

Pure Sex The Spirituality Of Desire

Sex--the Unknown Quantity - Alexander James McIvor-Tyndall 1916

Sex: The Unknown Quantity: The Spiritual Function of Sex - Alexander J. McIvor-Tyndall 1916

The Erotic Word - David M. Carr 2005-02-24

Historically, the Bible has been used to drive a wedge between the spirit and the body. In this provocative book, David Carr argues that the Bible affirms erotic passion. Sexuality and spirituality, he contends, are intricately interwoven; the journey toward God and the life-long engagement with our own sexual embodiment are inseparable.
Desire's Direction - Jayson Sherrod 2006-03

Sex, Ecology, Spirituality - Ken Wilber 2001-01-02

In this tour de force of scholarship and vision, Ken Wilber traces the course of evolution from matter to life to mind and describes the common patterns that evolution takes in all three of these domains. From the emergence of mind, he traces the evolution of human consciousness through its major stages of growth and development. He particularly focuses on modernity and postmodernity: what they mean; how they impact gender issues, psychotherapy, ecological concerns, and various liberation movements; and how the modern and postmodern world conceive of Spirit. This second edition features forty pages of new material, new diagrams, and extensively revised notes.

[Sex, Dissidence and Damnation](#) - Jeffrey Richards 2013-09-13

For the authorities in medieval Europe, dissent struck at the roots of an ordered, settled world. It was to be crushed - initially by reason and argument, eventually by torture. Jeffrey Richards examines the wretched

lives of heretics, witches, Jews, lepers and homosexuals and uncovers a common motive for their persecution: sexual aberrance.

Healing the Masculine Soul - Gordon Dalbey 2003-09-09

In his groundbreaking book fifteen years ago, Gordon Dalbey identified the fact that men's souls have been torn between strength and sensitivity. Today, the situation is even worse. The politically correct crowd cries out for men to be more sensitive, to tame their masculine nature. On the opposing side, the media bombards men with "macho" images of violence and lust. Is it any wonder men are left bewildered about who they should be? In this newly revised and updated edition of *Healing the Masculine Soul*, Dalbey claims that there's hope for restoration, hope for healing-because Christ has come to heal us. God is calling men out to a relationship with Himself and calling them out to authentic manhood. "Our task is not to curse our manhood, but to redeem it," he writes. Gordon Dalbey's refreshing, comprehensive picture of God's design for the masculine soul dares men to be as God created them to be-not as society demands. Dalbey tackles the tough issues, including work, sexuality, marriage, and fatherhood. Book includes Study Guide.

Tantra - Discovering the Power of Pre-Orgasmic Sex - Yogani 2006-06-01

Tantra - Discovering the Power of Pre-Orgasmic Sex is a common-sense guide on how to utilize sexuality to complement a full-scope system of yoga practices. Practical techniques are provided which enable both couples and solo practitioners to utilize the sexual response to cultivate ecstatic energy to its highest levels of spiritual manifestation. Finally, here is a no-nonsense book that takes the mystery out of sexuality and its relationship to yoga and the spiritual path. Yogani is the author of two

landmark books on the world's most effective spiritual practices: Advanced Yoga Practices - Easy Lessons for Ecstatic Living, a comprehensive user-friendly textbook, and The Secrets of Wilder, a powerful spiritual novel. The AYP Enlightenment Series makes these profound practices available for the first time in a series of concise instruction books. Tantra is the third book in the series. The second in the series is Spinal Breathing Pranayama - Journey to inner Space. The first is Deep Meditation - Pathway to Personal Freedom. Sex and the Soul, Updated Edition - Donna Freitas 2015
First published in 2008, Donna Freitas's Sex and the Soul revealed what college students -- at institutions large and small, public and private, secular, Catholic, and evangelical -- really think about sex, dating, religion, and spirituality. Based on face-to-face interviews with students across the country, Sex and the Soul achieved national acclaim, illuminating the as-yet-unexplored struggles of college students navigating the lines of faith and sexuality. Now, in this updated edition, Freitas reflects on the hundreds of conversations she has had with students since the book was first published in an all-new afterword, and offers practical advice for young people struggling with issues of sex and spirituality and for the adults giving them guidance.

