Across the Desert Dusti Bowling 2021-10-12 One girl sets out on a journey across the treacherous Arizona desert to rescue a young pilot stranded after a plane crash in this gripping story of survival, friendship, and rescue from a bestselling and award-winning author. Twelve-year-old Jolene spends every day she can at the library watching her favorite livestream: The Desert Aviator, where twelve-year-old “Addie Earhart” shares her adventures flying an ultralight plane over the desert. While watching this daring girl fly through the sky, Jolene can dream of what it would be like to fly with her, far away from her own troubled home life where her mother struggles with a narcotic addiction. And Addie, who is grieving the loss of her father, finds solace in her online conversations with Jolene, her biggest—and only—fan. Then, one day, it all goes wrong: Addie's engine abruptly stops, and Jolene watches in helpless horror as the ultralight plummets to the ground and the video goes dark. Jolene knows that Addie won't survive long in the extreme summer desert heat. With no one to turn to for help and armed with only a hand-drawn map and a stolen cell phone, it's up to Jolene to find a way to save the Desert Aviator. Packed with adventure and heart, *Across the Desert* speaks to the resilience, hope, and strength within each of us. Don't miss Dusti Bowling's new novel, *Dust*, available for preorder now.

Don't Talk to Strangers Bethany Campbell 2010-01-13 They were strangers in a seductive game of hide-and-seek. One by one, the women were disappearing. Each had been young, vulnerable...and each had been spending time on the Internet "chatting" with a mysterious stranger. It was Carrie Blue's job to track down that stranger, to put herself on the Internet in the guise of a lonely young student, and to smoke out a cunningly seductive killer. But soon Carrie is drawn inexorably into a world where truth is indistinguishable from fiction, where fantasy and reality collide. It proves far more difficult than she ever could have imagined to resist the lure of a twisted mind—one that may already have figured out who Carrie is, and marked her as his next kill.

The Charisma Myth Olivia Fox Cabane 2013-03-26 What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.

Boys Will Put You on a Pedestal (So They Can Look Up Your Skirt) Philip Van Munching 2007-11-01 Life can be pretty tricky when you're a teenage girl. New things matter: Clothes. Parties. Boys. A friend you've had forever stabs you in the back for no good reason. Everybody you know seems to feel free to comment on your constantly changing body. Drugs and alcohol go from being what you see "bad" kids doing on television shows to what you see your friends doing when no adults are around. How are you supposed to deal? Since life doesn't come with a set of instructions, it helps to turn to people who have been through the stuff that you're facing. Even parents can help. (Really!) In *Boys Will Put You on a Pedestal* (so they can look up your skirt), former teenage boy -- and current dad of two daughters -- Philip Van Munching helps guide you through some of life's most confusing topics. From Beauty to Grief, from Sex to Fate, Van Munching covers the things you most want to know about and, in his wise, warm, and funny way, offers advice on how you can become the young woman you most want to be.

Social Networking Jennifer Lombardo 2016-12-15 Social networking has become an integral part of our lives in this modern society. Nearly every young adult has one or more types of social accounts, making it imperative to inform them about the best ways to protect themselves and their private information. Discussions about online predators and the rights students have on the Internet are highlighted by fact boxes, and a list of dialogue questions encourages conversations among young adults about how to be proactive in protecting themselves online.

Nearly 1.23 billion people are active Facebook users and 80 percent of those Facebook users check their accounts daily. New Visualities, New Technologies J. Macgregor Wise 2016-05-13 Back in the 1980s Jean Baudrillard wrote that public space was collapsing due to a double obscenity: 'The most intimate operation of your life becomes the potential grazing ground of the media....The entire universe also unfolds unnecessarily on your home screen.' He termed this the ecstasy of communication. But today, your everyday life is not just the potential grazing ground of the media, but of anyone with a camera, and the entire universe unfolds not just at home but in the palm of your hand virtually anywhere you travel. Bringing together a transdisciplinary team of leading scholars and artists from North America, Europe and Asia, this volume documents and theorizes this new visibility. It focuses on the proliferation of a range of new visual technologies, examining questions of subjectivity, agency, and surveillance as well as mapping and theorizing new practices of visibility within this new visual assemblage. *New Visualities, New Technologies* addresses the pressing need for the conceptual understanding of new forms of seeing, looking, presenting, and hiding.

