### **The F\*ckhead Guide to Astrology** - Fckhead 2005-05

The F\*ckhead Guide to Astrology is the ultimate antidote for all you boring yuppies, neo-hipsters and punk wannabes who think there might be some validity to spirituality/western philosophy/astrology but are just too fed up with the WE-ARE-ONE, GOD-IS-LOVE, WE-ARE-ALL-GOD-N-WE-ARE-ALL-LOVE post-hippie claptrap still controlling the market, and all who wanna barf at the mention of L. Ron Hubbard (we feel you). In under 200 pages, underground author/Tourette's Syndrome survivor F\*CKHEAD lovingly yet ruthlessly dissects the pop psychology dumping ground that is Astrology: signs are described, signs are decried, signs are dismantled, F\*ckhead tells you how to pick up chicks (assuming, of course, you somehow know their signs to begin with, in which case you

probably wouldn't need his help) and Tom Hanks is made fun of. HILARITY ENSUES. The F\*ckhead Guide to Astrology is absolutely guaranteed to heal marriages, tame children, cure lepers, end hunger, establish world peace etc. (though we are still waiting on endorsement from Dr. Phil). Literarily, kinda bullshit but a helluva lot better than blowing your money on "How to Spot A Bastard By His Star Sign". So buy it now, suckers, 'cause if you keep standing in the New Age section the clerks are gonna stare at you.

Leo - Joanna Martine Woolfolk 2011-11-16

Your Sun sign (often referred to simply as your sign) is the zodiac sign the Sun was traveling through at the time of your birth. Your Sun sign is the most important and pervasive influence in your horoscope and in many ways determines how others see you. It governs your individuality, your distinctive style, and your drive to fulfill your goals. It symbolizes the role you are given to play in this life. It's as if at the moment of your birth you were pushed onstage into a drama called This Is My Life. In this drama, you are the starring actor—and your sign is the character you play. This elegant little volume is packed with what your Sun sign tells you about you. You'll read about your many positive qualities as well as your negative issues and inclinations. You'll find insights into your power, potentials, and pitfalls; advice about relationships, love, and sex; clarification on erogenous zones and how you combine romantically with other signs; guidance regarding career, health, and diet; and information about myriads of objects, places, concepts, and things to which you're attached. You'll also find topics not usually included in other astrology books—such as how you fit in with Chinese astrology and with numerology.

**Astrology for Real Relationships** - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you

think you should want.

**Women and Men in Love** - Anthony Edward Waine 2007

It has often been assumed that Europeans invented and had the exclusive monopoly over courtly and romantic love, commonly considered to be the highest form of relations between men and women. This view was particularly prevalent between 1770 and the mid-twentieth century, but was challenged in the 1960s when romantic love came to be seen as a universal sentiment that can be found in all cultures in the world. However, there remains the historical problem that the Europeans used this concept of love as a fundamental part of their self-image over a long period (traces of it still remain) and it became very much caught up in the concept of marriage. This book challenges the underlying Eurocentrism of this notion while exploring in a more general sense the connection between identity and emotions.

*Danzón Days* - Hettie Malcomson 2023-05-23

Older people negotiating dance routines, intimacy, and racialized differences provide a focal point for an ethnography of danzón in Veracruz, the Mexican city closely associated with the music-dance genre. Hettie Malcomson draws upon on-site research with semi-professional musicians and amateur dancers to reveal how danzón connects, and does not connect, to blackness, joyousness, nostalgia, ageing, and romance. Challenging pervasive utopian views of danzón, Malcomson uses the idea of ambivalence to explore the frictions and opportunities created by seemingly contrary sentiments, ideas, sensations, and impulses. Interspersed with experimental ethnographic vignettes, her account takes readers into black and mestizo elements of local identity in Veracruz, nostalgic and newer styles of music and dance, and the friendships, romances, and rivalries at the heart of regular danzón performance and its complex social world. Fine-grained and evocative, *Danzón Days* journeys to one of the genre's essential cities to provide new perspectives on aging and romance and new explorations of nostalgia and ambivalence.
