Special Issue: Mind-Body Connections in Personal Relationships - Timothy J. Loving 2011

Social Media and Personal Relationships - D. Chambers 2013-02-21

This book explores how digital communication generates new intimacies and meanings of friendship in a networked society, developing a theory of mediated intimacies to explain how social media contributes to dramatic changes in our ideas about personal relationships, through themes of self, youth, families, digital dating and online social capital.

Intimate Connections - Anna-Maria Walter 2021-12-10

Intimate Connections dissects ideas, feelings, and practices around love, marriage, and respectability in the remote high mountains of Gilgit-Baltistan in northern Pakistan. It offers insightful perspectives from the emotional lives of Shia women and their active engagement with their husbands. These gender relations are shaped by countless factors, including embodied values of modesty and honor, vernacular fairy tales and Bollywood movies, Islamic revivalism and development initiatives. In particular, the advent of media and communication technologies has left a mark on (pre)marital relations in both South Asia and the wider Muslim world. Juxtaposing different understandings of 'love' reveals rich and manifold worlds of courtship, elopements, family dynamics, and more or less affectionate matches that are nowadays often initiated through SMS. Deep ethnographic accounts trace the relationships between young couples to show how Muslim women in a globalized world dynamically frame and negotiate circumstances in their lives.

Personal Relationships and Intimacy in the Age of Social Media - Cristina Miguel 2018-11-11

This book examines how intimate relationships are built, negotiated and maintained through social media. The study takes a cross-platform approach, analysing three social media platforms of different genres - Badoo, Couchsurfing and Facebook - and exploring two interactive forces that shape the way people communicate through social media: the platforms' architecture and policies, and actual practises of use. Combining analysis of the political economy of social media with users' perspectives of their own practises - as well as exploring the tensions between the two - the book provides a detailed picture of intimacy as a complex structure of continuity and change.

The Missing Link, Revealing Spiritual Genetics - Richard Gene Arno 2008-04

This book teaches accountability for each individual's actions and helps the reader understand who God created him or her to be. Our primary goal for providing this book is to help you understand the mysteries of God's wonderful creation of the human race. It teaches how His wonderful plan, for us as individuals, works and how it can cause every person to be happy and fulfilled during this life. It will aid you in developing and maintaining relationships with others, especially with the Lord Jesus Christ.

Exploring Relationships and Connections to Others - Mike P. Cook 2021-10-13

This book provides classroom approaches to analyses of universal themes in literature reflecting an array of relationships with self, environment, and the world with which adolescents engage. These themes include relationships with others, such as friendship and love, loss and betrayal, anger and consequences, and finding hope for the future.

Safer Sex in Personal Relationships - Tara M. Emmers-Sommer 2004-11-16

This book focuses on safer sex discussion and practice in close, personal relationships, emphasizing research on individuals in personal relationship types that are experiencing a rise in HIV infection and AIDS. Moving beyond studies of gay adult males and IV drug-users, this work paints a clear picture of the very real risk that exists for these less-studied, more general populations, so individuals may better personalize the risk and engage in more preventative measures. Authors Tara M. Emmers-Sommer and Mike Allen examine issues surrounding safer sex, utilizing research that focuses on how individuals struggle with personalizing the HIV and AIDS risk and how they cope with safer sex issues. Safer Sex in

Personal Relationships takes readers on a journey through a variety of close relationship types. It begins by highlighting awareness to the global enormity of HIV and AIDS and providing a link between the global and personal, and the need to make HIV and AIDS awareness part of everyday talk and personal relationship structure. It then focuses on: *safer sex in close relationships, both heterosexual and homosexual; *marital relationships and the importance of safe sex discussion and awareness in marriages; *HIV and AIDS from a multicultural perspective; *HIV and AIDS in aged populations; and *increasing awareness, understanding, and compassion of those living with HIV and AIDS. This book will appeal to scholars and students concerned with HIV and AIDS in personal relationships. It will be an invaluable text for courses on interpersonal communication and relationships; family, marital, human sexuality, sex and gender, gay and lesbian relationships, and sexual education; and relational conflict across communication, psychology, and sociology disciplines.

