

Is Period Sex Blood Magic

The Curse - Janice Delaney 1988

"In its hard headed, richly documented concreteness, it is worth a thousand polemics." -- New York Times, from a review of the first edition "The Curse deserves a place in every women's studies library collection." -- Sharon Golub, editor of *Lifting the curse of Menstruation* "A stimulating and useful book, both for the scholarly and the general reader." -- Paula A. Treichler, co-author of *A Feminist Dictionary*

Blood Relations - Chris Knight 2013-10-15

The emergence of symbolic culture is generally linked with the development of the hunter-gatherer adaptation based on a sexual division of labor. This original and ingenious book presents a new theory of how this symbolic domain originated. Integrating perspectives of evolutionary biography and social anthropology within a Marxist framework, Chris Knight rejects the common assumption that human culture was a modified extension of primate behavior and argues instead that it was the product of an immense social, sexual, and political revolution initiated by women. Culture became established, says Knight, when evolving human females began to assert collective control over their own sexuality, refusing sex to all males except those who came to them with provisions. Women usually timed their ban on sexual relations with their periods of infertility while they were menstruating, and to the extent that their solidarity drew women together, these periods tended to occur in synchrony. The result was that every month with the onset of menstruation, sexual relations were ruptured in a collective, ritualistic way as the prelude to each successful hunting expedition. This ritual act was the means through which women motivated men not only to hunt but also to concentrate energies on bringing back the meat. Knight shows how this hypothesis sheds light on the roots of such cultural traditions as totemic rituals, incest and menstrual taboos, blood-sacrifice, and hunters' atonement rites. Providing detailed ethnographic

documentation, he also explains how Native American, Australian Aboriginal, and other magico-religious myths can be read as derivatives of the same symbolic logic.

Menstruation Across Cultures - Nithin Sridhar 2021-08-26

Menstruation across Cultures attempts to provide a detailed review of menstruation notions prevalent in India and in cultures from across the world. The world cultures covered in the book include Indic traditions like Hinduism, Buddhism, Jainism and Sikhism; ancient civilisations like Greece, Rome, Mesopotamia and Egypt; and Abrahamic religions of Judaism, Christianity, and Islam. Two themes of special focus in the book are: Impurity and Sacrality. While they are often understood as being opposed to each other, the book examines how they are treated as two sides of the same coin, when it comes to menstruation. This is especially true in Indic traditions and pre-Christian polytheistic traditions like Greco-Roman, Mesopotamian and Egyptian. Impurity and Sacrality complement each other to form a comprehensive worldview in these cultures. The book also examines how the understanding of impurity in Abrahamic religions differs from those of polytheistic cultures. As part of the examination of the sacrality attached to menstruation, a special focus has also been given to the deities of menstruation in polytheistic cultures and to what Ayurveda and Yoga say about this essential function in a woman's physiology. Finally, a comparative study of menstrual notions prevalent in modernity is presented, along with a Do and Don't dossier.

Blood Magic - Thomas Buckley 1988-06-02

"Sets the stage for an ethnography of menstruation beliefs and will, I predict, be viewed as the opening work of a whole ethnographic tradition . . . will be widely cited."—Anna Meigs, Macalester College "Provides a concise and complete critique of the literature and thinking on menstrual practices

and introduces new analyses and concepts with regard to previously unknown material."—Ann L. Wright, University of Arizona

Heavy Flow - Amanda Laird 2019-02-23

A modern guide to understanding your menstrual cycle, breaking through shame and stigma, and reclaiming your fifth vital sign through holistic nutrition, lifestyle, and self-advocacy.

Blood Ritual Monarch - Blood Ritual Monarch 2014-03-01

"Like Stephen King, you can tell one hell of a story! By far the scariest book I've read. You Sir are a genius!!!! Hooked on this book!" "I couldn't put it down. What a trip through madness, perversion, and Hell! If you ever wondered about the downward spiral drugs, alcohol, and demons (real or imagined) can take a person, this book tells it all. Graphic, compelling, dangerous." "Speechless...Indeed. Such crisp blatant honesty! Straight up intensity that leaves one shaking from the inside out. There is no 'story telling' contained between its covers, only truth. Descriptive, informative, courageous. If it's fiction you seek, you won't find it here..."

