**How to Seduce Hot Women Online - Kent Lamarc 2015**

I've been banned more than 5 times, nearly always in less than 2 weeks, and for one reason only - I was picking all the women I wanted from many online platforms. Most of these websites were not for dating, and many of the women I met had boyfriends or husbands, but this didn't stop them from contacting me and go out on a date. In this book, I reveal the secret that allowed me to pick-up dozens of beautiful women from many websites, and that allowed acquaintances to do it faster than me from Facebook and other more popular platforms. The secrets here revealed are so effective that quickly draw the attention of everyone, both jealous men and competitive women. In the end, it's a race against time, while the men try to put you out of the competition in every way they can, and women make you so popular that you start receiving invitations to talk privately online and go on dates with those you haven't had to say whatsoever. This is about a female magnet that works every single time, even though it will eventually make you get banned as well. But, who cares about being banned, once your mobile is full of numbers of hot women and most of them expect to become your girlfriend or at least sleep with you? Don't be fooled about how simple these strategies may seem! Every single pick-up artist that teaches you online dating is either using part of them or all at the same time. Game on!

**The Top 10 Things People Lie about on Online Dating Sites and Why** - Linda Jenkins 2014-10-09

The Top 10 Things People Lie About on Online Dating Sites is a guide for men and women to help them in their pursuit of Love via Online Dating Sites. Let's face it, there are thousands of Online Dating Sites today and most people meet their partners, husbands, wives, girlfriends, boyfriends, friends with benefits and lovers on Online Dating Sites. The reality is most people are too busy working or just too shy to approach someone on the street to actually go out and hunt down a mate. Thanks to the Internet, you can now find love online or anything else you are looking for. I myself have been an Online Dater on and off since 2002. I have been on quite a few sites, some are not even around anymore because they have been bought out by the bigger names. This was way back when Online Dating was starting to get big. I think it is a great way to meet someone but you have to be very cautious. I met my x-Husband on Match.com in 2002. He was the first guy I saw on there that I was attracted to. I didn't even bother looking around once I saw him. I contacted him first and needless to say he lied about almost everything and I was too naive and ignored all of the warning signs. We dated for five years before we got married and he never really changed. He was a Cheater, Liar and a Manipulator who had a handful of women at his disposal at any given time that he used for different purposes. I was his 'Trophy Girlfriend/Wife' yet he had many other women around the entire time we were dating and married. The whole disaster of the relationship was my fault because I allowed him to treat me that way and I kept forgiving him and taking him back. Yes, that's what I said, the whole thing was my fault because as soon as he lied the first time I should have got out and I didn't. I have learned some hard lessons and the purpose of this book is to help my fellow Online Daters see and recognize the lies that people tell on their profiles and when dating online. I have learned that if someone lies about a little thing for example, where they live, they are hiding something and will lie about anything. It's up to you to weed

out the dishonest Online Daters so you have a chance at finding true love. Practically all the relationships I know are based on a foundation of lies and mutually accepted delusion. Kim Catrall"

Wink - Judith Hill 2017-10-19

On the one year anniversary of her divorce, former romance author Judith Hill signed up on a well-known dating site. What ensued was a six month experience infinitely stranger than any fiction she could have conjured. Written as a weekly journal in an intimate girlfriend to girlfriend style, with chapter titles such as "The Penis Does the Picking" and "Talk Dirty to Me," WINK is a witty, laugh out loud journey. Wrapped in sex, humor and research, chapters alternate between the personal and the practical. In this unique format of both entertaining memoir and informative self-help, a seamless flow of dos, do nots and needs to know

emerges. Topics discussed include red flags, scams and cons, online dating safety and security tips, the 900+ dating sites in existence and what the "experts" have to say about online's social paradoxes and sociological ramifications. Interwoven with real life encounters that are comical, provocative and even frightening, WINK is an instant "been there/done that" look back relatable to any woman who has online dated. For single women who think love might be a mere mouse click away, for older women starting over and for anyone curious or considering an online dating site this book is a must read. Now an international flight attendant and author of [singleat60sucks.com](http://singleat60sucks.com), a humor/advice/venting blog for women viewed in 46 countries, Judith delivers a candid and irreverent look at life, love and online dating that is both sassy and sophisticated.

