After-School Centers and Youth Development - Barton J. Hirsch 2011-09-12

This book examines after-school programs in light of their explosive growth in recent years. In the rush to mount programs, there is a danger of promoting weak ones of little value and failing to implement strong ones adequately. But what is quality and how can it be achieved? This book presents findings from an intensive study of three after-school centers that differed dramatically in quality. Drawing from 233 site visits, the authors examine how - and why - young people thrive in good programs and suffer in weak ones. The book features engaging, in-depth case studies of each of the three centers and of six youths, two from each center. Written in a highly accessible style for academics, youth workers, after-school program leaders and policy makers, the study breaks new ground in highlighting the importance of factors such as collective mentoring, synergies among different programs and activities, and organizational culture and practices.

Nervous to Approach and Talk to Women 1-on-1? Wipe Your Tears - The Final Solution is Here...

☐ Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free ☐ If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough—just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (Indirect opener) and DO (Direct Opener), and how they're applied with examples. We looked into

nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline. **Feminist Figure Girl** - Lianne McTavish 2015-01-08

Analyzes the author's transformation from academic to figure competitor. Feminist Figure Girl chronicles the transformation of art history professor Lianne McTavish, from a university professor into an extraordinarily tanned and crystal-encrusted bikini-wearing figure girl. Figure competitions seek a softer appearance than traditional forms of bodybuilding but still require rigorous weightlifting, an extreme protein diet, and many hours of posing in high heels. While training for a figure show, McTavish combined autoethnographic methods, participant observation, and feminist theory to find new ways of thinking about physique culture and the female body. The author, who specializes in critical visual culture and the history of the body, explores such contemporary issues as body image, fat studies, identity politics, and postfeminism, while rethinking fitness culture, diet regimes, feminist politics, reproductive activism, performance art, and the social function of photography. Written in a lively personal style reminiscent of McTavish's popular blog, she clearly explains the complex ideas stemming from the theoretical work of such writers as Judith Butler, Simone de Beauvoir, Michel Foucault, Iris Marion Young, Edmund Husserl, and Maurice Merleau-Ponty. The book also includes many photos documenting McTavish's physical transformation. Dieting and exercising with the goal of posing onstage in a bikini and heels is not what many think of when they think of feminism, but then those people have never read Feminist Figure Girl. Lianne McTavish brings figure competitions and feminism two seemingly opposed things together in this intellectually challenging, deeply personal book. This is a must read for anyone with a passion for feminism and fitness. Caitlin Constantine, editor of the Fit and Feminist blog

*The Great Fitness Experiment* - Charlotte Andersen 2011-04

In *The Great Fitness Experiment*, a funny and informative guide through the morass of contradictory claims and information in today's health/fitness-obsessed world, Charlotte Hilton Andersen goes from gym rat to lab rat, trying a new workout each month for a year in an attempt to discover what works, what doesn't and what's just plain weird. She delves into such subjects as the Action Hero Workout, Cross Fit Training, Going Vegan, Double Cardio, and others. Interspersed between the chapters on the monthly experiments, Andersen offers personal essays on everything from her past experiences with eating disorders to testing the ugliest fitness shoes on the planet to lesson about, as she puts it "what I've learned from being a girl in our body-obsessed culture." She writes candidly about her history of anorexia, orthorexia and "general-low-self-esteem-exia" and includes anecdotes about the effects of the "health" craze on my students, friends and gym buddies. In addition, she scours the most recent research to let readers know whether drinking milk after weight lifting really does build more muscle (yep!) or if it matters whether you do cardio or weights first (nope!). She also tests some of the stuff readers have heard about and secretly wanted to try but would never embarrass themselves doing. Readers get all the entertainment and none of the carpet burns as Charlotte bends it like a ballerina, squats like a sprinter, gets hemorrhoids like an Olympian, and HOO-ah like a Navy seal. By the end readers will have new ideas about how to eat healthier, work out smarter, and hold their own in a Photo-shopped world.
