I Don't - Susan Squire 2011-01-15

For 10,000 years, marriage - and the idea of marriage -- has been at the very foundation of human society. In this provocative and ambitious book, Susan Squire unravels the turbulent history and many implications of our most basic institution. Starting with the discovery, long before recorded time, that sex leads to paternity (and hence to couplehood), and leading up to the dawn of the modern "love marriage," Squire delves into the many ways men and women have come together and what the state of their unions has meant for history, society, and politics - especially the politics of the home. This book is the product of 13 years of intense research, but even more than the intellectual scope, what sets it apart is Squire's voice and contrarian boldness. Learned, acerbic, opinionated, and funny, she draws on everything from Sumerian mythology to Renaissance theater to Victorian housewife's manuals (sometimes all at the same time) to create a vivid, kaleidoscopic view of the many things marriage has been and has meant. The result is a book that will provoke and fascinate readers of all ideological stripes: feminists, traditionalists, conservatives and progressives alike.

Republicans Do the Dumbest Things - Bill Crawford 2000-05-05

Bill Crawford follows up his hit books *Rock Stars do the Dumbest Things* and *Movie Stars do the Dumbest Things* with a volume that reinforces what we've known all along - Republicans do the Dumbest Things. From George Bush barfing on the Japanese prime minister to Ronald Reagan's announcement of nuclear war, *Republicans do the Dumbest Things* is the first book to celebrate and catalogue the hilarious heritage of the GOP. This collection includes all the misguided actions, bizarre statements, and embarrassing moments of notable GOP members, including Bob Dole, Helen Chenoweth, Pat Buchanan, George W. Bush, David Duke, Gerald Ford, Ronald Reagan, Rudolph Giuliani, Jesse Helms, Strom Thurmond, Richard Nixon, and Dan Quayle. *Republicans do the Dumbest Things* is the perfect book for Election 2000, a funny, edgy examination of Republican antics this is sure to be as controversial as it is entertaining. Democrats will love it. Republicans will hate it. And everyone will want it.

Mental Health Nursing - Gylo (Julie) Hercelinskyj 2019-07-30

*Mental Health Nursing: Applying Theory to Practice* is a new Australian text combining a theoretical approach to mental health nursing with clinical reasoning and a practical framework for real-life nursing situations. Ideal for both clinical and theory mental health course units, the text was developed with input from consumers and clinicians, and includes the clinical manifestations, impacts, treatment and management of persons suffering from mental illness. Chapters on suicide and self-harm, and Mental Health First Aid provide detailed coverage of these contemporary mental health issues, while a chapter on mental state examination (MSE) comprehensively explores MSE in a style similar to a traditional psychiatry text and in the context of many different mental health conditions, giving students multiple perspectives of presentations. Critical thinking and review questions challenge students to apply theory to practice, and pharmacology is discussed in each disorder-chapter, helping students to contextualise their learning. With coverage of the Mental Health Act (2014), and criteria from the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5) integrated throughout, the text equips students with a working understanding of major mental health disorders, and the ability to work practically when engaging with persons suffering from mental illness. New, print versions of this book come with bonus online study tools on the CourseMate Express and Search Me! Nursing platforms.

A History of Celibacy - Elizabeth Abbott 2001

Joan of Arc was one. So was Sir Isaac Newton. A monk vows to be one. A

prisoner has no choice. History tells of many avowed celibates, and today's society reflects a renewed interest in celibacy. But what causes people to give up sex, the very activity that drives, fascinates, troubles, and delights so many of the rest of us? Elizabeth Abbott's exploration of celibacy debunks the traditionally held notion that celibacy is a predominantly religious concept of little concern to the secular world. Chosen or imposed for myriad reasons, celibacy actually is a practice that reveals a host of telling insights about our sexual desires and drives, as well as our changing attitudes toward religion, gender, and physical health. *A History of Celibacy* humanises celibacy through the ages, from the vestal virgins of ancient Rome who were entombed alive if they broke their vows, to contemporary athletes who conserve semen to enhance their game. While most people associate institutional celibacy with Catholicism, Abbott shows how virtually every culture and religion through history has incorporated it in some form. Her examples range from Judaism's rules regarding abstinence during menstruation to Hinduism's forced celibacy for widows. Written from a feminist perspective, the book paints a dual portrait of celibacy as both emancipator and enslaver of women and the poor. Yet the book's focus is not solely on women. It recounts for instance the forced castration of Italy's young male sopranos, and tells why impoverished Chinese boys and men became eunuchs for the Emperor. The extremes to which people will go to abstain from sexual activity or to prevent others from having sex is an intriguing thread through a serious book.

