

How Sex Racket Works

Ethical Research with Sex Workers - Susan Dewey

2013-04-23

This volume is the result of the many years the authors have spent conducting ethnographic field research with sex workers, conversing with other researchers, and, perhaps most importantly, developing a deep sense of empathy for the sex worker participants in the research as well as the colleagues who carry out this work with the goal of advancing social justice. They have a combined total of twenty-five years' experience carrying out research with sex workers, and this extensive period of time has given them ample opportunity to reflect upon the topic of ethics. Sex work, defined as the exchange of sexual or sexualized intimacy for money or something of value, encompasses a wide range of

legal and illegal behaviors that present researchers with key ethical challenges explored in the volume. These ethical challenges include: · Research methodology · Distinguishing research from activism · Navigating the politically and ideologically charged environments in which researchers must remain constantly attuned to the legal and public policy implications of their work · Possibilities for participatory sex work research processes · Strategies for incorporating participants in a variety of collaborative ways Sex work presents a unique set of challenges that are not always well understood by those working outside of anthropology and disciplines closely related to it. This book serves an important function by honestly and openly reviewing strategies for overcoming these ethical

challenges with the end goal of producing path-breaking research that actively incorporates the perspectives of research participants on their own terms. Ever attuned to the reality that research on sex work remains a deeply political act, Ethical Research with Sex Workers:

Anthropological Approaches aspires to begin a dialogue about the meanings and practices ascribed to ethics in a fraught environment. Drawing upon a review of published scholarly and activist work on the subject, as well as on interviews with researchers, social service providers, and sex workers themselves, this volume is an unprecedented contribution to the literature that will engage researchers across a variety of disciplines, such as academics and researchers in anthropology, sociology, criminal justice, and public health, as well as activists and policymakers.

Sex Work and Sex Workers - Barry M. Dank 2018-04-24
Sexuality & Culture serves as a compelling forum for the

analysis of ethical, cultural, psychological, social, and political issues related to sexual relationships and sexual behavior. These issues include, but are not limited to: sexual consent and sexual responsibility; sexual harassment and freedom of speech and association; sexual privacy; censorship and pornography; impact of film/literature on sexual relationships; and university and governmental regulation of intimate relationships. In this volume, theoretical essays, research reports, and book reviews examine the topics of prostitution, pornography, and other forms of commercialization of sexuality.

Contributions include: "Twelve Step Feminism Makes Sex Workers Sick" by Kari Kerum; "Sex, Beach Boys and Female Tourists in the Caribbean" by Klaus de Albuquerque; "Reframing 'Eve' in the AIDS Era: The Pursuit of Legitimacy by New Zealand Sex Workers" by Bronwen Lichtenstein;

"Long-Term Consumption of X-Rated Materials and Attitudes

toward Women among Australian Consumers of X-Rated Videos" by Roberto Hugh Potter; "Invisible Man: A Queer Critique of Feminist Anti-Pornography Theory" by Jody Norton; and "Theorizing Prostitution: The Question of Agency" by Melanie Simmons. Also included are reviews of Live Sex Acts: Women Performing Erotic Labor by Wendy Chapkis; New Sexual Agendas edited by Lynne Segal. In addition, Daphne Patai reviews Real Live New Girl: Chronicles of a Sex-Positive Culture by Carol Queen; Nina Hartley reviews Three in Love; Jo Doezema reviews Trafficking in Women; Valerie Jenness reviews Feminist Accused of Sexual Harassment by Jane Gallop; and Warren Farrell reviews the film In the Company of Men. This volume will be of interest to sociologists, psychologists, legal analysts, and policymakers.

Violence and Sex Work in Britain - Hilary Kinnell

2013-01-11

This book is concerned with

violence in the sex industry. It aims to provide an understanding of the nature of violence against sex workers and the relationship between violence, government legislation and policy, and law enforcement practices - an essential task in view particularly of the 2006 Ipswich murders and the public and media response to this which illustrated how poorly the context of violence in the sex industry is understood. The book describes the incidence of violence against sex workers, culminating in some cases in murder. It shows how the risk of violence is strongly dependent on the physical and legal context in which sex workers operate; how repressive policing tactics exacerbate vulnerability and how discourses of abhorrence towards sex work promote perceptions of sex workers as worthless human beings. It also examines how inadequacies in the criminal justice system lead to failures in investigations and prosecutions, and failures to prevent violence from known

on 2021-04-14 by guest*

offenders; and how the stereotyping of sex workers, their clients and perpetrators of violence, in the media and in other spheres of academic debate, distorts reality leading to inappropriate or harmful public responses.