"Amazing read! His brutal honesty and direct wording are mind-blowingly admirable. Very well written, and so engaging you'll feel you're there with him, and forget the world around you." This is every demon's dream; it's the perfect possession. What happens to a 23 year old man who builds a conjuring mirror from an ancient Grimoire called the Goetia or Lesser Key of Solomon? Blood Ritual Monarch spent 20 years being ravaged by the demonic forces he sought to meet and control. After almost a decade of horrifying blackouts that can only be described as possession, he began finding notes written to himself. These notes led Blood Ritual Monarch on a journey that would take him into the shadowy world of high-tech black magic; to a haunted old radar tower at the tip of Long Island, NY. Along the way, BRM's demonic blackouts would intensify and magnetize women who cajoled him into blood-sex magic which fed voracious entities on the astral plane. These rituals opened gateways fueling poltergeist intrusions which put his sanity and life in grave danger. A very brief period of stability allowed him to plan his long-overdue trip to the place where he may have been experimented on as a

child. What allegedly happened there over three decades earlier might have turned him into a 'walking demon' and psychic assassin through the process of layering entities into his auric field. This trip created a psychic maelstrom which led to more chaos and self-destructive behavior. Through a chance introduction online, Blood Ritual Monarch met a woman on the other side of the planet. Five months later he boarded a plane to the Southern Hemisphere; still accosted by malevolent spirits right up until the morning of his departure. Did the demons follow him? "Consider my mind officially BLOWN - jaw dropping. My mind is blown wide open --- there's no going back now! I'm still in shock I think.

Hands down the most intense disturbing, sad and exciting story that sucks the soul right out of your body, can't wait to read what's next."

"OUTSTANDING. As someone who is generally restless and loses interest in almost anything at all very quickly without extreme deep intensity, positive or negative, I am truly impressed and mystified by the pull and subsequent hold this book had and has over me." "A very, very awesome book. Having heard about this from a friend I wasn't sure what to expect when I started to read it. What I found was a very interesting (and sometimes disturbing) descent into demon summoning, possession, mind control, sex magic and madness. I really liked how easy it was to get into and how it had a nice flow to it. Even if you don't believe in the subject matter, it's explained in a way that is easy to understand." Are you curious about the paranormal? Into horror movies? A witch and/or psychic? Do you study conspiracies and/or mind control? If you've answered yes to any of these questions then this story is for you.

Designing Motherhood - Michelle Millar Fisher 2021-09-14

More than eighty designs--iconic, archaic, quotidian, and taboo--that have defined the arc of human reproduction. While birth often brings great joy, making babies is a knotty enterprise. The designed objects that surround us when it comes to menstruation, birth control, conception, pregnancy, childbirth, and early motherhood vary as oddly, messily, and dramatically as the stereotypes suggest. This smart, image-rich, fashion-forward, and design-driven book explores more than eighty designs--

iconic, conceptual, archaic, titillating, emotionally charged, or just plain strange--that have defined the relationships between people and babies during the past century. Each object tells a story. In striking images and engaging text, *Designing Motherhood* unfolds the compelling design histories and real-world uses of the objects that shape our reproductive experiences. The authors investigate the baby carrier, from the Snugli to BabyBjörn, and the (re)discovery of the varied traditions of baby wearing; the tie-waist skirt, famously worn by a pregnant Lucille Ball on *I Love Lucy*, and essential for camouflaging and slowly normalizing a public pregnancy; the home pregnancy kit, and its threat to the authority of male gynecologists; and more. Memorable images--including historical ads, found photos, and drawings--illustrate the crucial role design and material culture plays throughout the arc of human reproduction. The book features a prologue by Erica Chidi and a foreword by Alexandra Lange. Contributors Luz Argueta-Vogel, Zara Arshad, Nefertiti Austin, Juliana Rowen Barton, Lindsey Beal, Thomas Beatie, Caitlin Beach, Maricela Becerra, Joan E. Biren, Megan Brandow-Faller, Khiara M. Bridges, Heather DeWolf Bowser, Sophie Cavoulacos, Meegan Daigler, Anna Dhody, Christine Dodson, Henrike Dreier, Adam Dubrowski, Michelle Millar Fisher, Claire Dion Fletcher, Tekara Gainey, Lucy Gallun, Angela Garbes, Judy S. Pushing our Understanding of Diversity in Organizations - Eden B. King 2020-02-01

