This critical collection serves as a historical guide to rap and hip hop from its beginnings to the evolution of its many forms and frequent controversies, including violence and misogyny. These wide-ranging essays discuss white crossover, women in rap, gangsta rap, message rap, raunch rap, Latino rap, black nationalism, and other elements of rap and hip hop culture like dance and fashion. Based on more than five years of anthropological fieldwork in Sao Paulo, Brazil, this book highlights race, class, gender and territory to argue that Brazillian hip hoppers are subjects rather than objects of history and everyday life. This is the first ethnography in English to analyze Brazilian hip hop.

**Fashion Killa** - Sowmya Krishnamurthy 2023-10-10

A cinematic narrative of glamour, grit, luxury, and luck, Fashion Killa draws on exclusive interviews with the leaders of the fashion world to tell the story of the hip-hop artists, designers, stylists, and unsung heroes

who fought the power and reinvented style around the world over the last fifty years. Set in the sartorial scenes of New York, Paris, and beyond, music journalist Sowmya Krishnamurthy's reporting on the intersecting histories of hip-hop and contemporary fashion focuses on the risk takers and rebels—the artists, designers, stylists, models, and tastemakers—who challenged a systemic power structure and historically reinvented the worlds of prêt-à-porter and haute couture. *Fashion Killa* is a classic tale of a modern renaissance; of an exclusionary industry gate-crashed by innovators; of impresarios—Sean “Diddy” Combs, Dapper Dan, Virgil Abloh—hoisting hip-hop from the streets to the stratosphere; of supernovas—Lil' Kim, Cardi B, and Kimora Lee Simmons—allying with kingmakers—Anna Wintour, Donatella Versace, Tommy Hilfiger, and Ralph Lauren; of traditionalist fashion houses—Louis Vuitton, Fendi, and Saint Laurent—transformed into temples of rap gods. Krishnamurthy explores the connections between the DIY hip-hop scene and the exclusive upper-echelons of high fashion. She discusses the sociopolitical forces that defined fashion and tracks the influence of music and streetwear on the most exclusive (and exclusionary) luxury brands. At the intersection of cultural commentary and oral history, *Fashion Killa* commemorates the contributions of hip-hop to music, fashion, and our culture at large.

*Extending Play* - Alyxandra Vesey 2023-12-29

"Extending Play examines the ubiquity of brand partnerships within the contemporary music industries. Though brand partnerships exist across all media industries, they are a distinct phenomenon for the music business because of their associations with fan club merchandise, concert merchandise, and lifestyle branding. It also foregrounds women's participation in shaping these economies through fan labor and image management. While brand partnerships are common among male and female musicians, this book focus specifically on how female-identified musicians use them tactically to extend their commercial and creative longevity after they have established their recording careers by commodifying their creative acumen with either hegemonically feminine cultural knowledge or traditionally masculinized skills through branded consumer goods that they make in partnership with companies associated with the beauty, fashion, food, or musical equipment industries. Through textual and discourse analysis of artists' songs, music videos, interviews, social media usage, promotional campaigns, marketing strategies, and business decisions, *Extending Play* investigates how female-identified musicians co-create branded feminine-coded products like perfume, clothes, makeup, and cookbooks and masculine-coded products like music equipment as resources to work through their own ideas about gender and femininity as workers in industries that often use sexism and ageism to diminish women's creative authority and diminish the value of the recording in order to incentivize musicians to internalize the demands of industrial convergence"--

Hip Hoptionary TM - Alonzo Westbrook 2002-10-15

The bumpin' book for hip-hop disciples (a.k.a. fiends), songwriters, all other writers, pop culture fans, linguists, and parents who are just trying to figure out what their kids are saying. The inventive sounds of hip-hop (which became America's number two music genre in 2001, outselling country) have echoed far from their Bronx beginnings of twenty years ago. Making its way from Compton sidewalks to suburban malls, garnering commentary from *The Wall Street Journal* alongside *Vibe*, hip-hop by definition delivers its messages in the most creative language possible. Celebrating hip-hop's boon to the realm of self-expression, Hip

Hoptionary™ translates dozens of phrases like “marinating in the rizzi with your road dawg” (relaxing in your car with your friend), including: • Big bodies: SUVs or luxury vehicles • Government handle: registered birth name • 411: the latest scoop or information • Bling-bling: diamonds, big money, flash and cash • Brick City: Newark, New Jersey • 1812: war, fight (as in War of 1812) In addition to the lexicon of idioms and beeper codes, Hip Hoptionary™ also features lists of hip-hop fashion labels, books, mixed drinks, and brief bios of America’s famous rappers, making this the ultimate guide for a Double H (hip-hop) nation.

