Russian Girl-American Migrant By: Thomas E. Berry, Ph, D. Reared in Stalin's communist world, where Lenin was the Godhead, a lovely and charming 17-year-old Russian girl is graduating from one of the famous Soviet Pioneer Schools. Sonya had been an excellent student, specializing in Lenin's political philosophy. She has graduated with a position in the famous Lenin Library in Moscow. When communism failed in the late 1980s, the US Government was granted a small research center in the Lenin library. Five American scholars were sent to study the new Yeltsin government. **Dr. Charles David Spivak** - Jeanne Abrams 2009-05-31  
Part biography, part medical history, and part study of Jewish life in turn-of-the-century America, Jeanne Abrams's book tells the story of Dr. Charles David Spivak - a Jewish immigrant from Russia who became one of the leaders of the American Tuberculosis Movement. Born in

Russia in 1861, Spivak immigrated to the United States in 1882 and received his medical degree from Philadelphia's Jefferson Medical College by 1890. In 1896, his wife's poor health brought them to Colorado. Determined to find a cure, Spivak became one of the most charismatic and well-known leaders in the American Tuberculosis Movement. His role as director of Denver's Jewish Consumptives' Relief Society sanatorium allowed his personal philosophies to strongly influence policies. His unique blend of Yiddishkeit, socialism, and secularism - along with his belief in treating the "whole" patient - became a model for integrating medical, social, and rehabilitation services that was copied across the country. Not only a national leader in the crusade against tuberculosis but also a luminary in the American Jewish community, Dr. Charles Spivak was a physician, humanitarian, writer, linguist, journalist, administrator, social worker, ethnic broker, and medical, public health, and social crusader. Abrams's biography

will be a welcome addition to anyone interested in the history of medicine, Jewish life in America, or Colorado history.

**The Boy on the Bridge** - Natalie Standiford  
2013-07-30

A new breathtaking novel from Natalie Standiford about love and trust during the Cold War. Laura Reid goes to Leningrad for a semester abroad as Cold War paranoia is peaking in 1982. She meets a young Russian artist named Alexei and soon, with Alexei as her guide, Laura immerses herself in the real Russia - a crazy world of wild parties, black-market books and music, and smuggled letters to dissidents. She must keep the relationship secret; associating with Americans is dangerous for Alexei, and if caught, Laura could be sent home and Alexei put under surveillance or worse. At the same time, she's been warned that Soviets often latch onto Americans in hopes of

marrying them and thus escaping to the United States. But she knows Alexei loves her. Right? As June approaches--when Laura must return to the United States--Alexei asks Laura to marry him. She's only nineteen and doesn't think she's ready to settle down. But what if Alexei is the love of her life? How can she leave him behind? If she has a chance to change his life, to rescue him from misery, shouldn't she take it?

### **Anti-Communism and Popular Culture in Mid-Century America** - Cyndy Hendershot 2015-10-03

Not long after the Allied victories in Europe and Japan, America's attention turned from world war to cold war. The perceived threat of communism had a definite and significant impact on all levels of American popular culture, from government propagandist films like *Red Nightmare* in *Time* magazine to *Adventures of Rocky and Bullwinkle*. This work examines

representations of anti-communist sentiment in American popular culture from the early fifties through the mid-sixties. The discussion covers television programs, films, novels, journalism, maps, memoirs, and other works that presented anti-communist ideology to millions of Americans and influenced their thinking about these controversial issues. It also points out the different strands of anti-communist rhetoric, such as liberal and countersubversive ones, that dominated popular culture in different media, and tells a much more complicated story about producers' and consumers' ideas about communism through close study of the cultural artifacts of the Cold War. Instructors considering this book for use in a course may request an examination copy here.

to take pleasure wherever we find it? . . . They praise seducers in art, poetry, and literature and put a mask of infamy on any woman who's had many lovers. This is the point where the fight must be fought. Women's morality must triumph, and that's what I'm working at . . ." Thus Ariane, unconventional, irrepressible, and irre-sistible, at seventeen the queen bee of the provincial Russian town where, after her mother's early demise, she lives with her freethinking aunt. But Ariane is tired of breaking hearts in the sticks. Her father may wish to marry her off, but she means to go to the university in Moscow, and she will do whatever it takes to make her way the way she likes. In Moscow, Ariane is in her element. She loves the glamour of the big city. She's undaunted by its dangers. Before long, she meets Constantin Michel, businessman, man of the world, man-about-town. A new struggle begins. The inspiration for Billy Wilder's *Love in the Afternoon*, Ariane has the perverse glitter of Nabokov and the disabused curiosity and keen

emotional intelligence of Colette. It is a brilliant exploration—engrossing, unnerving, comic, and cunning—of the matchless cruelty of desire.

