Britains Toy Models Catalogues 1970 to 1979 David Pullen 2019-09-24 Back in print after a long absence! Loved by both children and collectors, Britains toys and models are known for their play value and realism. Releasing its first toy soldiers in 1893 using a new hollow casting process, Britains has since produced many exciting military and civil models including the popular Home Farm series. In the 1970s, the annual catalogue contained between 340 and 370 items, including motorcycles, farm vehicles, farm animals, soldiers, guns, garden miniatures, and zoo animals. The decade also saw Britains release more than 400 new items, including New Deetail figures, which replaced the Eye Right and Swoppets lines, new metal figures, and the first aircraft for several decades, a helicopter. There was also a big expansion of farm models, including the first combine, for which Britains won the 1978 'Toy of the Year' award. Britains Toy Models Catalogues 1970 to 1979, by renowned Britains expert David Pullen, covers the models and sets issued by the company during the 1970s. It features reprints of all the annual toy model catalogues issued, reproduced in full colour. Two indexes complement the catalogues, allowing quick access to item names and catalogue numbers, and original recommended retail prices are also included. This is the essential guide for any Britains models collector.

Ulysses James Joyce 2022-10-19 Loosely based on the Odyssey, this landmark of modern literature follows ordinary Dubliners in 1904. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. Captivating experimental techniques range from interior monologues to

exuberant wordplay and earthy humor. A major achievement in 20th century literature.

Hair in Funny Places Babette Cole 1999 The new book in Babette Cole's bestselling series of "family dilemmas that began with Mummy Laid an Egg." Puberty. Who else but Babette Cole would have the temerity to tackle this subject in a picture book, and the genius to carry it off. The text, which takes the form of a conversation between a small girl and her teddy bear, is ingenious and funny. As it turns out, it is the behaviour of the wonderfully depicted Mr. and Mrs. Hormone that plays havoc with the physical and emotional states of girls and boys between, roughly, eight to eighteen years. The book is bound to be controversial but Babette Cole has never taken the conventional path and her readers love her for her outrageous approach to little-mentioned topics. From the Trade Paperback edition.

My Everything Einat Nathan 2021-04-06 The compassionate #1 bestseller in Israel that shows parents—particularly mothers—how to teach children to be strong and independent by seeing the world through their children's eyes and feel it through their children's hearts. Einat Nathan is the mother of five children and a parenting expert and counselor with her own clinic. She first published her book (Haimsheli, by top publisher Kinneret Zmora Bitan) in 2018, and it became the national bestseller of the year across all categories in Israel, making her a national celebrity. My Everything resonated because mothers read it, cried and smiled, and discovered a way to look at their children as independent people, not solely as an extension of who they are or as a calling card. Now translated into English, My Everything is a beautiful and comforting read that reminds mothers how to be patient with their children, to try to remain calm in an age of constant fearmongering, and to appreciate and accept each child as an individual, with their own quirks, gifts, and flaws. Einat writes, "Parenthood is like a bungee jump. It's scary and fun, it makes you fly and often lets you down." This book isn't so much a parenting guide as an exploration of the complex emotional journey of being a parent, reminding us of the courage and energy it requires as well as acknowledging that no parent is perfect and at the end of the day, this relationship is about connection. My Everything is a compassionate, loving answer to The Battle Hymn of the Tiger Mother to teach children to be strong and independent. Part Conscious Parenting and part The Blessings of a Skinned Knee, this is a book that will transform how readers think about raising children, resonating across cultures.