Few time periods in the past five decades match the intensity of intergroup conflict that people

around the world are currently experiencing. Polarized attitudes around various sociopolitical issues, such as gender equality and immigration, have dominated the media and our lives. Furthermore, these powerful social dynamics have also impacted the places where we work and intensified existing strains on workers and workplaces. To address these issues and improve organizational climates, more theories, research and collaborations to understand these phenomena are needed. The volumes in this series will describe and instigate scholarship that advances our understanding of diversity in organizations. This volume features renowned scholars who are unabashedly pushing the field by raising the questions that need to be asked, by working on topics that have received far too little research attention, and by holding researchers, practitioners, managers, organizations, and readers to task for doing what needs to be done to maximize social justice and egalitarian behaviors in the workplace. The chapters provoke the status quo in society and in scholarship, and in so doing, push our understanding of diversity in organizations.

The Palgrave Handbook of Critical Menstruation Studies - Chris Bobel 2020-07-24

This open access handbook, the first of its kind, provides a comprehensive and carefully curated multidisciplinary and genre-spanning view of the state of the field of Critical Menstruation Studies, opening up new directions in research and advocacy. It is animated by the central question: "what new lines of inquiry are possible when we center our attention on menstrual health and politics across the life course?" The chapters—diverse in content, form and perspective—establish Critical Menstruation Studies as a potent lens that reveals, complicates and unpacks inequalities across biological, social, cultural and historical dimensions. This handbook is an unmatched resource for researchers, policy makers, practitioners, and activists new to and already familiar with the field as it rapidly develops and expands.

This Period in My Life - Saskia Boujo 2000-07-20

Sex Magic for Beginners - Skye Alexander 2011-12-08

A unique blend of sex magic and the Law of Attraction, this easy-to-use and practical book shows you how to use sexual energy to get anything you want. Popular author and magician Skye Alexander teaches you to direct your innate creative force to attract good health, prosperity, and happiness. From intensifying passion to achieving career success, this compact but comprehensive guide presents a surprising array of ways in which sex magic can enhance your life. It reveals the connections between sex, power, and magic and presents rituals, spells, techniques for working with a partner, visualizations, glamours, elixirs, amulets, talismans, and more. —Attract abundance —Enhance love and pleasure —Create new opportunities —Increase personal power" —Improve health —Spark creativity —Develop insight and intuition

Black Magic - Yvonne P. Chireau 2006-11-20
 "Chireau has written a marvelous text on an important dimension of African American religious culture. Expanding beyond the usual focus of scholarship on Christianity, she describes and analyzes the world of magical-medical-religious practice, challenging hallowed distinctions among "religion" and "magic." Anyone interested in African American religion will need to reckon seriously with Chireau's text on conjure."—Albert J. Raboteau, Princeton University "Deprived of their own traditions and defined as chattel, enslaved Africans formed a new orientation in America. Conjuring—operating alongside of and within both the remnants of African culture and the acquired traditions of North America—served as a theoretical and practical mode of deciphering and divining within this, enabling them to create an alternate meaning of life in the New World. Chireau's is the first full-scale treatment of this important dimension of African American culture and religion. A wonderful book!"—Charles H. Long, Professor of History of Religions University of California, Santa Barbara and author of Significations: Signs, Symbols and Images in the Interpretation of Religion
Blood Magick - Seth 2003-10

Blood Magick is a synthesis of ancient tradition and contemporary innovations designed for both the discerning adept seeking to incorporate blood into existing disciplines and beginning

practitioners taking their first steps into the occult world.

Blood Magic - Thomas Buckley 2023-04-28
 Examining cultures as diverse as long-house dwellers in North Borneo, African farmers, Welsh housewives, and postindustrial American workers, this volume dramatically redefines the anthropological study of menstrual customs. It challenges the widespread image of a universal "menstrual taboo" as well as the common assumption of universal female subordination which underlies it. Contributing important new material and perspectives to our understanding of comparative gender politics and symbolism, it is of particular importance to those interested in anthropology, women's studies, religion, and comparative health systems.