New Sociologies of Sex Work - Kate Hardy 2016-05-06

Sex work studies have seen an expansion in publications over the past decade, drawing together disciplines from across the social sciences, namely sociology, criminology and social policy. There has, however, been a tendency for research and writing to focus on the more obvious aspect of the sex industry - the visible elements of female street prostitution and those features which attract media attention such as the criminalised aspects of the sex trade. The sex industry is diverse in terms of its organisation, presentation, participants and how it is located in the broader context of globalisation and regulation; there is a need for publications which demonstrate this breadth. This

book makes an outstanding contribution to the sociology of sex work through advancing theoretical, policy, methodological and empirical ideas as each chapter pushes the boundaries of a specific area by offering new and critical research as well as commentary.

Third Sector Organizations in Sex Work and Prostitution - Isabel Crowhurst 2021-03-30
Third Sector Organizations in Sex Work and Prostitution is about sex work and prostitution third sector organizations (TSOs): non-governmental and non-profit organizations that provide support services to, and advocate for the well-being of people operating in the sex industries. With a focus on three vast and extremely diverse regions, Africa, the Americas, and Europe, this book provides a unique vantage point that shows how interlinked these organizations' histories and configurations are. TSOs are fascinating research sites because they operate as zones of

contestation which translate their understandings of sex work and prostitution into different support practices and advocacy initiatives. This book reveals that these organizations are not external to normative power but participate in it and are subject to it, conditioning how they can exist, who they can reach out to, where, and what they can achieve. Third Sector Organizations in Sex Work and Prostitution is a resource for scholars, policymakers, and activists involved in research on, and work with third sector organizations in the fields of sex work and prostitution, gender and sexuality, and human rights among others.

Encyclopedia of Prostitution and Sex Work - Melissa Hope Ditmore 2006

This major 2-volume set is the first to treat in an inclusive reference what is usually considered a societal failing and the underside of sexuality and economic survival.

Sex Work - Colette Parent 2013-09-18

In the early twentieth century,

abolitionists sought to stamp out sex work by penalizing all involved. In the generation that followed, neo-abolitionists looked at the sex industry from a feminist perspective, claiming that workers were victims caught in a patriarchal matrix. Yet both agreed that the industry was a destructive and corrupting force that should be eliminated. In this radical volume, five academics and activists convey their vision of prostitution as work, reclaiming the place of sex workers in the discussion of their lives and their work, and opposing discourses that position them as merely victims without agency.

Sex Work Matters - Melissa Hope Ditmore 2013-04-04

Sex Work Matters brings together sex workers, scholars and activists to present pioneering essays on the economics and sociology of sex work. From insights by sex workers on how they handle money, intimate relationships and daily harassment by the police, to the experience of male and transgender sex

work, this fascinating and original book offers new theoretical frameworks for understanding the sex industry. The result is a vital new contribution to sex-worker rights that explores the topic in new ways, especially its cultural, economic and political dimensions. Readers weary of the sensational and often salacious treatment of the sex industry in the media and literature will find *Sex Work Matters* refreshing.

Taking the crime out of sex work - Abel, Gillian 2010-05-19
New Zealand was the first country in the world to decriminalise all sectors of sex work. This book provides an in-depth look at New Zealand's experience of decriminalisation. It provides first-hand views and experiences of this policy from the point of view of those involved in the sex industry, as well as people involved in developing, implementing, researching and reviewing the policies. Presenting an example of radical legal reform in an area of current policy debate it

will be of interest to academics, researchers and postgraduates as well as policy makers and activists.

Sex Work - Teela Sanders 2005
'Sex Work' describes how women create complex psychological and emotional techniques to maintain their sanity while selling sex and explains how the indoor sex markets in Britain have a distinct 'occupational culture' with a set of social norms, code of conduct and moral hierarchies.

Red Light Labour - Elya M. Durisin 2018-09-01
In 2013, the Supreme Court of Canada ruled in *Canada v. Bedford* that key prostitution laws were unconstitutional. *Red Light Labour* addresses the new legal regime regulating sex work by analyzing how laws and those who uphold them have constructed, controlled, and criminalized sex workers, their clients, and their workspaces. This groundbreaking collection also offers nuanced interpretations of commercial sexual labour from the

perspectives of workers, activists, and researchers. The contributors highlight the struggle for civic and social inclusion by considering sex workers' advocacy tactics, successes, and challenges. A timely legal, policy, and social analysis of sex work in Canada.