Pure Sex - Gordon Dalbey 2014-12-12

CAUTION !You are about to enter the spirit realm. Powers you will engage after this point are beyond your ability to control. There's more to sex than mere skin on skin. Sex is as much spiritual mystery as physical fact. (1 Corinth. 6:16,17TMB) The powerful mystery of sexual desire marks it as a spiritual phenomenon. Yet talk of sexuality has largely been banned from churches, leaving a vacuum which the world is literally hell-bent to fill. "Sex is dirty and immoral," as the culture confounds, "so save it for marriage and the one you love most!" Yet if God created sex as a reflection of His very image in male and female together (Gen. 1:27), it must be good. Among people who acknowledge and respect spiritual power, sexual desire prompts awe, even worship. Because we can't control it however, our secularized culture uses religion to confine sex to manageable morality, divorcing it from

spirituality and enforcing compliance with shame. Includes "Was It Good for You (Too)? Sexual Bonding and a Woman's Heart" by Mary Andrews-Dalbey Here's a reality-based view of sex, free from either judgmental religion or care-less tolerance. It's not about "what you can do to improve your sex life," but rather, what God is doing to accomplish His purposes in men and women today, and how He provides what you need to join Him.

Spirituality and Human Nature - Donald Evans 1993-01-01

Evans (philosophy, U. of Toronto) discusses spirituality and depth psychology being open and closed, loving oneself, sexuality, and therapy; and spirituality in connection with skepticism positivism and the paranormal, positivism and the genuinely spiritual; ethics mystical humanism and morality, go

Pure Desire - Gary Inrig 2010

This thoughtful look at God's original purpose for His good gift of human sexuality offers Bible-based guidelines on how to live your Christian values in today's culture.

The Fire Within - Ronald Rolheiser 2021-03-16

For most religious people, the words God and sex never go together. God is conceived of as holy, pure, sexless, and as morally above the raw desires that so powerfully beset us. Sex, on the other hand, is conceived of as earthy and unholy, something we must snatch, and not without guilt, from the gods. Christianity has struggled mightily with sex; so too have most other religions. And yet when we look at sexual desire and ask where it comes from, there can be only one answer. It comes from God. This is a book on desire, its experience, its origins, its meaning, and how it might be generatively channeled. Sexuality is inside us to help lure us back to God, but dealing with this fire inside us is a lifelong struggle. Ron Rolheiser sheds light on this mystery and the journey it takes us on in these tantalizing fragments that help give us permission to feel what we feel and know that God is still smiling on us.

Sex Matters - Osho 2003-07-11

One of the greatest spiritual thinkers of the twentieth century explores the physical and emotional intimacies of men and women in Sex Matters:

Sex to Superconsciousness. Sex matters to us all. The Osho approach to sex begins with an understanding of how important love is in our lives, while at the same time acknowledges that the journey into love cannot exclude our innate biological energies. With this perspective, it becomes clear that the tendency for religions, and for society in general, to associate sex with sin and morality has been a great misfortune. Sex Matters begins by deconstructing the layers of sexual repression that the condemnation of sex has inflicted on humans. Throughout the book—in response to questions about everything from jealousy to premature ejaculation, the role of intimacy and the differences between men and women—Osho proposes a vision that embraces sex as a fundamental gift from nature. We learn how orgasm offers a glimpse of timelessness, thoughtlessness, and pure awareness—biology’s way of pointing toward the consciousness that helps us to understand ourselves. Finally, we are presented with a clear choice: a repressed sexuality that leads to pornography, perversion, and a stunted humanity or a playful, respectful, and relaxed innocence that supports us in becoming fulfilled and whole, as nature intended. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The Kabbalah Experience - Michael Laitman 2005-01-01

The Kabbalah Experience is one of the most fascinating books ever published in Kabbalah. It is a journey in time from the past to the future, in situations we might all experience at some point. Anyone who wants to learn how to make the most of every moment in his or her life, anyone who wishes to find a happy, fulfilling life, will find the answers in this book. Since the days of The Zohar and the Tree of Life, the language of Kabbalah has never been as clear as it is in this moving piece. It is worthwhile contemplating the answers in the text, experiencing them in

the simplest meaning of the word. Any student of Kabbalah, novice or advanced, will find this book to be a wonderful companion and a great reference for a fountain of genuine knowledge.