The Wages of Virtue - Percival Christopher Wren  
2020-09-28

Captain Strong, although a soldier, the conditions of whose life were almost those of perpetual Active Service, was a student--and particularly a student of human nature.

Throughout a life of great activity he found, and made, much opportunity for sitting in the stalls of the Theatre of Life and enjoying the Human Comedy. This East African shooting-trip with Lord Huntingten, Sir Montague, and Lady Merline, was affording him great entertainment, inasmuch as Huntingten had fallen in love with Lady Merline and did not know it. Lady Merline was falling in love with Huntingten and knew it only too well, and Merline loved them both. That there would be no sort or kind of "dénouement," in the vulgar sense, Captain Strong was well and gladly aware--for Huntingten was as honourable a man as ever lived, and Lady Merline just as admirable. No saner, wiser, nor better woman

had Strong ever met, nor any as well balanced. Had there been any possibility of "developments," trouble, and the usual fiasco of scandal and the Divorce Court, he would have taken an early opportunity of leaving the party and rejoining his company at Mombasa. For Lord Huntingten was his school, Sandhurst and lifelong friend, while Merline was his brother-in-arms and comrade of many an unrecorded, nameless expedition, foray, skirmish, fight and adventure.

Modern Chinese Writers - Helmut Martin  
2016-09-16

This volume gathers personal reflections on life and literature by 44 of China's leading authors. It aims to illustrate how Chinese society and its creative writing have supported, competed and fought with each other for the past 40 years and more. Much of what is revealed here is mundane, but the pressure of bringing art to social and political causes, indeed the universal pressure to survive, forges this collection into a

**The Vanishing of the Mona Lisa** - Martin Caparros 2008-07-15

On August 22, 1911, the world was shocked by an audacious crime: Leonardo da Vinci's Mona Lisa was stolen from the Louvre. Although some

people suspected subversive artists like Picasso or Apollinaire of perpetrating the theft, no arrests were made. Two years later, an Italian named Vincenzo Perugia was detained after attempting to sell the Mona Lisa to an antiques dealer in Florence -- but the mystery of the theft itself was never satisfactorily resolved. In his spellbinding novel *Valfierno*, Martín Caparrós tackles this enigma, presenting us with a fascinating criminal unable to go to his grave without divulging the details of his outrageous heist. In tantalizing conversations with an American journalist, the Marqués de Valfierno sheds light on his past secrets, including his sordid origins as Bollino, son of a Buenos Aires servant woman, a man ultimately transformed into the most notorious con artist in the world. A sly and consummate entertainer, Valfierno reveals the shifting identities of the anonymous Argentine boy who has gone on to become a veritable artist, creating for himself the perfect role of wealthy aristocrat in Belle Époque Paris

as he prepares for his crime. Featuring an engaging cat-and-mouse drama and unforgettable characters, Valfierno is a brilliant fictional-ization of the greatest theft of the twentieth century, as well as a compelling psychological portrait of a true mastermind. Valfierno, Caparrós's eighth novel, won the prestigious Premio Planeta award in 2004.

**Littell's Living Age** - 1869

Russian Voices - Tony Parker 1991

The author has spent the last twelve months in Moscow, interviewing wherever he went, and everywhere finding people eager to exercise their new freedom to speak without fear. From their words he builds a picture of the Soviet Union today, a picture which includes an old lady selling newspapers in the street, the manager of the huge and internationally famous GUM Department Store, a stagehand at the Bolshoi Theatre, and the Director of the USSR's first McDonald's hamburger bar. He spoke to a

World War two tank commander, an Army veteran recently returned from Afghanistan, to hippies and pacifists, as well as meeting a chess Grandmaster, a beauty queen, a private detective, and drinking tea for two hours in the Lubianka with officers of the KGB.

*The Big Money* - John Dos Passos 2000

The Big Money completes John Dos Passos's three-volume "fable of America's materialistic success and moral decline" (American Heritage) and marks the end of "one of the most ambitious projects that an American novelist has ever undertaken" (Time). Here we come back to America after the war and find a nation on the upswing. Industrialism booms. The stock market surges. Lindbergh takes his solo flight. Henry Ford makes automobiles. From New York to Hollywood, love affairs to business deals, it is a country taking the turns too fast, speeding toward the crash of 1929. Ultimately, whether the novels are read together or separately, they paint a sweeping portrait of collective America and showcase the brilliance and bravery of one of its most enduring and admired writers.
