sensory disabilities, and has generally been less effective in dealing with cognitive and intellectual impairments and with the sorts of emotions and behaviors that in our era are often medicalized as "mental illness." In that context, it is notable that so many of these essays are centrally concerned with madness, that broad and ever-shifting cultural category. There is also in impressive diversity of subject matter including YouTube videos, Ghanaian drumming, Cirque du Soleil, piano competitions, castrati, medieval smoking songs, and popular musicals. Amid this diversity of time, place, style, medium, and topic, the chapters share two core commitments.0First, they are united in their theoretical and methodological connection to Disability Studies, especially its central idea that disability is a social and cultural construction. Disability both shapes and is shaped by culture, including musical culture. Second, these essays individually and collectively make the case that disability is not something at the periphery of culture and music, but something central to our art and to our humanity.

Merchant Vessels of the United States... - United States. Coast Guard 1981

Rebels, Mavericks, and Heretics In Biology - William Dritschilo 2008-10-01

This book is the first devoted to modern biology's innovators and iconoclasts: men and women who challenged prevailing notions in their fields. Some of these scientists were Nobel Prize winners, some were considered cranks or gadflies, some were in fact wrong. The stories of these stubborn dissenters are individually fascinating. Taken together, they provide unparalleled insights into the role of dissent and controversy in science and especially the growth of biological thought over the past century. Each of the book's nineteen specially commissioned chapters offers a detailed portrait of the intellectual rebellion of a particular scientist working in a major area of biology--genetics, evolution, embryology, ecology, biochemistry, neurobiology, and virology as well as others. An introduction by the volume's editors and an epilogue by R. C. Lewontin draw connections among the case studies and illuminate the nonconforming scientist's crucial function of disturbing the comfort of those in the majority. By focusing on the dynamics and impact of dissent rather than on winners who are credited with scientific advances, the book presents a refreshingly original perspective on the history of the life sciences. Scientists featured in this volume: Alfred Russel Wallace Hans DrieschWilhelm JohannsenRaymond Arthur DartC. D. DarlingtonRichard GoldschmidtBarbara McClintockOswald T. The Déjà Vu: Black Dreams & Black Time - Gabrielle Civil 2022-02-22

Gabrielle Civil mines black dreams and black time to create a vibrant archive of black feminist experiences and creative expressions. Birthed at the intersection of pandemic and protest uprising, the déjà vu encircles

forms both new and ancestral, drawing movement, speech, recollection, and essay into memoir. As Civil considers a spectrum of artworks--the poetry of Wanda Coleman, Haitian tourist paintings, her own dance ritual for MLK Day, Montreal street art, the 2019 film *Waves*--she thinks deeply about expansive black life beyond the white gaze. Full of joyful exuberance, intimacy, and humor, the déjà vu elides the boundaries between memory, dream, grief, and love to imagine the reverberations of a black future.

How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book One - Jon Knowles 2019-06-28

The ghosts that haunt our sexual pleasure were born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the invention of sin came the construction of women as subordinate beings to men. Despite the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Book One of this two-part publication traces the history of sex from the Stone Age to the Enlightenment. Interspersed with 'personal hauntings' from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to haunt us today. This book is a page-turner in simple and plain language about 'how sex got screwed up' for millennia. For Knowles, if we know the history of sex, we can get over it.

Queen: Complete Works - Georg Purvis 2018-10-30

Clashing together outrageous musical influences and extravagantly visual imagery, Queen's place in history as the greatest glam band of them all is rock solid. Their fan base continues to grow, a decade and a half on from the death of Freddy Mercury, Queen's super-charismatic front man. Georg Purvis's meticulous, session-by-session, song-by-song, album-by-album, tour-by-tour record of the band's progress is the complete reference source that Queen fans have been waiting for. If you love the Champions of Rock, it's all here: *The Band* - detailed insights into Freddy Mercury, Brian May, Roger Taylor and John Deacon *The Albums* - detailed production history and analysis of every album, including solo releases *The Sessions* - In

depth coverage from the early days via *A Night at The Opera* all the way to *Made in Heaven* *The Songs* - hundreds of individual entries on all the famous recordings, as well as obscure, unreleased rarities *The Tours* - set-lists and histories of every live show *The Videos* - a complete guide to Queen's groundbreaking video work *The Movies* - *Flash Gordon*, and other projects *Plus* - the reunion shows with Paul Rodgers, the radio sessions, the costumes, the parties and much, much more...

Summer in the Land of Skin (Mills & Boon Silhouette) - Jody Gehrman 2014-06-13

Twenty-five-year-old Anna--restless, famished and emotionally numb--is following the long-cold trail of her father, a celebrated luthier, whose death has always haunted her.

Reading Iconotexts - Peter Wagner 1995

Traditionally, texts and images have been discussed together on the assumption that they are 'sister arts,' but in *Reading Iconotexts* Peter Wagner pushes beyond the world-image opposition in a radical attempt to break down the barriers between literature and art. He sets out here the new approach he has identified for dealing with the 'iconotext'--a genre in which neither image nor text is free from the other. Examples include Swift's *Gulliver's Travels*, a number of William Hogarth's best-known engravings, and a sample of the so-called 'obscene' propaganda prints that were published during the French Revolution. Throughout, the author argues for the importance of seeing text and image as mutually interdependent in the ways they establish meaning. It becomes clear in the course of Wagner's exposition that one cannot study prints without taking into account their accompanying inscriptions; whilst illustrated books contain two kinds of 'text'--one verbal, one visual--that are invariably at odds with one another. Drawing on theories of intertextuality and semiotics as developed by Barthes and Kristeva, as well as post-structuralist studies by Derrida, Foucault and others, *Reading Iconotexts* treats pictures as encoded visual discourse and illustrations in books as counter-discourse. The author's persuasively argued polemic in favour of recognising the 'iconotext' as a viable advance in methodology is an important contribution to current debates on word and image.

The Queen's Knights - Ophelia Bell 2022-12-06

Her reign will come at a price. Still reeling in the aftermath of sexual assault, Dr. Gwen Brennan struggles with feelings of powerlessness--until she joins the Whitewood Club's masquerade night. There she reigns supreme, and it is only by her grace that anyone is allowed to touch her. When a mysterious masked man steals her heart, she's left with a choice: does she take a chance on forging a new relationship, or does she retreat into the arms of her stalwart bodyguard? Can she have both?

Optimism Blues - Michel McIrvin 2003

Poetry. "Michael McIrvin's analysis of the modern American psyche is far beyond almost any other living U.S. poet. His poems are among the best informed and most intelligent you'll find. In fact, McIrvin's vision quest and its resultant insights into the complexities of human nature and the natural world exceed what most poets can ever hope to achieve"--Leonard Cirino.