**Rap Music and Street Consciousness** - Cheryl Lynette Keyes 2004

In this first musicological history of rap music, Cheryl L. Keyes traces the genre's history from its roots in West African bardic traditions, the Jamaican dancehall tradition, and African American vernacular expressions to its permeation of the cultural mainstream as a major tenet of hip-hop lifestyle and culture. Rap music, according to Keyes, is a forum that addresses the political and economic disfranchisement of black youths and other groups, fosters ethnic pride, and displays culture values and aesthetics. Blending popular culture with folklore and ethnomusicology, Keyes offers a nuanced portrait of the artists, themes, and varying styles reflective of urban life and street consciousness. Drawing on the music, lives, politics, and interests of figures including Afrika Bambaataa, the "godfather of hip-hop," and his Zulu Nation, George Clinton and Parliament-Funkadelic, Grandmaster Flash, Kool "DJ" Herc, MC Lyte, LL Cool J, De La Soul, Public Enemy, Ice-T, DJ Jazzy Jeff and the Fresh Prince, and The Last Poets, Rap Music and Street Consciousness challenges outsider views of the genre. The book also draws on ethnographic research done in New York, Los Angeles, Detroit and London, as well as interviews with performers, producers, directors, fans, and managers. Keyes's vivid and wide-ranging analysis covers the emergence and personas of female rappers and white rappers, the legal repercussions of technological advancements such as electronic mixing and digital sampling, the advent of rap music videos, and the existence of gangsta rap, Southern rap, acid rap, and dance-centered rap subgenres. Also considered are the crossover careers of rap artists in movies and

television; rapper-turned-mogul phenomenons such as Queen Latifah; the multimedia empire of Sean "P. Diddy" Combs; the cataclysmic rise of Death Row Records; East Coast versus West Coast tensions; the deaths of Tupac Shakur and Christopher "The Notorious B.I.G." Wallace; and the unification efforts of the Nation of Islam and the Hip-Hop Nation.

**Nicki Minaj** - Saddleback Educational Publishing 2013-01-01

Themes: Hi-Lo, urban nonfiction, music, entrepreneur, Hip-Hop, celebrities, biographies. Themes: Hi-Lo, urban nonfiction, music, entrepreneur, Hip-Hop, celebrities, biographies. There's no doubt about it, today's students listen to an average of 2.5 hours of music every day. Guess what they are listening to? Hip-hop is mainstream, continually topping Billboard's Hot 100 charts. These hi-lo biographies engage striving readers from the very beginning with blinged-out covers, stunning four-color photographs, modern and graphic page design, and high-interest informational text. Biographies highlight the unique characteristics of each mega-rapper, including childhood struggles, personal style, rivalries, giving back, and more. Each 48-page paperback book includes a timeline and glossary, with vocabulary words highlighted throughout. People find it very hard to describe Nicki Minaj. She is a very successful solo rap artist. But that leaves out her talent in other styles of music. You could describe her as a fierce feminist. But she also works hard at being really cute. Fans of Nicki Minaj understand that she is anything but simple.

