Long Distance Relationships: How you can make them work - Vanessa M. Lopez 2016-04-01

Are you in a long distance relationship? Find out how you can make it work! Advanced communication capabilities have given us the power to choose where we can have jobs, but sometimes it just so happens that the one you love can not likewise be transplanted from his or her current station. Should that automatically mean the end of your relationship? Of course not. Distance is not only a spatial quantity but also an emotional one, too. You and your lover might be far from each other and have the nearest hearts. It might seem like a cliché, indeed; countless movies and romance fictions have made it so, but true love can withstand all things. If you are in the same situation and you know that you and your partner can make it work though you have no idea how, then this little book is for you. It is for the brave, the committed, the one who knows the difference between something that needs work, and something that needs to end.

How to Make a Long Distance Relationship Last - Tony Wiilliam 2017-07-16

Everything would be fine if we lived in the same town/state/country, is the common reason many men and women give for a long distance relationship not working out. Yes, distance can put an enormous strain on a relationship, but claiming that "distance" is the only reason a relationship didn't work out, or cannot work is putting your hands over your ears and shouting, "Land" because the truth is, it's too much to handle. I've met many men and women who won't try long distance relationships because according to them "long distance relationships just don't work." That simply isn't true! Long distance relationships Can and do work if the two individuals involved want it to. In my opinion, the question is not "do long distance relationships work?" But rather "Do both of you want to make it work?" If you both want to make it work, distance is just another obstacle that two people who truly love each other can easily overcome if they really want to. These simple to follow tips will help your long distance relationship not only survive distance, they'll also help you lay a strong foundation for a relationship that is fun, fulfilling and successful last? The internet highway has changed the way we live and the way we love. It has changed the way we socialize, and it has also increased the likelihood of finding love over the internet.

Conversations are easy to strike up with regularity, and it's easy to discover that you have strong feelings for someone who lives hundreds or thousands of miles away from you! Many people are choosing to have long distance relationships. Long distance relationships might feel wonderful at first. However, they come with their own set of unique challenges as well. Many couples are blind-sided by the impact a long distance relationship can have on their daily life. This person can now feel so close to you because of the internet and yet in reality, remain so far away. The paradox is weighty. The more prepared you are to handle the situation, the better equipped you both will be to make decisions along the way that will benefit you and your special someone, and possibly make it a safer and enjoyable experience.

Love Beyond Borders - Blessing Ekundayo 2019-10-08

Love Beyond Borders...Secrets to a Successful Long-Distance Relationship is a book that tells the romantic true-life story of how two young people found love across the oceans. In addition, it guides you on the step by step process of finding and maintaining true love online. It explains important principles required to make a long-distance relationship work while providing practical tips on how lovers can succeed at this unique relationship leading to a successful marriage. In the book you will find out:

- If a long-distance relationship is right for you
- What to do before getting into a long-distance relationship
- How to make the right choice of who to get into a relationship with online
- Important questions to ask in a long-distance relationship
- How to have fun and light up the passion in your long-distance relationship
- Ways of dealing with the fears and uncertainties of a long-distance relationship

There's no better person to share these secrets with you than a person who has experienced a long-distance relationship and succeeded in it. I have shared in this book how I found true love online, my five year long-distance relationship journey which led to marriage. I've now been married for six years and loving it. If I could make it, you too can! I have also shared with permission the true life stories of people who were in a long-distance relationship, some of who failed and others who succeeded at it. You will be able to learn from them

Long Distance Love - Christopher Conway 2021-03-28

Review: "This blueprint helped me strengthen my Long Distance relationship with Maria in Mexico. Having your blueprint is like having a personal mentor by my side whenever there are issues. We had an issue with keeping things fun long-distance; chapter 8 in your blueprint saved us." - Preston Zygb: Niagra Falls, NY

Want to make a long-distance love relationship work? The blueprint to starting a long-distance relationship that's fun and successful, even if friends & family tell you it won't, is staring directly at you today- so keep reading. You met someone genuinely unique. □ Problem: this person lives in a different city, state, or even country than you. How on earth can you make a relationship that starts long-distance work? Your friends and family think that your love has a slim chance of survival. Maybe they're just jealous, or perhaps they're correct. Either way, you go to bed each night with a powerful desire to prove friends & family wrong. When it comes to the game of love, it's nothing like sticking your thumb in the eyes of naysayers to prove them wrong. "According to an article in the New York Post, Long-distance relationships have a 58 percent success rate, according to new research." Your mission is to learn as much as possible about long-distance relationship pitfalls, how to navigate around them, and how to make long-distance feel like a same-city relationship to increase the chances of survival. You don't want some resource that's just another love story of how one couple made their long-distance relationship