An Underground Education - Richard Zacks 1999-04-20

The best kind of knowledge is uncommon knowledge. Okay, so maybe you know all the stuff you're supposed to know--that there are teenier things than atoms, that Remembrance of Things Past has something to do with a perfumed cookie, that the Monroe Doctrine means we get to take over small South American countries when we feel like it. But really, is this kind of knowledge going to make you the hit of the cocktail party, or the loser spending forty-five minutes examining the host's bookshelves? Wouldn't you rather learn things like how the invention of the bicycle affected the evolution of underwear? Or that the 1949 Nobel Prize for Medicine was awarded to a doctor who performed lobotomies with a household ice pick? Or how Catherine the Great really died? Or that heroin was sold over the counter not too long ago? For the truly well-rounded "intellectual," nothing fascinates so much as the subversive, the contrarian, the suppressed, and the bizarre. Richard Zacks, auto-didact extraordinaire, has unloosed his admittedly strange mind and astonishing research abilities upon the entire spectrum of human knowledge, ferreting out endlessly fascinating facts, stories, photos, and images guaranteed to make you laugh, gasp in wonder, and occasionally shudder at the depths of human depravity. The result of his labors is this fantastically illustrated quasi-encyclopedia that provides alternative takes on art, business, crime, science, medicine, sex (lots of that), and many other facets of human experience. Immensely entertaining, and arguably enlightening, *An Underground Education* is

the only book that explains the birth of motion pictures using photos of naked baseball players. Richard Zacks is the author of *History Laid Bare: Love, Sex and Perversity from the Ancient Etruscans to Warren G. Harding*, which was excerpted in classy magazines like Harper's and earned the attention of the even classier New York Times, which noted that "Zacks specializes in the raunchy and perverse." The Georgia State Legislature voted on whether to ban the book from public libraries. He has studied Arabic, Greek, Latin, French, Italian, and Hebrew, and received the Phillips Classical Greek Award at the University of Michigan. He has also told his publisher that he made a living in Cairo cheating royalty from a certain Arab country at games of chance, although the claim remains unverified. His writing has appeared in the New York Times, The Atlantic Monthly, Time, Life, Sports Illustrated, The Village Voice, TV Guide, and similarly diverse publications. Zacks is married and busy warping the minds of his two children, Georgia and Ziegfield. He resides in New York City, and can be reached via e-mail at rzacks@echonyc.com.

**How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book One** - Jon Knowles 2019-03-31

The ghosts that haunt our sexual pleasure were born in the Stone Age. Sex and gender taboos were used by tribes to differentiate themselves from one another. These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city-states and empires. For the early Christians, all sex play was turned into sin, instilled with guilt, and punished severely. With the invention of sin came the construction of women as subordinate beings to men. Despite the birth of romance in the late middle ages, Renaissance churches held inquisitions to seek out and destroy sex sinners, all of whom it saw as heretics. The Age of Reason saw the demise of these inquisitions. But, it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime, degeneracy, and sickness. The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists, such as Alfred Kinsey and Margaret Sanger, sought to carve out a place for sexual freedom in society. However, strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence. Volume I of this two-part publication traces the history of sex from the Stone Age to the Enlightenment. Interspersed with 'personal hauntings' from his own life and the lives of friends and relatives, Knowles reveals how historical discourses of sex continue to haunt us today. This book is a page-turner in simple and plain language about 'how sex got screwed up' for millennia. For Knowles, if we know the history of sex, we can get over it.

*New York Magazine* - 1994-04-04

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and

**Mental Health Nursing Enhanced Edition 1e** - Gylo (Julie)

Hercelinskyj 2021-11-01

Mental Health Nursing is an Australian text combining a theoretical approach to mental health nursing with clinical reasoning and a practical framework for real-life nursing situations. Ideal for both clinical and theory mental health units, the text was developed with input from consumers and clinicians, and includes the clinical manifestations, impacts, treatment and management of persons suffering from mental illness. Chapters on 'Suicide and non-suicidal self-injury' and 'Mental health first aid' provide detailed coverage of these contemporary mental health issues, while a chapter on Mental State Examination (MSE) comprehensively explores MSE in a style similar to a traditional psychiatry text and in the context of many different mental health conditions, giving students multiple perspectives of presentations. Critical thinking and review questions challenge students to apply theory to practice, and pharmacology is discussed in each disorder-chapter, helping students to contextualise their learning. With coverage of the Mental Health Act (2014), and criteria from the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5) integrated throughout, the text equips students with a working understanding of major mental health disorders, and the ability to work practically when engaging with persons suffering from mental illness. This enhanced edition now also includes discussion around mental health as it pertains to the effects that COVID-19 and the global pandemic have had on consumers and practitioners. Resources for the instructor include updated Instructor's Manual, PowerPoints and Test Bank.