**White Hip Hoppers, Language and Identity in Post-Modern America** - Cecelia Cutler 2014-02-03

This book examines language and identity among White American middle and upper-middle class youth who affiliate with Hip Hop culture. Hip Hop youth engage in practices that range from the consumption of rap music and fashion to practices like MC-ing (writing and performing raps or "rhymes"), DJ-ing (mixing records to produce a beat for the MC), graffiti tagging, and break-dancing. Cutler explores the way in which these young people stylize their speech using linguistic resources drawn from African American English and Hip Hop slang terms. She also looks at the way they construct their identities in discussions with their

friends, and how they talk about and use language to construct themselves as authentic within Hip Hop. Cutler considers the possibility that young people experimenting with AAVE-styled speech may improve the status of AAVE in the broader society. She also addresses the need for educators to be aware of the linguistic patterns found in AAVE and Hip Hop language, and ways to build on Hip Hop skills like rhyiming and rapping in order to motivate students and promote literacy.

*Global Noise* - Tony Mitchell 2001

International scholars explore the hip hop scenes of Europe, Canada, Japan and Australia.

*Feminist Messages* - Joan Newlon Radner 1993

Burning dinners, stitching "scandalous" quilts, talking "hard" in the male dominated world of rap music---Feminist Messages interprets such acts as instances of coding, or covert expressions of subversive or disturbing ideas. While coding may be either deliberated or unconscious, it is a common phenomenon in women's stories, art, and daily routines. Because it is essentially ambiguous, coding protects women from potentially dangerous responses from those who might be troubled by their messages.

**Identity Formation in Globalizing Contexts** - Christina Higgins 2011-10-28

The volume explores how new millennium globalization mediates language learning and identity construction. It seeks to theorize how global flows are creating new identity options for language learners, and to consider the implications for language learning, teaching and use. To frame the chapters theoretically, the volume asserts that new identities are developing because of the increasingly interconnected set of global scapes which impact language learners' lives. Part 1 focuses on language learners in (trans)national contexts, exploring their identity formation when they shuttle between cultures and when they create new communities of fellow transnationals. Part 2 examines how learners come to develop intercultural selves as a consequence of experiencing global contact zones when they sojourn to new contexts for study and work. Part 3 investigates how learners construct new identities in the

mediascapes of popular culture and cyberspace, where they not only consume, but also produce new, globalized identities. Through case studies, narrative analysis, and ethnography, the volume examines identity construction among learners of English, French, Japanese, and Swahili in Canada, England, France, Hong Kong, Tanzania, and the United States.

**Missy Elliott** - Bethany Bezdecheck 2009-01-01

**Sartorial Fandom** - Elizabeth Affuso 2023-04-03

In recent years, geeks have become chic, and the fashion and beauty industries have responded to this trend with a plethora of fashion-forward merchandise aimed at the increasingly lucrative fan demographic. This mainstreaming of fan identity is reflected in the glut of pop culture T-shirts lining the aisles of big box retailers as well as the proliferation of fan-focused lifestyle brands and digital retailers over the past decade. While fashion and beauty have long been integrated into the media industry with tie-in lines, franchise products, and other forms of merchandise, there has been limited study of fans' relationship to these items and industries. Sartorial Fandom shines a spotlight on the fashion and beauty cultures that undergird fandoms, considering the retailers, branded products, and fan-made objects that serve as forms of identity expression. This collection is invested in the subcultural and mainstream expression of style and in the spaces where the two intersect. Fan culture is, in many respects, an optimal space to situate a study of style because fandom itself is often situated between the subcultural and the mainstream. Collectively, the chapters in this anthology explore how various axes of lived identity interact with a growing movement to consider fandom as a lifestyle category, ultimately contending that sartorial practices are central to fan expression but also indicative of the primacy of fandom in contemporary taste cultures.

**Nicki Minaj** - Felicity Britton 2013-04-01

As USA TODAY, The Nation's No. 1 Newspaper, puts it, Nicki Minaj is a "hip-hop comet...a talented rhyme-spitter who fluidly shifts from hard-core grit to Barbie-doll cute."Growing up poor in Queens, New York, with

a drug- and alcohol-addicted father, Minaj dreamed of being a soap opera star so she could afford to buy her mother a house. When Minaj was in her early twenties, a street mix tape got her noticed. Just a few years later, she blasted into the mainstream with seven singles in the Hot 100, beat out many of the boys with her ranking as MTV's No. 4 best Hip-Hop MC, and scored her second No. 1 album on the Billboard 200. And,

says Minaj, she's just getting started!