Crimes Against Magic - Steve McHugh

Blood Magic - Monique Joiner Siedlak 2021-01-08

Have you always been interested in Blood Magic? Not sure where to start or if Blood Magic is for you? Then pick up this book and find the answers to all the questions you've been secretly asking but are too afraid to look up. Google is not a reliable source and we already know how much people love to argue on the internet; so get real answers here. There are a lot of misconceptions out there about Blood Magic; what it is, if it's evil, if it's sacrificial, the list goes on. This book is an introduction for beginners that'll answer these questions and more. Pick this book up and learn: · Why Use Blood In Magic · Practicing Safe Blood Magic · Methods Of Collecting Blood · The Correct Way To Perform Blood Magic · Alternatives To Blood · Types Of Spells ...and so much more! Why wait? Grab your copy today and learn about powerful Blood Magic right now!

Blood Magic - Jennifer Lyon 2009-02-24
 A dangerous curse... Axel Locke is the sinfully sexy leader of the Wing Slayer Hunters—a group of supernatural witch hunters who have vowed to never give into the curse driving them to slaughter innocent witches. But when his little sister is death-cursed by a demon witch, Axel will stop at nothing to save her. He rescues a beautiful witch from a killer, intending to force her to magically cure his sister. The only problem? She has no idea what she is. A deadly

passion... Darcy McAllister grew up knowing she was different, but she never imagined she's a witch. With the life of a child at stake, she agrees to work with the hot, compelling hunter to gain control over her newfound powers. But an irresistible attraction crackles between them, creating a dangerous dilemma—can Darcy trust the man hexed to crave her blood to satisfy her aching desire? Will their forbidden love destroy them? As Darcy and Axel race against the clock, their explosive passion deepens to a fiery love. But when Darcy attempts to heal his sister makes her a target for a demon's revenge, Axel will sacrifice anything, including his immortal soul, to save her.

Period Power - Nadya Okamoto 2018-10-16
 PERIOD founder and Harvard College student Nadya Okamoto offers a manifesto on menstruation and why we can no longer silence those who bleed—and how to engage in youth activism. Throughout history, periods have been hidden from the public. They're taboo. They're embarrassing. They're gross. And due to a crumbling or nonexistent national sex ed program, they are misunderstood. Because of these stigmas, a status quo has been established to exclude people who menstruate from the seat at the decision-making table, creating discriminations like the tampon tax, medicines that favor male biology, and more. *Period Power* aims to explain what menstruation is, shed light on the stigmas and resulting biases, and create a strategy to end the silence and prompt conversation about periods.

Kabbalah and Sex Magic - Marla Segol 2021-06-16

In this provocative book, Marla Segol explores the development of the kabbalistic cosmology underlying Western sex magic. Drawing

extensively on Jewish myth and ritual, Segol tells the powerful story of the relationship between the divine and the human body in late antique Jewish esotericism, in medieval kabbalah, and in New Age ritual practice. *Kabbalah and Sex Magic* traces the evolution of a Hebrew microcosm that models the powerful interaction of human and divine bodies at the heart of both kabbalah and some forms of Western sex magic. Focusing on Jewish esoteric and medical sources from the fifth to the twelfth century from Byzantium, Persia, Iberia, and southern France, Segol argues that in its fully developed medieval form, kabbalah operated by ritualizing a mythos of divine creation by means of sexual reproduction. She situates in cultural and historical context the emergence of Jewish cosmological models for conceptualizing both human and divine bodies and the interactions between them, arguing that all these sources position the body and its senses as the locus of culture and the means of reproducing it. Segol explores the rituals acting on these models, attending especially to their inherent erotic power, and ties these to contemporary Western sex magic, showing that such rituals have a continuing life. Asking questions about its cosmology, myths, and rituals, Segol poses even larger questions about the history of kabbalah, the changing conceptions of the human relation to the divine, and even the nature of religious innovation itself. This groundbreaking book will appeal to students and scholars of Jewish studies, religion, sexuality, and magic.

Buckland's Complete Book of Witchcraft - Raymond Buckland 1986

"This complete self-study course in modern Wicca is a treasured classic - an essential and trusted guide that belongs in every witch's library."---Back cover