Sex Work Now - Rosie Campbell 2013-05-13

Sex Work Now provides an authoritative overview of female sex work and policy in the UK, and addresses a number of key contemporary issues and debates. These include sex worker unionization, migrant sex work and trafficking, communities and sex work, male clients of sex workers, the policing of prostitution, zoning of street sex work, young people and sexual exploitation, drug use and sex work, exiting, violence and sex work. Throughout the book is shaped by the lives and experiences of sex workers themselves drawing on applied, policy or participatory action research. This book approaches the subject from an interdisciplinary perspective,

cutting across conventional boundaries of sociology, criminology, politics and social policy. Contributors to the book include academics, researchers, practitioners and activists who are among the leading commentators on prostitution in the UK. provides overview of sex work in UK considers impact of recent legislation and policy, especially Sex Offences Act 2003 focus on lives and experiences of sex workers themselves

Sex Work - JaneMaree Maher 2012-10-12

Sex work has always attracted policy, public and prurient interest. Currently, legal frameworks in developed countries range from prohibition, through partial legalisation to active regulation. Globalisation has increased women's mobility between developing and developed countries at the same time as women's employment opportunities in the developed world are shifting. Family and intimate relationships are being

Downloaded from
legacy.opendemocracy.net
on 2021-04-14 by guest

transformed by changing demographics, shifting social mores and new intersections between intimate lives and global markets. Sex work is located at the nexus of new intimacies, shifting employment patterns and changing global mobilities. This volume examines the working lives of contemporary sex workers; their practices, their labour market conditions and their engagement with domestic and international regulatory frameworks. It locates the voices and experiences of workers in Melbourne, Australia, at the centre of the sexual services industry as they reflect on brothels and independent escort work, on working conditions and managers, and on the relationships they form with clients. It offers a new account of sex work where women's labour and mobility is understood as central in local and global imperatives to offer sexual services. It examines how these new imperatives intersect with, challenge and exceed existing regulatory

frameworks for sex work. Sex work: labour, mobility and sexual services draws together the everyday practices of sex workers and the broader global markets in which workers negotiate employment. In bringing together these two important intersecting areas, it offers a grounded and innovative account of sex work which will be of interest to academics and policy makers concerned with sex work, gender studies and the sociology of labour.

Prostitution - Teela Sanders
2017-11-06

The field of sex work has undergone a massive expansion in the past ten years. In this new edition, three leading researchers come together to provide an interdisciplinary outline of sex work. This book provides comprehensive coverage of key areas common to the study of the female sex industry, as well as considering issues relating to male and transgender sex workers, young people who are sexually exploited, and migrant sex workers. It also includes

Downloaded from
legacy.opendemocracy.net
on 2021-04-14 by guest

discussion of more recent forms of commercial sex such as Internet-based sex work. International in perspective, Prostitution combines sociological approaches with criminology and criminal justice studies, social policy, health research and sexuality studies. New to this edition: · Updated summaries of policy and law, particularly in relation to UK legal changes from 2008 onwards · Methodological insights and discussions on ethics, fieldwork and participatory action research · New images and case studies from the authors' research projects

Sex Work on the Streets -

Neil P. McKeganey 1996

* How and why do people sell and buy sex? * What are the risks associated with prostitution? * Should prostitution be legalized? This book is the most detailed study ever provided on street prostitution. It is based on three years' research in which the authors interviewed prostitutes and their clients and spent many months

working in a red light area. The book makes extensive use of direct quotes from the women and the men, as well as fieldnotes from the authors based upon their observations in the red light area. Topics covered in the book include the women's negotiations with clients, HIV, drug use and violence. The book also describes the impact of working as a prostitute on women's home life. No attempt is made to moralise about prostitution in the book, instead the authors concentrate on the experiences of the women and men involved in selling and buying sex, and describe prostitution from their standpoint. Sex Work on the Streets will be of interest to a wide range of students and researchers in sociology, social policy, criminology and women's studies.

Prostitution - Teela Sanders
2009-09-01

This imaginative and comprehensive introduction to the sex industry is as welcome as it is timely.... This is a rewarding and topical book

*Downloaded from
legacy.opendemocracy.net
on 2021-04-14 by guest*

that I would urge all interested parties to consult. Graham Scambler, Professor of Medical Sociology, University College London. A remarkably thorough analysis of prostitution in contemporary society. Situating sex work at the intersection of economy, occupation, and emotion, the authors illuminate the complex forces that shape prostitution within an emerging global order. Bringing their analysis full circle, they close with a helpful exploration of the methods by which researchers are able to investigate an area of such danger and controversy. All in all, a courageous and important book. Jeff Ferrell, Visiting Professor of Criminology, University of Kent, UK, and Professor of Sociology, Texas Christian University, USA. This excellent text fills a gap in the market as it explores the full range of issues covering sex work, policy and politics....A fascinating and informative text which will become the leading handbook in this area. Dr Louise Westmarland, Senior

