

Hardys Wessex Identification Of Fictitious Place Names In Hardy's Work 3rd Edition

Bibliography of Writings about Thomas Hardy for the Years 1970 to 1985 - 1988

Faulkner's Place - Michael Millgate 2009-02-01

This volume brings together for the first time eight masterful essays on William Faulkner by one of his most eloquent and influential critics. Michael Millgate established himself as a leading authority on Faulkner with the publication of *The Achievement of William Faulkner* more than thirty years ago. Since then, in pieces such as "Faulkner and History" and "Faulkner's Masters," he has continued to reflect upon the legendary southern writer, his unique sense of physical place, and his place in literary history. Written with humor and insight, *Faulkner's Place* is lively, readable, and extremely accessible both to longtime Faulkner enthusiasts and to those who are new to his work. Taken together, the essays represent an impressive contribution to the understanding and appreciation of Faulkner's richly varied career.

Literary Onomastics Studies - 1975

The British National Bibliography - 1968

The British National Bibliography - Arthur James Wells 1970

Subject Index of Modern Books Acquired - British Library 1971

General Catalogue of Printed Books - British Museum. Department of Printed Books 1971

The Thomas Hardy Year Book - 1992

Proceedings - Dorset Natural History and Archaeological Society - Dorset Natural History and Archaeological Society 1973

List of members in each volume.

Hardy's Wessex Reappraised - Denys Kay-Robinson 1972

Wessex extended over parts of Cornwall, Devon, Somerset, Dorset, Wiltshire, Hampshire, and Berkshire. This book deals largely with Dorset, but touches on some of the other areas.

The Book Exchange - 1969

The Novels of Thomas Hardy as a Product of Nineteenth Century Social, Economic, and Cultural Change - Birgit Plietzsch 2004

Book Collecting and Library Monthly - 1970

Hardy's Wessex: Identification of Fictitious Place Names in Hardy's Works - James Stevens-Cox 1970

National Union Catalog - 1979

Includes entries for maps and atlases.

Cumulative Bibliography of Victorian Studies - 1970

Thomas Hardy - Mark Ford 2016-10-10

Because Thomas Hardy's poetry and fiction are so closely associated with Wessex, it is easy to forget that he was, in his own words, half a Londoner, moving between country and capital throughout his life. This self-division, Mark Ford says, can be traced not only in works explicitly set in London but in his most regionally circumscribed novels.

The British Library General Catalogue of Printed Books to 1975 - British Library 1977

Names in Literature - Grace Alvarez-Altman 1987

This volume celebrates the 15th anniversary of the Literary Onomastics Conference. The 21 essays presented here show how the study of names can illuminate works of all ages and genres. The essays range over epics and comic books; embrace Shakespeare, Moliere, Kafka, Carl Sandburg, and Toni Morrison, among many others; discuss the histories of names and their sounds; reveal how names identify a moment in time and how they communicate across the ages. Co-published with the American Name Society.

Thomas Hardy - J. B. Bullen 2013-06-24

A study of the fictitious world in Hardy's novels in relation to real places and Hardy's real-life experiences. Thomas Hardy's Wessex is one of the great literary evocations of place, populated with colourful and dramatic characters. As lovers of his novels and poetry know, this 'partly real, partly dream-country' was firmly rooted in the Dorset into which he had been born. J. B. Bullen explores the relationship between reality and the dream, identifying the places and the settings for Hardy's writing, and showing how and why he shaped them to serve the needs of his characters and plots. The locations may be natural or man-made, but they are rarely fantastic or imaginary. A few have been destroyed and some moved from their original site, but all of them actually existed, and we can still trace most of them on the ground today. *Thomas Hardy: The World of his Novels* is essential reading for students of literature and for all Hardy enthusiasts who want to gain new insights into his work. Praise for Thomas Hardy "Take pleasure in a book like this one, which skillfully interweaves its evocative accounts of Hardy's life, of Dorset and Cornwall places, and of the stories unfolded from places in six of his novels (and a few poems) so that we vividly re-experience them. . . . The pleasures of this book (and they are real) come from its ability to re-enchant us in a way that is not un-Hardy-like, to draw us again into the intensely seen, heard, and felt world of the novels and poems. It set me to re-reading Hardy, with different eyes." —Review 19