successful. You want actionable steps that have worked for countless successful, long-distance couples. What shared strategies and problem-solving methods exist among successful long-distance couples? That's what you'll find in 'Long Distance Love.' "After reading Love Distance Love, ' I finally figured out why my last long-distance relationship crashed and burned. I plan to use the actionable strategies in your blueprint to ensure that my new long-distance love stays my love forever this time. Thanks!" - Meghan Parksdale: Gatlinburg, TN 'Long Distance Love' is ideal for anyone thinking of starting a long-distance relationship or you're currently in one, things are a bit shaky, and you need help to ensure you both stay together. If you're looking for a guide to increase your long-distance relationship's chance of success- your eyes found it today. This blueprint is unique because it's not some erotic love story wrapped in positive thinking manifestations. I've compiled actionable steps from hundreds of successful long-distance couples, and I want you to get access to use these strategies. I also address the taboo topic of sex because other books won't touch on this topic. Sex is critical in the survival and fullness of your long-distance relationship. Ignore sex at your peril. This is how your relationship will transform after executing the methods in this blueprint: An action plan to keep love moving in the ideal direction How to navigate arguments back to calm waters The proper way to use sex to keep things fun Over-looked methods for building trust that make both of you feel secure Fun date ideas to keep your partner thinking about you when you're not there A gameplan to transition to a same-city relationship ...and much more Even if your last long-distance relationship failed, you could still be successful in a new one once you use this blueprint's strategies. Long Distance Relationship Guide: a Simple Guide for Christian with Tips on How to Make a Long Distance Relationship Work - T. C. Hill 2013-03-29

Long Distance Relationship Guide A Simple Guide for Christian with Tips on How to Make A Long Distance Relationship Work This guide will be simple in that it intends to provide practical, understandable advice for those particular Christian (or curious non-Christian) couples who choose to (or are forced to) maintain a long-distance romantic relationship. However, maintaining a thriving romantic relationship of any sort is anything but easy or simple. It takes work. It asks that two people swallow a greater part of their selves in order to contribute to the well-being and functioning of the whole bond. The first half of this guide all about the habits of successful Christian couples. It's about attitudes and behaving in a way that promotes the longevity of the relationship, whether newly formed or bonded for years and years. You might be searching particularly for some ideas on what you can do with your significant other while in a long-distance relationship. For example, practical and creative ways of bonding. You will find those tidbits in the second half of the guide. This guide, while written specifically for the Christian audience, is still inclusive for any other audience that might read it. While much of the information presented here come from and are reasoned with the Christian perspective, the advice is nonetheless practical whether you subscribe to the Christian faith or not. I invite you to stick around, for there might be something useful for you.

Maintaining Relationships Through Communication - Daniel J. Canary 2003-01-30

Relational maintenance provides a rallying point for those seeking to discover the behaviors that individuals utilize to sustain their personal relationships. Theoretical models, research programs, and specific studies have examined how people in a variety of close relationships choose to define and maintain those relationships. In addition, relational maintenance turns our attention to communicative processes that help people sustain their close relationships. In this collection, editors Daniel J. Canary and Marianne Dainton focus on the communicative processes

critical to the maintenance and enhancement of personal relationships. The volume considers variations in maintaining different types of personal relationships; structural constraints on relationship maintenance; and cultural variations in relational maintenance. Contributions to the volume cover a broad range of relational types, including romantic relationships, family relationships, long-distance relationships, workplace relationships, and Gay and Lesbian relationships, among others. *Maintaining Relationships Through Communication: Relational, Contextual, and Cultural Variations* synthesizes current research in relationship maintenance, emphasizes the ways that behaviors vary in their maintenance functions across relational contexts, discusses alternative explanations for maintaining relationships, and presents avenues for future research. As such, it is intended for students and scholars studying interpersonal communication and personal relationships.

Wired for Love - Stan Tatkin 2012-01-02

"What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. The good news is that most people's minds work in predictable ways and respond well to security, attachment, and rituals, making it possible to actually neurologically prime the brain for greater love and fewer conflicts. *Wired for Love* is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. By learning to use simple gestures and words, readers can learn to put out emotional fires and help their partners feel more safe and secure. The no-fault view of conflict in this book encourages readers to move past a "warring brain" mentality and toward a more cooperative "loving brain" understanding of the relationship. Based in the sound science of neurobiology, attachment theory, and emotion regulation research, this book is essential reading for couples and others interested in understanding the complex dynamics at work behind love and trust in intimate relationships.

The Long-Distance Relationship Survival Guide - Chris Bell 2012-01-04
Skyrocketing phone bills. Layovers and missed flights. Countless hours spent pining, worrying, and wondering, Why do we do this to ourselves? Long-distance love can be one challenge after another, but as most committed couples will tell you, the rewards well outweigh the stresses. In this sensitive yet sensible guide, long-distance veterans Chris and Kate provide strategies for making the distance seem shorter and outline eight essential skills for relationship success: Communicating effectively Establishing mutual goals and expectations Dealing with issues of trust, fidelity, and independence Having fun in spite of the distance Managing time, schedules, and stress Keeping the relationship real Balancing sex and emotional intimacy Making the transition to same-city living Based on interviews with more than 100 couples and packed with knowledgeable tips and honest advice, *THE LONG-DISTANCE RELATIONSHIP SURVIVAL GUIDE* proves that, with patience and dedication, a loving relationship can not only survive but also thrive across the miles.

