A Bloke's Guide to Sex - Blake Denbigh 2019-06-26

Are you a man who knows how to satisfy a woman in bed? If you were lucky, when you were 18, some 35-year-old woman who looked like Jennifer Lopez seduced you and spent a summer teaching you everything you needed to know. More likely, you had no sex at all until you were in your 20s and that was with a "nice" girl who knew even less than you did. So you've had to make do with the embarrassed mumblings of your father when you were a teenager (who

basically told you nothing), some sex education in school about how to avoid infections and not get a girl pregnant, the enthusiastic but ill-informed bragging of your mates in the locker room, and a misleading array of porn. You're still stuck trying to figure out how this sex thing actually works. You've had plenty of affairs or not so many, maybe been married or still are, and sometimes it's been good, sometimes not so good, and you're not sure why. What do women actually want? The man is supposed to just know. There are books, of course, but they're mostly instructions manuals with techniques, which may or may not work with the woman you're actually with (how are you supposed to know?--half the time, even she doesn't know), or they're by female doctors largely for women, with a few remarks thrown in for men. It's time, therefore, for some frank talk

about sex from a male perspective, and that's what this book is about.

This is a heavily debated topic and I am really looking forward to these responses because most men are looked at as the bread winner and the provider. More and more women are taking over the role as head of the household. They

are carrying the burden and running the average single parent home. This will definitely challenge the gender roles in our society as well as their dominant role as decision makers and bread winners.

'Ask not What a Woman Can do for You. Ask, What You Can do for a Woman?' At some point in time you will eventually ponder where the word 'Woman' was derived from. A Woman is loving, caring, charming, adorable, cute, magnificent, marvelous, exciting, splendid, understanding, strong, exotic, fabulous and much more.
