How to Become the Man Every Woman Wants Tatyana Jacques 2013-12 Why do some men find it easy to succeed with women...while others don't? What is the distinguishing feature between these two types of men? Individual differences...every man is attractive to specific women. Both men and women who might be considered unattractive to the average person succeed in attracting and winning highly desirable mates every day, everywhere. Your own experiences may suggest many such cases. Taste and preference in love is infinite. However, there is something in certain men that acts as a magnet in attracting different women! I have two pieces of news for you: one piece of news is good and the other is even better. 1. Good men are constantly in demand. Statistics show that for every single man there are several available women. In some countries there are ten or twenty available women to every single man. In reality women have to fight to get a good man. They have serious competition to win the heart of an eligible bachelor. 2. Age is no barrier. In comparison to their female counterparts, men in their later years who are of good character are much sought after. A good man can get a woman in any age group. Unfortunately, women fade quicker than men do. Often, their looks as well as their figure-shape diminish with age. How many books have been written on how to get or seduce a woman quickly? Many hundreds I would imagine-but what a waste of time! The secret formula for a successful man in the dating world is to become that good, attractive and desirable man. So, Let's Decode this Formula. Every woman likes good qualities in a man's personality, including confidence, honesty, power, generosity, as well as being resourceful and masculine. Also a sense of humor, the ability to lead with a combination of gentleness and kindness, and the ability to love and demonstrate commitment-yes, commitment-will attract most women. Even contemporary professional or businesswomen who have focused on their careers throughout their lives want love and devotion. As evidenced in the movie Sex and the City, here is a good example of how, eventually, even "loose" women would have only one man in their lives, to be loved and be faithful to him alone. In addition, it is important to understand what a woman needs from a relationship, and what she values in a male. What qualities attract her to particular men, and what standards does she have? What does a man need to do to be delicately attuned to her ideals? One important element for any happy relationship (when a man chooses a woman) is that looks count, but his personality is what makes the woman stick around. The reality of attraction is finding out what works with different women. What draws women to a particular man and why do they choose to create a relationship with him? Another criteria for successful outcomes in dating for men is an ability to understand what qualities he is looking for in a woman when developing a relationship, and what level of commitment each party is prepared to invest in the relationship. Invest? Yes, creating a healthy relationship takes time, energy, affection, emotions, feelings and other resources. Some people fall in love many times throughout their lives. They become attracted to the opposite sex initially through appearance, but over time, they develop a loving relationship based on qualities of character and personality as well as values. Despite the fact that we all have our preferences when trying to attract the opposite sex, you have to remember, it is a male's personality and character traits that draw women like a magnet. Even money or a handsome appearance cannot help to build a good relationship with a desirable woman if the man is abusive, mean, or unfaithful. To become effective in dating, you may need to learn new behavior skills and develop a new attitude that will catch the attention of desirable women. By knowing the fundamental principles of what attracts females, you can then focus on becoming an attractive male yourself.

The 7 Irresistible Qualities Men Want in a Woman Bruce Bryans 2013-11-26 Discover What Quality Men Secretly Look For When Choosing "The One" A high-quality man who knows what he wants will NOT settle for just any woman to build a meaningful relationship with. Men like this want a woman who exudes high character. And though she may be beautiful on the outside, he expects her inner worth to be far superior to the women around her. Once a woman passes a man's "physical appearance" test that is specific to his personal tastes, it's her inner value (or lack thereof) that will either lose or keep his interest in her. Learning how to keep a man interested in you is as simple as figuring out what men want when it comes to choosing a partner for a long-term relationship. Sadly, many women either disqualify themselves from relationships with phenomenal men or they only seem to attract losers, players, and time-wasters because they failed to develop the inner qualities great guys actively look for in a potential wife or girlfriend. The 7 Qualities That Can Make a Man Fall Helplessly in Love With You Due to trust issues, many great guys aren't open about they need in a relationship. Because of this, many women only learn how to understand men after painful trial and error or by fighting to get a man to open up emotionally. By the time she's figured him out, the incessant conflict and misunderstanding has already taken its toll on him; making his emotional barriers even stronger than before. The faster a man trusts you on a subconscious level, the faster he'll be able to let himself go completely and fall in love with you. And there are seven qualities that are so rare and invaluable in a woman, that when a man finds a woman like this he becomes absolutely determined to KEEP her in his life. How to Find Mr. Right By Becoming Better Girlfriend Material If you want to attract and keep a high-quality man then you need to understand what men want in a woman. This short book will reveal to you what a high-quality man wants in a woman he considers girlfriend or even wife material. Although different men want VERY different things, there are certain feminine qualities that ALL commitment-able men look for when choosing a long-term mate. Only the woman who possesses these feminine qualities will find attracting men - quality men - to be both an effortless and rewarding activity. Here's what you're going to learn inside: What men want in a woman, and why being unapologetically feminine attracts the BEST kinds of men. How to get a boyfriend using an "old-school" tactic that can captivate the heart of even the most unattainable man. How to understand men and what makes them WANT to commit to a woman. How to keep a man interested in you by giving him the ONE thing he needs even MORE than SEX. (the key to how men think) How to be a good girlfriend and make him see you as "The One" by displaying a RARE quality that few women possess. How to seduce a man and make him fall in love with you again and again by using a secret weapon that EVERY woman was born with (and no...it's not what you think). How to find Mr. Right using a surefire dating technique that NATURALLY weeds out all the Mr. Wrongs, Time Wasters, and Players. How to escalate his emotional intimacy and keep your man happy (and helplessly HOOKED on you) without being a doormat. And much, much more... Would You Like to Know More?
