

# Paschal Beverly Randolph A Nineteenth Century Black American Spiritualist Rosicrucian And Sex Magician Series In Western Esoteric Traditions

[Handbook of Hinduism in Europe \(2 vols\)](#) - 2020-07-27

The Handbook of Hinduism in Europe portrays and analyses Hindu traditions in every country in Europe. It presents the main Hindu communities, religious groups, forms and teachings present in the continent and shows that Hinduism have become a major religion in Europe.

**Western Esotericism and Rituals of Initiation** - Henrik Bogdan 2012-02-01

Historical exploration of Masonic rituals of initiation.

[Forthcoming Books](#) - Rose Arny 1996-10

[Theosophy, Imagination, Tradition](#) - Antoine Faivre 2000-02-17

A historical and interpretive study of three aspects of Western esotericism from the Renaissance to the twentieth century.

[Paschal Beverly Randolph](#) - John Patrick Deveney 1997-01-01

His most enduring claim to fame is the crucial role he played in the transformation of spiritualism, a medium's passive reception of messages from the spirits of the dead, into occultism, the active search for personal spiritual realization and inner vision.

**Esotericism in African American Religious Experience** - 2014-11-06

Esotericism in African American Religious Experience: "There is a Mystery" ..., brings together groundbreaking essays that inaugurate Africana Esoteric Studies (AES): a new trans-disciplinary enterprise that investigates esoteric lore and practices in Africa and the African Diaspora.

[The Hermetic Brotherhood of Luxor](#) - Joscelyn Godwin 1995-01-01

The Hermetic Brotherhood of Luxor, active in the last decades of the 19th century, was the only order of its time that taught practical occultism in the Western Mystery Tradition. This is the first complete and undistorted account, tracing the origins, founders, and practices of this very secretive order, which counted among its members many of the well-known figures of late 19th-century occultism, spiritualism, and Theosophy, including Max Theon, Peter Davidson, Thomas Henry Burgoyne and Paschal Beverly Randolph. This scholarly work provides all the materials for revisioning the history, assigning the Hermetic Brotherhood of Luxor its rightful place as one of the most influential esoteric orders of its time.

**Hidden Intercourse** - Wouter J. Hanegraaff 2008-12-31

The history of Western esotericism is rich in references to the domains of eros and sexuality, but this connection has never been explored in detail from a critical scholarly perspective. Bringing together an impressive array of top-level specialists, this volume reveals the outlines of a largely unknown history spanning more than twenty centuries.

[The End That Does](#) - Cathy Gutierrez 2014-12-18

Millennial movements have had a significant impact on history and lie behind many artistic and scientific views of the world. 'The End that Does' tracks the interplay of the arts, sciences, and millennial imagination across 3000 years. The volume presents essays ranging across the study of ancient ritualistic sacrifice, utopian technology and the American millennial dream, science fiction, and the apocalypse of the tabloids. The End that Does will be invaluable to any student or scholar interested in the history of millennialism.

**Bibliographic Guide to Psychology** - New York Public Library. Research Libraries 1997

[Whitaker's Books in Print](#) - 1998

**Eulis!** - Paschal Beverly Randolph 1896

**Magic and Mysticism** - Arthur Versluis 2007

Provides overview, from antiquity onwards, on various Western religious esoteric movements. This book includes topics such as: alchemy, Gnosticism, Hermeticism, Rosicrucianism, Theosophy and more.

**African American Religious Cultures [2 volumes]** - Anthony B. Pinn 2009-09-10

This encyclopedia offers the most comprehensive presentation available on the diversity and richness of religious practices among African Americans, from traditions predating the era of the transatlantic slave trade to contemporary religious movements. Like no previous reference, African American Religious Cultures captures the full scope of African American religious identity, tracing the long history of African American engagement with spiritual practice while exploring the origins and complexities of current religious traditions. This breakthrough encyclopedia offers alphabetically organized entries on every major spiritual belief system as it has evolved among African American communities, covering its beginnings, development, major doctrinal points, rituals, important figures, and defining moments. In addition, the work illustrates how the social and economic realities of life for African Americans have shaped beliefs across the spectrum of religious cultures. *Magia Sexualis* - Hugh B. Urban 2006-10-04

"This book offers a fascinating account of the development of Western sexual magic through the nineteenth and twentieth centuries. Urban focuses on an extraordinary set of historical figures, and his rich analysis illuminates the sexual—and supernatural—undercurrents that have shaped modernity."—Randall Styers, author of Making Magic: Religion, Magic, and Science in the Modern World

[Transformations and Transfer of Tantra in Asia and Beyond](#) - István Keul 2012-01-27

The essays in this volume, written by specialists working in the field of tantric studies, attempt to trace processes of transformation and transfer that occurred in the history of tantra from around the seventh century and up to the present. The volume gathers contributions on South Asia, Tibet, China, Mongolia, Japan, North America, and Western Europe. The chapters cover a wide thematic area, which includes modern Bengali tantric practitioners, tantric ritual in medieval China, the South Asian cults of the mother goddesses, the way of Buddhism into Mongolia, and countercultural echoes of contemporary tantric studies.

**Handbook of the Theosophical Current** - Olav Hammer 2013-01-09

This title represents pioneering research into an important but under-researched current. The three sections in the book are devoted to the Theosophical Society, Theosophically influenced religious currents, and the interaction between Theosophy and surrounding culture.

[Magia Sexualis](#) - Paschal Beverly Randolph 2012-08-27

A step-by-step guide to the occult science of sex magic • Based on the practices of P. B. Randolph, occult rival of H. P. Blavatsky • Reveals how to perform sex magic rituals for specific real-world results, such as greater strength or enhancement of the senses • Explains how to create magical talismans, such as rings with specific planetary forces, how to enliven a painting, and how to charge an effigy Conceived by Paschal Beverly Randolph, *Magia Sexualis* has been heralded as the most influential book about sex magic ever written, surviving to the present day solely through Maria de Naglowska's French translation. Published more than 50 years after Randolph's death, the authorship of this "translation" has been repeatedly called into question: While the greater part of the content can be traced to Randolph's known works, a very significant portion cannot—leading to the conclusion that this work was supplemented by Naglowska's own sex magic work and extensive occult teachings. *Magia Sexualis* explains Randolph's meticulous science of sex magic, practiced by the Brotherhood of Eulis and the Hermetic Brotherhood of Light. Beginning with exercises to develop essential skills, the book explains in step-by-step detail how to perform sex magic rituals for specific results, such as greater strength or enhancement of the senses, how to charge and use a "volt"—an effigy of a specific person you want to influence or protect, how to enliven a painting in order to influence those around it, and how to create magical talismans with specific planetary forces, using what Randolph calls "fluid condensers." This work from two great occult minds shows that true power of the spirit is acquired in conjunction with the power of sex—affirming that "sex is the fundamental force in every being, the most powerful force in Nature, and the most characteristic evidence of God."

Histories of the Hidden God - April D DeConick 2016-04-08

In Western religious traditions, God is conventionally conceived as a humanlike creator, lawgiver, and king, a being both accessible and actively present in history. Yet there is a concurrent and strong tradition of a God who actively hides. The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible, a God who is both immanent and transcendent, present and absent. Western Gnostic, esoteric, and mystical thinking capitalizes on

the hidden and hiding God. He becomes the hallmark of the mystics, Gnostics, sages, and artists who attempt to make accessible to humans the God who is secreted away. 'Histories of the Hidden God' explores this tradition from antiquity to today. The essays focus on three essential themes: the concealment of the hidden God; the human quest for the hidden God, and revelations of the hidden God.

**Sexual Magic** - Paschal Beverly Randolph
