known? Then this is the right book for you. The good news is that there's a solution for you and it's very easy and fun to do. If rejection is a great challenge for you, you'll find out how to get the first one to say yes. Then, the second, third and so on - this will pump up your adrenaline and whet your appetite for more. In this book you'll learn techniques that will make you irresistible and avoid being friend zoned, by playing your card in the attacking mode from the onset. You'll find out the main reasons for rejection and how you can avoid it, or at least limit it, especially for those who have not yet mastered the art of getting women and need to develop the confidence to shrug off rejection. You'll also find out how to put a woman under your spell. Why beg her for attention when you can cast her under your spell. Instead of you fighting and begging for them to accept you into their lives, you turn the table and make them fight for your attention. You'll learn simple

things that although will take a few months to master, you can begin seeing the results immediately. Men are moved by what they see, but women are moved by what they hear. In this book we'll also see how to say the right things to a girl. What you say and how you say it, is going to be the difference between having a girlfriend or being locked up in the friend zone. We'll see how to make use of those subtle and subconscious signs girls use to let you know they are attracted to you. If you are death scared of rejection, I'll show you how to use it to your advantage. I share with you secrets that girls themselves with never tell you, you can only discover it. I share with you decades of experience both from mine and others who have had great success with women. Getting a girlfriend shouldn't make you cringe, instead it should be like an adventure all the way. You should enjoy every bit of it - including the ups and downs. Get this book now and join the elite group of guys who can get any girl they want.
