How to Have Feminist Sex Flo Perry 2019-10-03 'Funny, kind, generous and smart - I could have done with the wisdom of Flo Perry far sooner' Dolly Alderton When it comes to our sex lives, few of us are free of niggling fears and body image insecurities. Rather than enjoying and exploring our bodies uninhibited, we worry about our bikini lines, bulging tummies and whether we're doing it 'right'. Flo broaches everything from faking it to consent, stress to kink, and how losing your virginity isn't so different to eating your first chocolate croissant. Her mission is to get more people talking openly about what they do and don't want from every romantic encounter.

**The Game of War** Andrew Hussey 2002 Since his death in 1994 (when he put a bullet through his heart in his lonely farmhouse) Guy Debord has been hailed as one of the key thinkers of the age. In Britain and the United States, his theories on the 'spectacle' of modern life were simultaneously hailed as deadly truths by underground subversives and accorded the highest academic prestige. In the same way, the Situationist International (SI), a volatile group of artists, revolutionaries and intellectuals which he led through the 1950s and 1960s, is considered to be the most important art movement since Dada and the Surrealists. Debord himself was a welter of contradictions, whose public life was entirely predicated upon the singlemindedness of his revolutionary intentions, but who privately sought oblivion in infamy, exile and alcoholism. Implicated in the events of May 1968, Italian terrorism and the murder of his friends, and under surveillance by the French secret police for over a decade, he mixed in elite art, business and political circles, and has had admirers and devotees of all political colours and ranks. This biography is an appraisal of a lone and defiant figure whose story follows and, at one historic moment in 1968, appears to lead the drift of art and politics in post-war Paris. 'It could almost be believed that I was the only person to have loved Paris,' Debord said. Then, almost with a shrug, 'but no one has twice raised Paris to revolt.'

Walking with Aletheia Jean Hargadon Wehner 2022-02-02 WALKING WITH ALETHEIA is a story of how Jean Hargadon Wehner--through time, perseverance and inherent wisdom--found the courage to confront demons of sexual abuse from priests at her Catholic HS, ultimately leading to a place of resilience, hope and walking with Aletheia--the Greek goddess of truth. How, in the end, one can see the power and healing effect of the mind by leaning into the truth. This is a book of deep healing. Literary Nonfiction. Memoir.

**Unmastered** Katherine Angel 2012 *Unmastered* is a new kind of book that allows us to think afresh about desire. Incisive, moving, and lyrical, it opens up a larger space for the exploration of feelings that can be difficult to express. Touching on experiences of desire and pleasure, as well as grief and pain, the book probes the porousness between masculine and feminine, thought and sensation, self and culture, power and pliancy. Katherine Angel reflects on the history of her own feelings, on her encounters and beliefs, and shows how our lives can be shaped by sexuality and feminism; by the words we use, and the stories we tell. The result is a book letting light into places that are often dark and constrained - a searching, erotic work that shifts in meaning and resonance even as it is read.

*America Hurrah* Jean-Claude Van Itallie 1968-10 THE STORIES: INTERVIEW. As Norman Nadel describes: Four masked, smiling interviewers interview a scrubwoman, a house painter, a banker and a lady's maid. It is commonplace and familiar enough, except that suddenly, the most innocent statements are

*I Gen* Jean M. Twenge 2017-08-22 "Analyzes how the young people born in the mid-1990s and later significantly differ from those of previous generations, examining how social media and texting may be behind today's unprecedented levels of anxiety, depression, and loneliness" -- Prové de l'editor.

*All I Ever Wanted* Kathy Valentine 2020-04-09 At twenty-one, Kathy Valentine was at the Whisky in Los Angeles when she met a guitarist from a fledgling band called the Go-Go's—and the band needed a bassist. The Go-Go's became the first multi-platinum-selling, all-female band to play instruments themselves, write their own songs, and have a number one album. Their debut, *Beauty and the Beat*, spent six weeks at the top of the Billboard 200 and featured the hit songs "We Got the Beat" and "Our Lips Are Sealed." The record's success brought the pressures of a relentless workload and schedule culminating in a wild, hazy, substance-fueled tour that took the band from the club circuit to arenas, where fans, promoters, and crew were more than ready to keep the party going. For Valentine, the band's success was the fulfillment of a lifelong dream—but it's only part of her story. *All I Ever Wanted* traces the path that took her from her childhood in Texas—where she all but raised herself—to the height of rock 'n' roll stardom, devastation after the collapse of the band that had come to define her, and the quest to regain her sense of self after its end. Valentine also speaks candidly about the lasting effects of parental betrayal, abortion, rape, and her struggles with drugs and alcohol—and the music that saved her every step of the way. Populated with vivid portraits of Valentine's interactions during the 1980s with musicians and actors from the Police and Rod Stewart to John Belushi and Rob Lowe, *All I Ever Wanted* is a deeply personal reflection on a life spent in music.

