Women in Design - Anne Massey 2022-11-03

The work of women designers has not traditionally been the focus of mainstream histories of design. By revealing the untold story of female design pioneers, this comprehensive introduction celebrates their crucial role in the history of modern processes of making. Arranged chronologically, this guide considers the structural barriers to professional success and how women overcame these hurdles, charting the success of designers including Anni Albers at the Bauhaus, the architect Eileen Grey, interior decorator Elsie de Wolfe and fashion icon Mary Quant, focusing on the key subjects of architecture, craft, fashion, furniture, graphics, interior, product and textile design. The link between early twentieth-century revolutionary design and lifestyle is explored, as well the ideas of shopping and consumerism as a liberating activity. The important contribution of designers during and after the Second World War is also discussed, along with design activism, design collectives and the current success of women working transnationally in architecture and design.

Game Love - Jessica Enevold 2015-01-09

What does love have to do with gaming? As games have grown in complexity, they have increasingly included narratives that seek to engage players with love in a variety of ways. While media attention often focuses on violent emotions and behavior in gaming, love has always been central to the experience. We love to play games, we have titles that we love, and sometimes we love too much or love terrible games for their shortcomings. Love in gaming is rather like love in life—often complicated and frustrating but also exciting and gratifying. This collection of fresh essays explores the meaning and role of love in gaming, describing a number of ways—from coding to cosplay—in which love can be expressed in, for and around games. Investigating how gaming involves love is also key to understanding the growing importance of games and gamers as cultural markers.

[Play the Way You Feel](#) - Kevin Whitehead 2020

"This book—both a narrative and a film directory—surveys and analyzes English-language feature films (and a few shorts and TV shows/movies) made between 1927 and 2016 that tell stories about jazz music, its musicians, its history and culture. *Play the Way You Feel* looks at jazz movies as a narrative tradition with recurring plot points and story tropes, whose roots and development are traced. It also demonstrates how jazz stories cut across diverse genres—biopic, romance, musical, comedy and science fiction, horror, crime and comeback stories, "race movies" and modernized Shakespeare—even as they constitute a genre of their own. The book is also a directory/checklist of such films, 66 of them with extensive credits, plus dozens more shorter/capsule discussions. Where jazz films are based on literary sources, they are examined, and the nature of their adaptation explored: what gets retained, removed, or invented? What do historical films get right and wrong? How does a film's music, and the style of the filmmaking itself, reinforce or undercut the story?—

City Girl, Country Girl - Amanda Clark 1991

Examining the Evolution of Gaming and Its Impact on Social, Cultural, and Political Perspectives - Valentine, Keri Duncan 2016-06-20

With complex stories and stunning visuals eliciting intense emotional responses, coupled with opportunities for self-expression and problem solving, video games are a powerful medium to foster empathy, critical thinking, and creativity in players. As these games grow in popularity, ambition, and technological prowess, they become a legitimate art form, shedding old attitudes and misconceptions along the way. *Examining the Evolution of Gaming and Its Impact on Social, Cultural, and Political Perspectives* asks whether videogames have the power to transform a player and his or her beliefs from a sociopolitical perspective. Unlike traditional forms of storytelling, videogames allow users to immerse themselves in new worlds, situations, and politics. This publication surveys the landscape of videogames and analyzes the emergent gaming that shifts the definition and cultural effects of videogames. This book is

a valuable resource to game designers and developers, sociologists, students of gaming, and researchers in relevant fields.

[Zelda Fitzgerald](#) - Sally Cline 2013-07-04

Zelda Fitzgerald, along with her husband F. Scott Fitzgerald, is remembered above all else as a personification of the style and glamour of the roaring twenties - an age of carefree affluence such as the world has not seen since. But along with the wealth and parties came a troubled mind, at a time when a woman exploiting her freedom of expression was likely to attract accusations of insanity. After 1934 Zelda spent most of her life in a mental institution; outliving her husband by few years, she died in a fire as she was awaiting electroconvulsive therapy in a sanatorium. Zelda's story has often been told by detractors, who would cast her as a parasite in the marriage - most famously, Ernest Hemingway accused her of taking pleasure in blunting her husband's genius; when she wrote her autobiographical novel, Fitzgerald himself complained she had used his material. But was this fair, when Fitzgerald's novels were based on their life together? Sally Cline's biography, first published in 2003, makes use of letters, journals, and doctor's records to detail the development of their marriage, and to show the collusion between husband and doctors in a misdirected attempt to 'cure' Zelda's illness. Their prescription - no dancing, no painting, and above all, no writing - left her creative urges with no outlet, and was bound to make matters worse for a woman who thrived on the expression of allure and wealth.