Love Unfolded - Abdur Rahim 2019-08-08

Where there is love there is life. But what love is? To understand love at the deepest level, we need to know what love is and how it is explained? This book attempts to share inspiring insights, anecdotal experiences and perhaps incomplete yet valuable materials and viewpoints of general and notable people across the global cultures over time, which is presented precisely, easy to read, and understand to the readers on the matter of love, marriage and sexual behavior towards fulfilling the life's most intrinsic desire and happiness. The book is for the general public of all sections of global society and culture. The three key messages readers shall take away from this book. They are: a) love is the essence, b) marriage is a bond, and c) sex is the ultimate supreme pleasure of life. Explaining these themes, attempts have been made to broadly discuss about the topics, bringing together various ideas from diverse sources, historical periods, cultures, and philosophical perspectives, along with contemporary empirical work from psychology, sociology, anthropology, and neuroscience. The readers not only will enjoy the many flavors of the substance of the book but also get the facts and analysis of why we approach love, marriage, relationships, and observed or unobserved differences between men and women, and what social, historical, cultural, political, evolutionary, or biological factors might influence them. Nonetheless, the substance of the book tells the inner most words of every men and women that are being preserved since their young age. Finally, the book will be of good values and understanding with readers' own journey of love, marriage, and relationship. These are the reasons why the readers will buy the book. The main objective of the book is to let the readers rethink about the changing pattern of love and relationships over time.

Healing the Shame and Guilt around Sexuality - David Hoffmeister 2012-11-01

This transcript is based on an in-depth counseling session around the

healing of sexuality issues and their cause — the belief in separation.

Gay Tantra - William Schindler 2017-07-07

We gay folk, who inhabit bodies of the type we naturally desire, require a sex-positive spiritual practice that celebrates and utilizes our gay being instead of opposing it. We need a spiritual practice that teaches us how to use our senses instead of merely shutting them off or repressing them. We need a practice that empowers us to integrate all the rejected aspects of self to form a strong, healthy gay identity, which confers a spiritual advantage in deep spiritual practice. We need a spiritual practice that recognizes that gender and gender identity are fluid, that we all contain elements of the masculine and feminine. We need a spiritual practice that recognizes not only that same-sex love is possible, but that our love can powerfully energize a deep quest for Self-awareness and enlightenment. We need to realize that any feeling of shame or unworthiness connected to our gay being shackles our spirit and blocks us from the full realization of God/dess within, for the Divine Being is gay, too.

The Samaritan Woman's Story - Caryn A. Reeder 2022-02-15

Reader's Choice Award Winner Most Christians have heard a familiar description of the Samaritan woman in John 4: she was a sinner, an adulteress, even a prostitute. Throughout church history, the woman at the well has been seen narrowly in terms of her gender and marital history. What are we missing in the story? And what difference does our interpretation of this passage make for women and men in the church? Caryn A. Reeder calls us to see the Samaritan woman in a different light. Beginning with the reception history of John 4, she pulls back layers of interpretation entangled with readers' assumptions on women and sexuality. She then explores the story's original context, describing life for women and expectations regarding marriage and divorce in the first century. With this clarified lens, Reeder's exegesis of the passage yields refreshing insights on what the Gospel says—and does not say—about the woman at the well. Throughout the book, Reeder draws connections between interpretations of this text and the life of the church. The sexual objectification of the Samaritan woman and minimization of her positive

contribution has ongoing consequences for how women are seen and treated—including in the failure of many Christian communities to respond well to accusations of abuse. In the age of #MeToo and #ChurchToo, *The Samaritan Woman's Story* offers a bold challenge to teach the Bible in a way that truly honors the value and voices of women. *Hop on Pop* - Henry Jenkins III 2003-01-02

Hop on Pop showcases the work of a new generation of scholars—from fields such as media studies, literature, cinema, and cultural studies—whose writing has been informed by their ongoing involvement with popular culture and who draw insight from their lived experiences as critics, fans, and consumers. Proceeding from their deep political commitment to a new kind of populist grassroots politics, these writers challenge old modes of studying the everyday. As they rework traditional scholarly language, they search for new ways to write about our complex and compelling engagements with the politics and pleasures of popular culture and sketch a new and lively vocabulary for the field of cultural studies. The essays cover a wide and colorful array of subjects including pro wrestling, the computer games *Myst* and *Doom*, soap operas, baseball card collecting, the Tour de France, karaoke, lesbian desire in the *Wizard of Oz*, Internet fandom for the series *Babylon 5*, and the stress-management industry. Broader themes examined include the origins of popular culture, the aesthetics and politics of performance, and the social and cultural processes by which objects and practices are deemed tasteful or tasteless. The commitment that binds the contributors is to an emergent perspective in cultural studies, one that engages with popular culture as the culture that "sticks to the skin," that becomes so much a part of us that it becomes increasingly difficult to examine it from a distance. By refusing to deny or rationalize their own often contradictory identifications with popular culture, the contributors ensure that the volume as a whole reflects the immediacy and vibrancy of its objects of study. *Hop on Pop* will appeal to those engaged in the study of popular culture, American studies, cultural studies, cinema and visual studies, as well as to the general educated reader.
