Spirited Men - Brian Doyle
2004-01-25

In this remarkable collection of essays, acclaimed writer Brian Doyle offers “resurrections, restorations, reconsiderations, appreciations, enthusiasms, headlong solos, laughing prayers, imaginary meetings with most unusual and most interesting men.”

Geographically and chronologically diverse—Plutarch of Greece; William Blake of England; Robert Louis Stevenson of

Scotland; James Joyce and Van Morrison of Ireland; and others—Doyle sees them as men of “immense spiritual substance, prayerful fury, enormous grace,” men concerned with “the moral grapple” and “the sinuous crucial puzzle of love.” In telling the stories of these talented, troubled, and extraordinary men, Doyle discerns clues about how to be a good man, headlong in the pursuit of love and capable of greatness.

Galway Girl - Cathy Mansell
2015-06-01

Feisty Irish gypsy girl, Tamara Redmond is just sixteen when she overhears her parents planning her wedding to the powerful and hated Jake Travis. In desperation, she leaves Galway, a place she loves, and stows away on a ship with disastrous consequences. On her release from a cell in Liverpool, she takes refuge in a travelling circus and falls in love with Kit Trevlyn, a trapeze artist. Accused of stealing, she is thrown out. She sleeps rough in Covent Garden where her fear of Jake Travis finding her dominates her waking hours. When he kidnaps her and keeps her captive, her life spirals downwards. Then Tamara hears a truth, a truth that will change her life and her very existence forever.

The latest Jack Taylor novel from the Godfather of Irish noir Jack Taylor has never quite been able get his life together, but now he has truly hit rock bottom. Still reeling from a

violent family tragedy, Taylor is busy drowning his grief in Jameson and uppurs, as usual, when a high-profile officer in the local Garda is murdered. After another Guard is found dead, and then another, Taylor's old colleagues from the force implore him to take on the case. The plot is one big game, and all of the pieces seem to be moving at the behest of one dangerously mysterious team: a trio of young killers with very different styles, but who are united in their common desire to take down Jack Taylor. Their ring leader is Jericho, a psychotic girl from Galway who is grieving the loss of her lover, and who will force Jack to confront some personal trauma from his past. As sharp and sardonic as it is starkly bleak and violent, Galway Girl shows master raconteur Ken Bruen at his best: lyrical, brutal, and ceaselessly suspenseful. Praise for Galway Girl: 'A bleak, gripping slice of noir Irish life... As good a read as you'll come across this year' IRISH INDEPENDENT 'A surreal

On the Trail of Americana Music - Ralph Brookfield

2021-12-15

Based on numerous interviews with leading musicians and music industry professionals,

Downloaded from
legacy.opendemocracy.net

this book explores the illusive genre and movement that is Americana. From its historical roots in Country, Folk and other rebel music, the story of Americana music is told by those who are taking it in new directions today. With so many music venues closed and incomes reduced, musicians speak of their hopes and fears for the future of the industry in challenging times. Interviews with: Emily Barker, Yola, Troy Cassar-Daley, Kasey Chambers, Dave Cobb, Paul Kelly, John Murry, Lindi Ortega, Wildwood Kin and many more. ABOUT THE AUTHOR Ralph Brookfield trained as a molecular physicist, worked as a freelance writer and software engineer, ran his own software business then became a director of technology in the digital television industry until 2012. Since then, he has pursued his passions of writing and music which he combines in his songwriting, playing regularly with his band in the Ealing area, the crucible of RnB music in the UK, where he also manages and promotes

grassroots music. He is married, has two grown-up children, and is a founder member of the infamous Hanwell Ukulele Group. REVIEWS: "This book is the story of the richest tapestry of music ever found in one country... So join in with the author on this journey of discovery, from coast to coast, from around the world, this wonderful music... this is Americana!" - Pete Clack, Blues in Britain Magazine. "This is a great and informative read for any fan of the world's coolest music genre, Americana." - Nash Chambers, award-winning Music Producer "A deep, inquisitive dive into the Americana story so far. In the best possible way, Ralph Brookfield's roots are showing." -Paul Sexton, Music writer and broadcaster "... it is a volume of varied parts and something of a curate's egg. The chapters on the history and strands of Americana in America make good reading as do the chapters on Ireland, and the role of women. Perhaps not surprisingly the interest in the

other chapters diminishes in proportion to the nature and size of the Americana 'scene' found in each country. I did admire his reasoned thoughts on Keith Urban (seemingly someone subject to a degree of derision) and where he sits in the musical cosmos... One real bonus is a huge list of what are called endnotes... Brookfield finishes the book with some brief words on the future, which he sees might take us eventually to the land of Cosmic American Music as described by Gram Parsons. Presently he identifies a retro movement as exemplified by Pokey le Farge. He also recognises Kasey Chambers's work with native Australians, Psychedelic influences, and the work of Gangstagrass and the Alabama 3. Americana remains a very rich stew!" - Gordon Sharpe -Americana-UK.

Drama / Characters:1 male, 1 female Scenery: Interior A couple sit at opposite ends of a table reminiscing about their life together. Each has a point of view and they rarely address each other directly. They are young to begin with, then middle aged, then old, then one dies. The anecdotes they relate are both humorous and tragic. Their lives seem wasted, yet the wife's muted final gesture of affection conveys a love that endured through years of bickering. A critical success in London, Irel

Journey Westward - Frank Shovlin 2012-01-01
Journey Westward suggests that James Joyce was attracted to the west of Ireland as a place of authenticity and freedom. It examines how this acute sensibility is reflected in Dubliners via a series of coded nods and winks, posing new and revealing questions about one of the most enduring and resonant collections of short stories ever written. The answers are a fusion of history and literary criticism, utilizing close readings that balance the techniques of realism and symbolism. The result is a startlingly original study that

opens up fresh ways of thinking about Joyce's masterpieces.

Guiding Our Hearts - Grace Roberts 2023-01-16
Everything happens for a reason. Maggie O'Hagan dreamed of leaving Ireland to explore the world. After her brother's sudden death, however, she knows she needs to set aside her dreams and resign herself to a more stable life in her Irish hometown, for the sake of her family's happiness—even if she ends up being the one who's unhappy. That's when he walks into her life. Although Harrison McNally loves his job as a photographer for the biggest travel magazine in Montreal, he's always looking for opportunities to get the perfect shot that would land him a position with National Geographic—even if this means all his traveling around the world will never allow him to have a serious relationship. That's when she steps out of his dreams. When Harrison lands in Ireland, he feels a sudden attraction for the