The Internet President - P.G. Sundling 2019-03-11

--Winner "Cross Genre" Category 2018 American Fiction Awards--
[Audiobook narrated by Grammy-winning Stefan Rudnicki and award-winning Gabrielle De Cuir.] Part wacky adventure, part political thriller, this unconventional story will keep you guessing. "One of the most original and creative stories I have read in a very long time." --Goodreads reader with over 1,500 ratings! James Wong built a billion-dollar software company with childhood friend Maria Cortez, but a shady investor stole their company. In a video game, James would defeat the villain with a power-up. Maria tells him there aren't power-ups in real life, but James finds the ultimate power-up watching TV in a bar: become president. Making important life decisions in a bar, what could go wrong? Could a non-politician change their name to None of the Above and get elected president? When James and Maria land their own reality TV show, they try to answer that question. They must uncover secrets about their company and themselves, as the world falls apart around them. It will take every ounce of Maria's strength and every crazy idea James can muster to get their company back. Can they survive the chaos of reality TV, the corruption of Washington, and the dark forces aligned against them? Background: When I began writing the book in 2014, I was afraid that many of my ridiculous subplots, like a presidential candidate with his own reality TV show, were too hard to believe. Then Trump ran for president, and the book became more plausible by the day. When events similar to my book began to happen during the 2016 election cycle, it got so weird that I stopped reading the news. When I went back later to research the "Fact Versus Fiction" section after the ending, I found even more events similar to the book had happened. What readers are saying: "prepare for rib-cracking laughter." (Online Book Club reader) "A thriller in every meaning of the word. If you enjoy action books at all, or if you just want some form of fictional closure on the baffling mess that was the 2016 election, I cannot recommend this book highly enough." -- Official Review, Online Book Club (4 out of 4 stars rating) "The story keeps you guessing and in the third act the intrigue and politics give way to a conclusion full of heart-pounding action." "There's a surprise around every corner--be prepared to laugh, cry and for your heart to race." "Thrilling pacing and breakthrough concepts leaves the reader seared in thought." "Amazingly captures the new political landscape that is forming day-by-day. Fans of political thrillers, conspiracy theories, or those looking for a satirical escape from the dreary news that we see every day will certainly enjoy *The Internet President: None of the Above*" -- Official Review, Thriller Magazine (5 out of 5 stars rating and a finalist for International Thriller Award) *Still Another Time*, *Times Remembered* - Paul Brown 2011-09
Still Another Time, *Times Remembered* is a collection of stories. Grandma's love created treasures for her family that money simply could

not buy. Grandma crafted family heirlooms to pass along to her family, spending many hours of time, in Grandma's Quilt. Grandpa's love of boating, fishing, and crabbing gave Tony, his grandson, plenty of time to spend as a youngster with his grandpa in All Aboard Grandpa's Boat. Dwight's world revolved around a mere few blocks where he lived and attended school. His fantasy world existed from a viewslider, sold in the catalog at Mr. Dugan's store. Come along and travel into Dwight's world in Viewslider Into Travel. Hope is, Hope Always, Hope Eternal tells the story of Henry, who has been in a coma for over four decades. Laura, his devoted wife and mother of the children he knew only as small youngsters, is surprised one day. Hope is a story of the power of love and prayer. Zelda was every student's nightmare at St. Clair's Academy for girls. The Lady in the Black Dress is Zelda's story. Zelda, the witchy windbag eventually transforms after the home economics girls fashion her with a green outfit. From witchy to mellow. My Home has a Motor tells the story of two high school brothers, Carlos and Javier, and their mother Carlotta. The high school boys become homeless, and find a life that is turned upside down. The boys lead a secret life, until an observant coach brings the darkness of their days back into brightness. Jason wanted to be a big boy, and learn to wash his own clothes, just like his older sister. Into the Washer is the exploits of Jason, who learned in his own way from Uncle Zachary, how to wash clothes and somehow Jason ends up in washer land. Jared was a great student, had terrific younger siblings, and an older sister. Jared had parents, grandparents and he had plenty of activities to keep him busy. Life was normal, until he needed to bring his birth certificate to school, only to discover a family secret in the fire safe, in The Lost Boy. Auntie Ruby, Ever the Star highlights the life and times of the bright star that every family has, older sister Ruby. Ruby, with her 'Rubyistics' and unique style comes to life in this story. Passages through Time brings Adam to town, as the new kid. Adam's passion for soccer, will lead him to befriend a mentor, Gum Chew, which will one day help him with life's choices. Oliver wanted to return to his hometown, for his high school thirty year reunion. Pine Country Estates, his old neighborhood and paper route, have changed since boyhood when Oliver started delivering papers. Oliver reminisces the paper route from his bicycle and from his times parked in front of his girlfriend Mindy, in The Paper Boy. Birdy is back once more, flying into to his next adventure in Birdy the Backyard Blue Jay in The Flight for a Fright'. Come along as Birdy's buddies search for his dog friends Le Peep and Helmet, before the dog catches catch them.

My Mother's Wedding Dress - Justine Picardie 2013-03-28

In this absolutely unique treasure trove of fashion, family memoir and literature, Justine Picardie tells a sequence of stories that reveal the fabric of the past, and how a family has fashioned itself through the clothes that they have worn: from her mother's black wedding dress to her first party frock, a translucent winged fairy outfit that provided an early lesson in what we uncover, and what we cover up. She also tells of her encounters with fashion designers - Karl Lagerfeld and Donatella Versace, among others; conversations with supermodels, and her search for Charlotte Bronte's ring. My Mother's Wedding Dress unravels why we care so much about clothes - the white satin and feathers and little black dresses with which we armour ourselves; the material of our lives. Above all, it is Justine Picardie's inimitable voice and thought-provoking quest for answers to her own past that make this book so special. 'An enticing combination of autobiography, biography, memoir, discourse, interviews, fashion notes, and dreams... a sparky and original book' Daily Mail 'Highly stylish and unusual, a selection of swatches that works as a whole' Sunday Telegraph

The Last Will & Testament of Zelda McFigg - Betsy Robinson 2014-09

Meet Zelda McFigg. She is 4-feet 11-inches tall, 237 pounds, and convinced that she could be somebody, if only someone would recognize her inner beauty and star quality. Cousin to Ignatius J.