Long Distance Relationships - Amanda Ryan 2016-05-03

This book will be your guide to make your long distance relationship work. A love relationship is not only about roses, but also about its thorns. While falling in love might be the easier thing to do, keeping a relationship alive can be demanding. But, it gets even more difficult if the two lovers are separated by miles of distance. One needs to constantly work on the relationship. There can be many issues and problems that can threaten a long distance relationship. Issues, such as jealousy and insecurity constantly hover around such a relationship. A deep understanding of them will help you to avoid them at the first place and deal with them effectively if you get to face them. Along with love, the right intention and lots of hard work is required to head in the right direction in the relationship. It is imperative that the one constantly works on the relationship. While it can be difficult, it is definitely not impossible. With some dedicated efforts and some tips, you will do just fine.

Commuter Spouses - Danielle Lindemann 2019-03-15

What can we learn from looking at married partners who live apart? In *Commuter Spouses*, Danielle Lindemann explores how couples cope when they live apart to meet the demands of their dual professional careers. Based on the personal stories of almost one-hundred commuter

spouses, Lindemann shows how these atypical relationships embody (and sometimes disrupt!) gendered constructions of marriage in the United States. These narratives of couples who physically separate to maintain their professional lives reveal the ways in which traditional dynamics within a marriage are highlighted even as they are turned on their heads. *Commuter Spouses* follows the journeys of these couples as they adapt to change and shed light on the durability of some cultural ideals, all while working to maintain intimacy in a non-normative relationship.

Lindemann suggests that everything we know about marriage, and relationships in general, promotes the idea that couples are focusing more and more on their individual and personal betterment and less on their marriage. Commuter spouses, she argues, might be expected to exemplify in an extreme manner that kind of self-prioritization. Yet, as this book details, commuter spouses actually maintain a strong commitment to their marriage. These partners illustrate the stickiness of traditional marriage ideals while simultaneously subverting expectations.

Long Distance Love - HowExpert 2016-09-11

If you want to make your long distance relationship work, then get this step by step guide by someone who has that EXACT experience in real life. As with any relationship, a long distance relationship involves more than just the two people trying to make it in a difficult and strenuous relationship. It involves family, friends and all people who care about us. Because long distance relationships can be especially stressful, I offer a step-by-step guide to negotiating different aspects of the relationship. In my book, I discuss tips and guidelines that will help with each phase of the relationship from meeting to courtship. I interject personal stories and asides regarding my UK to US romance in a way that showcases the human side of the advice that is always easier to offer than to truly apply. Advice includes: • What to consider entering a long distance relationship. • How to find love and decide whether or not a connection is worth fighting for as it is maintained through a long distance relationship. • Establishing the objectives and logistics involved in seeing through an online relationship to a successful outcome. • How to trust and rely on a partner you are not with in the flesh. What to consider before committing to an online relationship and how to tackle feelings of mistrust and insecurity. • Modern courtship and how to negotiate meeting the family and courting a long distance partner in an already difficult situation. • Coping with the distance and loneliness involved in a long distance relationship. • Preparing for the big day and changes that lie after working to be together with a long distance partner at last. As a long distance relationship forms and progresses, there are many obstacles, which require being addressed. My guide describes the stages of the relationship and the stages of planning a long distance relationship must undergo in order to succeed. About the Expert Having been in a long distance relationship more than once, I am all too familiar with the obstacles and concerns of everyone involved. Long distance relationships are something my family had to cope with as being part of a wave of the future. The ease of communication in the modern age also makes it easier to develop strong emotional attachment to people you can't see. My behavior initially made my family confused when I began expressing myself through online communication and relationships. While I did not expect to find love, let alone fight for it as I did, it was worth it in the end to see it succeed. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Long-Distance Relationship Intimacy Hack - Claire Robin
Love is something so beautiful everyone wishes to experience it, but it is not without challenges in every relationship. Relationships are always filled with ups and downs and in such times, the strength of both love and understanding is tested. Long-distance relationships unlike relationships where the partners get to see each other frequently, is more demanding. It would take double efforts, understanding, trust, and commitment to maintain them. However, there are many people in a long-distance relationship that managed to keep it going regardless of the hurdles. It just needs the effort of both parties and things will go

smoothly. If you're the only one striving to make things work, then chances are your relationship will come to an end eventually. Stay in a relationship where both parties are willing to fight for the blooming and thriving of the relationship. As the saying goes, it takes two to tango. There are times when relationships start as short distanced but due to certain life changes such as work transfers, new job offers, or

educational purposes, one partner is made to move away from another and serious adjustments will have to be made. Many relationships may even end due to this reason, but there are many equally that do thrive as a result of joint efforts. If you're looking for ways to revive and keep your long-distance relationship blooming, then this book is for you.
