I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends" Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. With this book, you can gain mastery of your confidence and get the chance to build your own happily ever after. The dating game is as old as mankind's creation story. It is biologically programmed in your DNA to meet and mate. The rules of the game changes with the time and the personalities involved, but no matter how we evolve, there is a constant. For introverted men, this is even harder (or so they think). Relationship experts have created several templates and "recipes" to improve the situation without recording much success. Some people have sought the services of matchmakers just to avoid making the move themselves and the success rate for that is even lower. This book, Dating for the introvert: Discover how to eliminate dating fear, anxiety and shyness by instantly raising your charm and confidence with these simple techniques is a practical approach to overcoming shyness in dating and the success rate for this book is one you are about to become very familiar with In this book you will discover >> Why you are dreamy catch for most women >> An easy step by step guide to making your move >> Simple tips to keep a conversation going >> Date ideas when you are at your wits end >> What NOT to do when you meet the woman of your dreams The one reason why this book will be more effective in your dating life than anything you may have read or watched is the fact that we don't seek to change or transform you into someone you are not. or awkward of guys can apply with success. Dilan Jay's breakout book illuminates fundamental social truths that blow weird dating gimmicks and games out of the water, making previous dating books for guys smell like trash. How to Be More Confident with Women is written in a casual, dude-to-dude tone reminiscent of shooting the s**t with a homie at a bar, replacing beer with long-lasting confidence restoration. Through seven easy-to-digest chapters laced with occasional comic strips, Dilan Jay proves that meeting women shouldn't be a complicated military strategy, but a friendly interaction that's easy for both parties to experience. Further, men learn the power of intention, and that the best dating interactions include zero fixation on dating hype, sex, nor looking cool. Meant to be a handbook for guys, How to Be More Confident with Women can be read in a couple hours, but the results of its practices aim to change a lifetime. It ultimately offers a profound understanding of the activity of being social which regenerates an honest admiration of mankind. And when coupled with the practical skills offered by Dilan Jay — based on travels to 40 countries — men inevitably not only become more confident around people, but downright successful in finding the right woman for their life.

Approaching Women Steve Dean 2020-01-16 Do you want to learn practical ways to seducing her, take her on date, getting her into the bed and win her heart? Do you want to learn the Secrets to eliminate anxiety and increase your social confidence? If yes, then keep reading... The idea of remaining objective rather than subjective is to provide you with clarity. The way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her but to me or any other guy she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic there is no way to assume this. Now, since you are human you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt then do something that will bring your confidence back up. Say to yourself: I am the captain of my fate, the master of my soul; I have the power, only I am in control and I now release myself of this negative thought. So if you are getting nervous being around or even approaching just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you have no tangible power over you, meaning if you want freedom you can't let someone else dictate your state of mind. You are special, there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself you will no longer have approach anxiety. Start small-talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent, because the obstacles you place in front of yourself I can't see, therefore have no effect over me and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad, only thinking makes it so." Noble 2012-02-23 Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She gave it to the other attendees straight, not caring if she offended anyone; the men took it on the chin and took her constructive criticisms on board. Within days and weeks they were trying out her suggested techniques and starting to become more successful with women. Kezia returned to the PUA classes and started to make a name for herself. Kezia Noble is the first woman to offer the aspiring pick-up artist advice on how to attract women from a woman's point of view. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women. Now, in answer to requests from her students, Kezia has written a book on the 15 steps to becoming a master seducer - which will also prove an invaluable aid to men who cannot afford her classes, who work too far away or don't have enough time. *The Noble Art of Seducing Women* is the first and only sure-fire pick-up guide to be written by a woman. It has the potential to transform a lonely man into someone who need never be single again . . . unless, of course, he wants to be. Kezia Noble works with her students instead of belittling them. As a sensitive and intelligent young woman, she is becoming known as the best PUA in the business...