Making Intimate Connections - Albert Ellis 2000

This is the first book to apply Dr. Ellis's famous "Rational Emotive Behavior Therapy" principles to intimate relationships. The seven guidelines for better couple communication offered in this user-friendly guide emphasize non-blaming acceptance, integrity, mutual support, appreciation, replacing irrational ideas and expectations with realistic attitudes. An effective resource for couples seeking greater closeness, intimate partners who are willing to make "unilateral" changes, marriage and family therapists -- a breakthrough relationship guide from the father of rational therapy.

Kinship and Other Social and Economic Links as a Basis for Personal Relationships in the Cranbrook Region of Kent, 1660-1700 - Anthony Poole 2002

The Science of Intimate Relationships - Garth J. O. Fletcher 2012-12-06

The Science of Intimate Relationships represents the first interdisciplinary approach to the latest scientific findings relating to human sexual relationships. Offers an unusual degree of integration across topics, which include intimate relationships in terms of both mind and body; bonding from infancy to adulthood; selecting mates; love; communication and interaction; sex; passion; relationship dissolution; and more. Summarizes the links among human nature, culture, and intimate relationships. Presents and integrates the latest findings in the fields of social psychology, evolutionary psychology, human sexuality, neuroscience and biology, developmental psychology, anthropology, and clinical psychology. Authored by four leading experts in the field. Instructor materials are available at <http://www.wiley.com/go/fletcher>

Relationship Survival Skills - Frank Losik 2015-07-31

This book is a step-by-step guide presented in a bite-sized format. It is designed to appeal to the palates of mature adults who have had or who are now experiencing problems in their social, business, or intimate relationships. The book is divided into five sections. Myths That Maim is a postcard-like series of sayings that cautions us about the hidden pitfalls of a mindless, bumper-sticker approach to life. Relationship Survival Kit is a humorously presented set of dos and don'ts for couples in committed relationships. Mutual Support outlines the skills needed to nurture long-term meaningful relationships. We Need to Talk! teaches specific essential communications skills. And finally, Type Game helps the reader to identify their own Jungian/Myers-Briggs-based Personality Type.

Astrology & Relationships - David Pond 2001

Most of what is published about astrological relationships covers the same ground. We've all read that Libra gets along well with Leo, Aries is bound to clash with Capricorn, Pisces and Scorpio are natural lovers, and so on. It all sounds like a pretty well worn formula, but there's one problem--people are not that simple, and neither are relationships! Astrology & Relationships takes a much more satisfying path,

showing how astrology can help you improve all of your relationships. It addresses the complexities of real relationships by revealing the essential nature, needs, strengths, and challenges of every combination. Then it takes the unique step of offering exercises that will help you manifest the true potential that exists between each of the signs. This book emerged from actual experiences between a practicing professional astrologer and the thousands of people he has worked with. The ideas and exercises included within have been tried, tested, and refined so that they can be integrated into daily living. The program presented in this book has been proven to work--not just in theory, but in real life.

Affinities - Jennifer Mason 2018-03-16

How is it possible to feel an affinity with a place? What is happening when someone feels almost literally transported to another time by a smell or a texture or a song? Why do striking family resemblances sometimes feel uncanny? In each of these cases a potent connection is being made, involving forces, flows, energies and atmospherics that conventional sociological approaches can find hard to grasp, but that are important nonetheless. In this innovative book Jennifer Mason argues that these are affinities - potent charges and charismatically lively connections in personal life, that rise up and matter in some way and that enchant or toxify the everyday. She suggests that exploring affinities opens up new possibilities for conceptualizing the experience of living in the world through what she calls the 'socio-atmospherics of everyday life'. This book invites the reader to embrace possibilities and themes that may seem outside the usual range, and to engage in a more open, attentive, inventive and poetic sociological sensibility.

