Making Sense of Sex - Sarah Attwood 2008-05-15

Puberty is a time of huge change in the physical body, in emotional experience and in social relationships. Having an understanding of these developments and learning how to deal with them is essential, and for people with Asperger's syndrome it can be a challenge to get to grips with the social and emotional aspects of puberty, sex and relationships. This book is ideal for those who need clear, detailed explanations and direct answers to the many questions raised by puberty and sexual maturity. Sarah Attwood describes developments in both the male and female body, and explains how to maintain hygiene and personal care, and to promote general good health. She

examines emotional changes, including moods and sexual feelings, and provides comprehensive information on sex, sexual health and reproduction. She looks at the nature of friendship, how it changes from childhood to adulthood and its importance as a basis for sexual encounter. She also offers coping strategies for different social experiences, from bullying to dating, and includes essential tips on the politics of mature behaviour, such as knowing the difference between public and personal topics of conversation. *Making Sense of Sex* is a thorough guide written in unambiguous language with helpful diagrams, explanations and practical advice for young people approaching puberty and beyond.

Family Guide - Dee Hoodith

2011-05

This book is about finding your way back, discovering everything you need to know so as to keep love and happiness flowing smoothly, while enjoying life unto the end. It is about the journey of man and woman, for unification and satisfaction of passionate love and for the choosing of a lifelong partner. Through playful teasing you can and will accentuate the enjoyment, but it must also be tolerated only to a point. Hence it will connect you to the missing links on love, courtship, marriage, sex and post marriage. These contributing factors, constantly reminds us, that man and woman are different from other animals and it is the fundamental instinct which brings them together. It is the de-coilable magnet within the hearts of the human race. In addition I must place great emphasis: when there is imminent danger through misunderstanding in a broken home, why not look right back at the courtship days, which was filled with the abundance

of valuable materials to avoid a broken home. Thus with the knowledge and understanding of my work in this book you can unite with Love and overcome heart-break and despair.

Love & Sex - Nancy Houston
2018-02-05

“So many couples struggle in their sexual lives because they divide sex and love ... Nancy Houston has written an excellent, practical, and very hopeful book on how to reintegrate the division.”—Dr. John Townsend, New York Times bestselling author of *Boundaries* “Without question, one of the greatest communicators of our generation on Christian sex and intimacy is Nancy Houston.”—Amy Ford, president of Embrace Grace and author of *A Bump in Life* Sex is powerful! Just saying the word “sex” can stir up all kinds of emotions. Maybe it’s a positive emotion for you—or possibly a hurtful, shameful, confusing one. It’s no wonder

we struggle to understand its meaning and purpose. It can be difficult to talk about, and if we have experienced unwanted shame or grew up in a home where sex was taboo, addressing the topic can be even more difficult. In a world of sexual chaos and confusion, we all need a healthy dialogue on the topic—not a black-or-white, right-or-wrong lecture, but a safe forum for discovering, learning, processing, and growing into passionate intimacy within the freedom God provides. In *Love & Sex*, Nancy Houston provides a compassionate view of human sexuality. Through the lens of Scripture, she unpacks the good God intended when He created humans as sexual creatures, while recognizing that many people haven’t experienced sex in a positive way. You won’t find a critical examination of dos and don’ts, but stories of redemption, grace, and hope. You will understand how you were shaped and that you are more than your sexual behaviors. For some people,

sex is a regular part of life. For others, it's a huge deal. Maybe even too big of a deal. This book will be your roadmap to finding sexual health, happiness, and balance. And if you are one of the few unscathed by sexual shame or confusion, this book will help you develop a more compassionate lens for those who do struggle.

Using kindness, honesty, and humor, Iris Zink, BSN, MSN, ANP, RN-BC, explores the ways illness or disability can affect a sexual relationship and offers suggestions on how to regain intimacy. She also describes existing myths about sex and debunks them with real-life

examples. Most importantly, you'll learn that, no matter how a person's body changes, no-one should have to give up sex. Ms. Zink has 20 years of experience in treating sexual health complications related to chronic illness, and in writing and lecturing to healthcare providers on sexual health subjects. She has enabled thousands of people to experience fulfilling sex and meaningful intimacy-she can help you, too!