Lecturer in Criminology, The Open University Many commentators have attempted to analyze and explain the nature of prostitution. However, this is the first textbook to offer a complete overview of the way it operates within contemporary society, its characteristics, organizational structures and cultural contexts. The book also explores how criminal, social and health policies have sought to regulate and control the selling of sex. This introduction to the sociology and criminology of sex work is: " comprehensive - covering all key areas common to the study of the female sex industry and also includes male and transgender sex work, and the sexual exploitation of young people " interdisciplinary - combining sociological approaches with criminology, criminal justice studies, social policy, health research and sexuality studies " comparative - including the international context of the sex industry, drawing on European and other examples of law,

regulation and systems that govern the sex industry " student-focused - offering a lively writing style, case studies, summaries of relevant legislation, study questions and guidance on further reading " accessible - assisting student learning and aiding lecturers in their teaching. Written by leading experts with over 20 years' experience in researching and teaching in the field, this is a must for all criminology, criminal justice and sociology students taking modules in sex industry and prostitution studies. It will also appeal to those in gender studies and social policy.

Routledge is an imprint of Taylor & Francis, an informa company.

Sex, Work and Sex Work -

Joanna Brewis 2003-09-02

Sex is much more rife in the workplace than many would think according to this fascinating and controversial new book. It argues that not only does sexuality pervade

every aspect of organizations, but also that organization pervades every aspect of our sexuality. This two-way conceptualization lends the book a two-part structure, covering firstly the ways in which organizational behaviour is shaped through issues such as male managers' experience of violence, organizational constructions of sexual harassment, and professionals who work with sex offenders. The second part of the book examines how sex is organized for commercial purposes, and considers sex work as an industry which can be analyzed as any other, with important insights for normal organizing. Key features of the book include sections on: * organizing as sexual activity * connecting desire, the erotic, the abject and organization * the 'hidden' penetration of organization processes by sexuality * the 'dark side' of sex and organization and the importance of transgression * the double effect of discursive and material placing * organizing sexuality within

prostitution * prostitution as a complex and varied industry. Fascinating and informative, this controversial book is a valuable source of information for postgraduates and researchers in the fields of business, management and sexuality and gender studies. *Encyclopedia of Prostitution and Sex Work* - Melissa Hope Ditmore 2006-08-30

The A-to-Z encyclopedia offers entries related to prostitution and the sex industry, past and present, worldwide (mostly in the West) and in the United States. An introduction overviews the scope of prostitution from the earliest historical records, including the Bible.

Debating Sex Work - Jessica Flanigan 2019-10-21

Prostitution is often referred to as "oldest profession." Critics of this expression redescribe it as "the oldest oppression." Debates about how best to understand and regulate prostitution are bound up with difficult moral, legal, and political questions. Indeed, it can be approached from

numerous angles--is buying and selling sex fundamentally wrong? How can it possibly be regulated? How can sex workers be protected, if they are allowed to work at all? In this concise, for-and-against volume, ethicists Lori Watson and Jessica Flanigan engage with each other on the nature and consequences of sex work, revealing new and profound ways in which to understand it. The volume opens with a joint introduction, before Lori Watson first argues for a sex equality approach to prostitution in which buyers are criminalized and sellers are decriminalized, also known as the Nordic model. Watson defends the Nordic Model on the grounds that prostitution is an exploitative and unequal practice that only entrenches existing patterns of gendered injustice. Full decriminalization of prostitution only stymies existing occupational health and safety standards and securing worker autonomy and equality. Further, to Watson, drawing a distinction between sex trafficking and prostitution

Downloaded from
legacy.opendemocracy.net
on 2021-04-14 by guest

is irrelevant for public policy; what underpins them is demand, which fuels the inequalities of both. That is what needs to be addressed. In a rebuttal, Jessica Flanigan contends that sex work should be fully decriminalized because restrictions on the sale and purchase of sex violate the rights of sex workers and their clients. She argues that decriminalization is preferable to policies that could expose

sex workers and their clients to criminal penalties, and leave them at the mercy of public officials. Putting these two views on sex work into conversation with one another, and opening up space for readers to weigh both approaches, the book provides a thorough, accessible exploration of the issues surrounding sex work, written with both sympathy and philosophical rigor.