Personal Connections in the Digital Age - Nancy K. Baym 2015-08-04

The internet and the mobile phone have disrupted many of our conventional understandings of ourselves and our relationships, raising anxieties and hopes about their effects on our lives. In this second edition of her timely and vibrant book, Nancy Baym provides frameworks for thinking critically about the roles of digital media in personal relationships. Rather than providing exuberant accounts or cautionary tales, it offers a data-grounded primer on how to make sense of these important changes in relational life Fully updated to reflect new developments in technology and digital scholarship, the book identifies the core relational issues these media disturb and shows how our talk about them echoes historical discussions about earlier communication technologies. Chapters explore how we use mediated language and nonverbal behavior to develop and maintain communities, social networks, and new relationships, and to maintain existing relationships in our everyday lives. The book combines research findings with lively examples to address questions such as: Can mediated interaction be warm and personal? Are people honest about themselves online? Can relationships that start online work? Do digital media damage the other relationships in our lives? Throughout, the book argues that these questions must be answered with firm understandings of media qualities and the social and personal contexts in which they are developed and used. This new edition of *Personal Connections in the Digital Age* will be required reading for all students and scholars of media, communication studies, and sociology, as well as all those who want a richer understanding of digital media and everyday life.

The Oxford Handbook of Supply Chain Management - Thomas Y. Choi 2021-08-30

Supply chain management contends with structures and processes for delivering goods and services to customers. It addresses the core functions of connected businesses to meet downstream demand. This innovative volume provides an authoritative and timely guide to the overarching issues that are ubiquitous

throughout the supply chain. In particular, it addresses emerging issues that are applicable across supply chains--such as data science, financial flows, human capital, internet technologies, risk management, cyber security, and supply networks. With chapters from an international roster of leading scholars in the field, the *Oxford Handbook of Supply Chain Management* is a necessary resource for all students and researchers of the field as well as for forward-thinking practitioners.

Personal Networking - Mick Cope 2003

Being connected is the ultimate source of personal effectiveness. This text provides a straightforward approach to building and working within networks. It delivers a practical guide to creating the kind of network that you need, and becoming a natural and effective networked communicator.

Deep Connections in Communication: How to Strengthen Personal and Professional Relationships - Ercument Solmaz 2023-09-15

"Deep Connections in Communication: The Way to Strengthen Personal and Professional Relationships" Communication is at the center of human life. We interact with other people every day, at work, in family, with friends and other people. However, improving communication skills, strengthening relationships and increasing success is often overlooked. The book "Deep Connections in Communication" offers the keys to strengthening personal and professional relationships, starting from the basic concepts of communication. In this book, you will find: Active Listening and Empathy: Develop active listening and empathy skills, which are the cornerstones of communication. Really understand the other person and strengthen your emotional bonds. Conflict Management: Learn to handle conflicts in a positive way. Make relationships stronger by improving your problem-solving skills. Overcoming Cultural Differences: Learn tips and strategies to communicate more effectively with people from different cultures. Technology and Communication: Practical tips for effective communication in the digital world. Understand technology better and stay safe while connecting with people. Business and Personal Communication: Discover how you can use your communication skills in business and your personal life. Pave the path to professional and personal success. The book "Deep Bonds in Communication" is a guide for both those who want to improve their communication skills and those who want to establish more solid and meaningful relationships. Discover the power of communication and make your life richer and more fulfilling. You too can build deep bonds in communication by reading this book. Good reading!

The Art of Adaptive Communication - Gérard Collignon 2017-09-06

Why is it that some people just seem to click? How can I make myself understood by someone whos not on the same wavelength? How can I get my message across? Knowing how to adapt our communication to understand and make ourselves understood is essential to our relationships with others. This book will teach you adaptive communication skills that help you build positive personal connections with anyone. The process communication model tools presented in this book offer valuable help to anyone who wants to improve their communication skills. The six personality types, which are the key concepts behind the process communication model, help us to understand why we are not all wired the same way and avoid situations of miscommunication.

Personal Relationships - Lillian Turner de Tormes Eby 2012

First Published in 2012. Routledge is an imprint of Taylor & Francis, an informa company.