What the international phenomenon of *The Rules* did for conventional dating, *The Rules for Online Dating* does for the search for love on the Internet. You'll never hit the "reply" button the same way again. Millions of women around the world are meeting men on the Internet, or they've met in person and are corresponding by e-mail. But though e-mail and Net-based dating services have revolutionized the dating landscape, they've created their own pitfalls and challenges. Women need new strategies that will improve their chances of capturing Mr. Right.

Boasting the same time-tested formula and romantic spirit that made *The Rules* an international bestseller and launched thousands of women down the path to committed relationships, *The Rules for Online Dating* shows all women -- regardless of age, status, or computer savvy -- how to use electronic communication to relate to men in a way that maintains self-esteem and leads to a healthy relationship. Here is a comprehensive list of dos and don'ts that will help every woman conduct an e-courtship safely and successfully; find and keep the interest of suitable mates; and save time, energy, and potential heartache by weeding out dead wood. *The Rules for Online Dating* takes women through the process -- step by step, Rule by Rule -- to the ultimate goal: a relationship based on mutual attraction, interest, and respect.

I've been banned more than 5 times, nearly always in less than 2 weeks, and for one reason only -- I was picking all the women I wanted from many online platforms. Most of these websites were not for dating, and many of the women I met had boyfriends or husbands, but this didn't stop them from contacting me and go out on a date. In this book, I reveal the secret that allowed me to pick-up dozens of beautiful women from many websites, and that allowed acquaintances to do it faster than me from Facebook and other more popular platforms. The secrets here revealed are so effective that quickly draw the attention of everyone, both jealous men and competitive women. In the end, it's a race against time, while the men try to put you out of the competition in every way they can, and women make you so popular that you start receiving invitations to talk privately online and go on dates with those you haven't had to say whatsoever. This is about a female magnet that works every single time, even though it will eventually make you get banned as well. But, who cares about being banned, once your mobile is full of numbers of hot women and most of them expect to become your girlfriend or at least sleep with you? Don't be fooled about how simple these strategies may seem! Every single pick-up artist that teaches you online dating is either using part of them or all at the same time. Game on!

[How to Get a Girlfriend Dating Online](#) - Robert Belland 2011-02-01

The goal of this book is simple: to guide ANY guy through the process of picking out the BEST women to chat with, exactly what to say to them, and how to inspire these women to feel enough attraction and comfort to meet in person. What can YOU do slightly differently than the last 50 guys who tried emailing her that same day? Be different (in a fun way) without seeming desperate, needy, or creepy. This book explains and explores the common mistakes men are making dating online AND explains, step-by-step, EXACTLY what to say in order to stand out and get dates. This book outlines the FOUR FOUNDATIONS of successful (online) dating: Attraction, Rapport, Leading, and Escalation. - ATTRACTION is about tension and her emotional response to you. - RAPPORT is about intimacy and her emotional connection with you. - LEADING is about challenging your fears and taking action while communicating sincerity through your actions. - ESCALATION is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go. WHAT YOU'LL DISCOVER IN THIS BOOK: - Exactly to say in your first email so that she's MOST likely to respond to you. - 8 tragic but typical mistakes you should NEVER make when first chatting with her online. - 5 ways she's indicating she's "ready" to meet you (but you might be missing.) - 10 things you SHOULD be doing to make or break your online profile. - 10 detailed examples of men's profiles, and what's good and bad about them. - Learn which types of photos make women click your profile, and which make her run for the hills! - MANY examples of the types of emails other men will be sending her so that YOU can learn how to avoid sounding like "just another creep." - How to be DIRECT in such a way that will invite her to desire you more. - 7 amazing openers that you can use anytime that I've tested and used to meet many amazing women online, and why they work so well. - Etc, etc, etc... Getting the girl online isn't rocket science. It's not black magic. It's not surprising or wierd. BUT it's almost universally misunderstood. What makes a girl reject the last 99 guys but respond to you? It's simple. Being different, being playful, and being attractive. The core teachings of my books. As a matter of fact it's EASIER to be different than the last 99 guys simply because the last 99 guys are all saying the exact same things and all making the exact same mistakes. I wrote this book to help the average guy, like you and me, stand out from the online dating crowd in order to catch the girl we REALLY want, and ultimately deserve. She WANTS you to find her and attract her... now read this book and learn the fastest path to your first date!
