People have been conditioned to believe certain things about the way relationships should operate. Sometimes gender roles are blurred. In recent times this seems to be more evident, doesn't it? My beliefs, now, are that gender roles should be very specific and quite clearly defined. I believe that men are the stronger sex. I believe that men tend to be more logical thinkers. I believe girls should be subservient; that is: prepared to obey their man unquestioningly and are, by nature, the weaker sex. I also believe when a girl knows her place and a man knows his place in a relationship that the relationship functions better and both sexes are happier. When a girl is docile; that is, ready to accept control or instruction; submissive, she knows instinctively that the relationship is solid and that

she will be rewarded for her submissiveness. This causes her to lose her depression, her fear, and her feelings of uncertainty and constant confusion and lack of safety. These are positive benefits that have been forgotten by girls, which, when reminded, and rekindled, prove their significance and relevance to the girl's happiness. The more your girl accepts your control and instruction the more happy both of you will be, let me assure you. This is something most men and girls get excited about when they adhere to their respective gender roles. In many ways this book will teach you a relationship system that utilizes conversational hypnosis; so that, as a man, you can define your relationship in this way, so you are happy and your wife or girlfriend is happy too. It is your responsibility to learn this information and even more your responsibility to implement it; that is, training your wife or girlfriend to be servient. Follow these instructions carefully and your

[Moving on Without You](#) - David

Ending a relationship can be a very painful and difficult process, especially if the relationship was long term. It is important for us to be happy with our lives and if your partner is not making you happy it may be time to move on. Below are some tips on how to end a relationship the right way. Do you want to end your relationship with a lover or spouse? If so, you need to know the etiquette of ending a relationship. Believe it or not, there are some rules about ending a relationship. If you've been with your girlfriend or boyfriend for a long time, it is important that you take things slowly. You can't just send them an announcement in text saying it's over. In fact, this is the worst way to end a relationship-especially if you've been with them for 2-5 years. Usually, if you've been with someone for this long, they probably have many feelings for you. Remember that time creates precious memories of the other person and if you are ready to move on, they might

How To Make Your Relationship With Your Girlfriend Last

not feel the same way. This is exactly why you need to break it to them slowly. They might not realize there is a problem in the relationship. After a breakup some people will feel extreme emotions like anxiety, depression and even anger. Always take others feelings seriously and do not toy with them. Breaking up should always be done in person and if you want to avoid any drama, make sure it's done in a crowded area. You don't know if your partner will scream or cry. If they have a strong bond with you, you won't be able to avoid breaking their heart. People can be very sensitive. Without relationships, we won't be able to reproduce or carry on in our lives. That's not to say there aren't happily single people out there. Now, before you breakup you need to find out why you want to break up. You should already know the answer by now. You might want to move on because your partner has been treating you badly or you've simply fallen in love with another person.

A Book About Love - Jonah

Lehrer 2016-07-12

“Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all.” —David Brooks, The New York Times Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer’s *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for

How To Make Your Relationship With Your Girlfriend Last

God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it's easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of "falling" in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.

Get Over Yourself! - Patti

Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker

Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula:

- Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back.
- Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your

dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.
