*Linda Goodman's Love Signs* - Linda Goodman

SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which

indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship. Cosmic Coupling - Stella Starsky 2009-12-29  
Cosmic Coupling is a fun, fast-paced exploration of every possible relationship between star signs, both straight and gay, from the authors' unique sextrological perspective. With rich knowledge, expert wordsmithing, and signature wry humor, celebrity cosmic consultants Stella Starsky + Quinn Cox delve into the specific rules of attraction inherent in each bond and the perks and pitfalls particular to each partnership. Whether addressing enduring alliances or fleeting dalliances, Starsky + Cox don't shy away from the juicier bits in profiling the romantic and sexual nature of each star-sign combination on the astrological block. Smart, sexy, and sophisticated, with a wink, Cosmic Coupling profiles couples in a threefold manner:

- Chemistry—describes the sparks, clashes, and underlying motivations of the couple's mutual attraction
- Compatibility—depicts the relationship needs of each sign and explains how the pair best meshes
- Carnality—details the sexual dynamics of the bond, right on down to the nitty-gritty

With a profound understanding of astrology and human psychology, original insights drawn from ancient, literary, and pop archetypes, and a frankly intelligent, frequently funny delivery, Cosmic Coupling illuminates the dynamics of one's (and others') existing relationships and guides any singles seeking Mr. and/or Ms. Right, while giving the phrase "starry-eyed lovers" a whole, spicy new meaning.

**Scorpio** - Sami Bsoul 2019-03-12

These days you see so many books on zodiac signs being published that are not only completely boring but are also filled with stuff that is nothing more than cotton candy fluff with regard to astrology. These books mostly focus on trade or the commercial value of the text rather than authenticity. Through Scorpio The Deepwater, the author will mostly not

distinguish between Scorpio women, men, or birth charts. Dear Scorpio, the intensity level of your energy varies, other than that your soul does understand time and is not defined by time or by gender. Even the stars care nothing for human ideas of gender. Therefore, Sami does not accept the idea that different genders express different aspects of their signs. The author wants only to capture the real essence of the Scorpio and reinforce of people own knowledge about the sign. This book is an awareness step made to the larger audience to understand how deep and passionate scorpions are into everything that they lay their hands upon. Sami is bringing the general description about Scorpio alike in manner within or wherever their sun is sitting in their chart. Scorpions are some of the most captivating people that you will ever come across in your life, yet at the same time they are some of the most mysterious individuals as well. They have an incredibly powerful presence that you can certainly not ignore under any circumstances. Regardless of all that, Scorpions have earned a bad reputation over the years, being called as some of the strongest personalities to handle. All the mentioned above makes this book incredibly important to all people who need to learn about the things that they may need to know in order to get the most out of their relationship with your Scorpio. Thus, do not wait too long. Take all the help you can get and find the perfect harmony between you and your Scorpio.

*To Have, to Hold, and to Never Let Go* - Cattina C. Coleman 2012-12-28

I am a woman of many attributes and as impressive as my background is I too find it hard to juggle a relationship, family, friends, and my career. With a two year old son, a new found relationship with a handsome young man who is just a year younger than me but so much wisdom he could teach a teacher; still pursuing my Doctorate Degree in Business, and building a company from the ground up; has definitely put my life in the fast lane. The inspiration to my book was having seen male friends of mine who are battling their own love lives and or the family. I wanted to create a book to help guide them in a path where they too can understand where we women are coming from when we ask them a million and one questions about relationships and family. So in my book *To Have, To Hold, and To Never Let Go*, I am letting men know the inner thoughts and acts of women and show how we are not that much different from you guys in the sense of commitment. The same thoughts you men have us women have too; we just go about them a little differently. So in this book allow these chapters to guide you men on how *To Have a Woman, Hold a Woman, and To Never Let Her Go*.