A Girl's Life Online Katherine Tarbox 2004-09-03 Katherine Tarbox was thirteen when she met twenty-three-year-old "Mark" in an online chat room. A top student and nationally ranked swimmer attending an elite school in an affluent Connecticut town, Katie was also a lonely and self-conscious eighth-grader who craved the attention her workaholic parents couldn't give her. "Mark" seemed to understand her; he told her she was smart and wonderful. In *A Girl's Life Online*, Tarbox, now eighteen, tells her story—an eye-opening tale of one teenager's descent into the seductive world of the Internet. Strangers to Ourselves Rachel Aviv 2022-10-20 The highly anticipated debut from the award-winning New Yorker writer Rachel Aviv is a ground-breaking exploration of illness and the mind *Strangers to Ourselves* is a compassionate, courageous and riveting look at the ways we talk about and understand ourselves in periods of crisis and distress. Drawing on unpublished journals and letters, along with deep reporting, it follows people who feel as if they have reached the limits of psychiatric explanations for who they are. Their diagnosis, while giving their experiences a name, also shapes their sense of what their future may look like—and their identities, too. Rachel Aviv is known for her radical empathy: she excels at seeing the world through the eyes of her fellow human beings. Writing first about her own experience of being on an anorexia ward at the age of six, she introduces, among others, a fiercely intelligent mother recovering from incarceration and psychosis; a woman who lives in healing temples in Kerala, where she is celebrated as a saint; and a young woman who, after a decade of defining herself through her diagnosis, decides to stop her medication because she doesn't know who she is without it. Through startling connections, intimate testimonies, and diverse social and cultural perspectives, Aviv opens up fresh ways of thinking about illness and the mind, in a book which is curious, transformative, and above all, deeply human.

American Girls Nancy Jo Sales 2016-02-23 A New York Times Bestseller Instagram. Whisper. YouTube. Kik. Ask.fm. Tinder. The dominant force in the lives of girls coming of age in America today is social media. What it is doing to an entire generation of young women is the subject of award-winning Vanity Fair writer Nancy Jo Sales's riveting and explosive *American Girls*. With extraordinary intimacy and precision, Sales captures what it feels like to be a girl in America today. From Montclair to Manhattan and Los Angeles, from Florida and Arizona to Texas and Kentucky, Sales crisscrossed the country, speaking to more than two hundred girls, ages thirteen to nineteen, and documenting a massive change in the way girls are growing up, a phenomenon that transcends race, geography, and household income. *American Girls* provides a disturbing portrait of the end of childhood as we know it and of the inexorable and ubiquitous experience of a new kind of adolescence—one dominated by new social and sexual norms, where a girl's first crushes and experiences of longing and romance occur in an accelerated electronic environment; where issues of identity and self-esteem are magnified and transformed by social platforms that provide instantaneous judgment. What does it mean to be a girl in America in 2016? It means coming of age online in a hypersexualized culture that has normalized extreme behavior, from pornography to the casual exchange of nude photographs; a culture rife with a virulent new strain of sexism and a sometimes self-undermining notion of feminist empowerment; a culture in which teenagers are spending so much time on technology and social media that they are not developing basic communication skills. From beauty gurus to slut-shaming to a disconcerting trend of exhibitionism, Nancy Jo Sales provides a shocking window into the troubling world of today's teenage girls. Provocative and urgent, *American Girls* is destined to ignite a much-needed conversation about how we can help our daughters and sons negotiate unprecedented new challenges.