A Lady's Guide to Selling Out Sally Franson 2018-04-10 With "elements of *The Bold Type*, *Mad Men*, and *The Devil Wears Prada*" (*Entertainment Weekly*), a young woman navigates a tricky twenty-first-century career—and the trickier question of who she wants to be—in this savagely wise debut novel Casey Pendergast is losing her way. Once a book-loving English major, Casey lands a job at a top ad agency that highly values her ability to tell a good story. Her best friend thinks she's a sellout, but Casey tells herself that she's just paying the bills—and she can't help that she has champagne taste. When her hard-to-please boss assigns her to a top-secret campaign that pairs literary authors with corporations hungry for upmarket cachet, Casey is both excited and skeptical. But as she crisscrosses America, wooing her former idols, she's shocked at how quickly they compromise their integrity: A short-story writer leaves academia to craft campaigns for a plus-size clothing chain, a reclusive nature writer signs away her life's work to a manufacturer of granola bars. When she falls in love with one of her authors, Casey can no longer ignore her own nagging doubts about the human cost of her success. By the time the year's biggest book festival rolls around in Las Vegas, it will take every ounce of Casey's moxie to undo the damage—and, hopefully, save her own soul. Told in an unforgettable voice, with razor-sharp observations about everything from feminism to pop culture to social media, *A Lady's Guide to Selling Out* is the story of a young woman untangling the contradictions of our era and trying to escape the

rat race—by any means necessary. Praise for *A Lady's Guide to Selling Out* "Bitingly funny . . . Competing Masculinities in the British Netflix Series "Sex Education" Lea-Christin Klaas 2023-11-13 Seminar paper from the year 2020 in the subject Gender Studies, grade: 2,0, University of Dortmund (Institut für Anglistik und Amerikanistik), course: British Proseminar, language: English, abstract: This paper deals with the competing masculinities in the British Netflix series "Sex Education". Especially the characters Otis Milburn, Adam Groff and Eric Effiong are taken into consideration. Otis is the typical lovable goof, whereas Adam is more likely to fulfill the stereotype of being a "real man", because of his tendency of being violent. It turns out that Adam's aggression is caused by him being insecure. Eric is also especially interesting to look at, since he serves several contrary stereotypes. He is a black, homosexual young male that is raised as a second generation immigrant in a traditionally catholic household and is often confronted with homophobia and racism. Eric turns out to be a modern gentleman. Each character's typical behavior patterns will be described and clarified by examples and interpreted in the context of masculinities.

Hedwig and the Angry Inch Stephen Trask 2003 Tells the story of transsexual rocker Hedwig Schmidt, an East German immigrant whose sex change operation has been botched and who finds herself living in a trailer park in Kansas.

Voices From the Wreckage: Young Adult Voices in the #MeToo Movement Kimberly Karshner 2023-04-18 'Voices From the Wreckage: Young Adult Voices in the #MeToo Movement' is an edited collection by Kimberly Greenfield Karshner (Lorain County Community College). This collection focuses on situating young adult voices in the #MeToo movement, and into American culture and identity. Children's and young adult literature is an area of study that has rapidly evolved in the past ten years, bringing previously silenced voices to light. This is especially true for YA LGBTQ+ voices, and also for young narrators who are not only discovering, celebrating, and coming to terms with their identities, but also dealing with assaults on their identities. This collection will build on what writers like Laurie Halse Anderson have begun, first with her groundbreaking book on sexual assault, 'Speak', published in 1999, and more currently, her follow-up book, 'Shout' (2019). These authors continue what Anderson started, exploring texts from the perspectives of YA male and female voices, Native American and international perspectives, and LGBTQ+ character representation. Chapters investigate various literary forms such as graphic novels, memoirs, and novels, and cover topics such as sexual desire, consent, trauma, and survivorship. The literature featured in this volume will assure young people that they can tell their stories and that they will be heard. 'Voices From the Wreckage' will be a valuable tool for anyone who teaches Young Adult Literature, or for those who are avid readers and fans of the genre. The authors in this collection are starting and continuing very important conversations on the topic of sexual abuse and trauma, a conversation necessary for the intended audiences of these books, and for adult readers and teachers who are facilitating the emotions connected to these topics.

**Charlotte Walsh Likes To Win** Jo Piazza 2018-07-24 From bestselling author Jo Piazza comes one of People's "Best Summer Books," a "comically accurate" (New York Post) novel about what happens when a woman wants it all—political power, marriage, and happiness. Charlotte Walsh is running for Senate in the most important race in the country during a midterm election that will decide the balance of power in Congress. Reeling from a presidential election that shocked and divided the country and inspired to make a difference, she's left her high-powered job in Silicon Valley and returned, with her husband and three young daughters, to her downtrodden Pennsylvania hometown to run for office in the Rust Belt state. Once the campaign gets underway, Charlotte is blindsided by just how dirty her opponent is willing to fight, how harshly she is judged by the press and her peers, and how exhausting it becomes to navigate a marriage with an increasingly ambivalent and often resentful husband. When the opposition uncovers a secret that could threaten not just her campaign but everything Charlotte holds dear, she must decide just how badly she wants to win and at what cost. "The essential political novel for the 2018 midterms" (Salon), Charlotte Walsh Likes to Win is an insightful portrait of what it takes for a woman to run for national office in America today. In a dramatic political moment like no other with more women running for office than ever before, this searing, suspenseful story of political ambition, marriage, class, sexual politics, and infidelity is timely, engrossing, and perfect for readers on both sides of the aisle.

**Mind the Gap** Karen Gurney 2020-03-05 'This book taught me so much about female desire. A must read!' Cherry Healey Did you know that there is an orgasm gap of around 30% between heterosexual couples when they have sex? In Mind The Gap, Dr Karen Gurney, a clinical psychologist and certified psychosexologist, explores not just this gap, but the gaps in our knowledge of so much of the most important new science around sex and desire. In this book, you will learn that nearly everything that you've been led to believe about female sexuality isn't actually true. And that, despite what you might think, it is possible to simultaneously feel little to no spontaneous desire and have a happy and mutually satisfying sex life long term. Exploring the mismatch between ideas about sex in our society and what the science tells us, Mind The Gap also explains how this disconnect lies at the root of many of our sexual problems. Combining science with case studies, practical exercises and tips, this is a book for anyone who wants to better understand the mechanics of desire and futureproof their sex life, for life.

**Come As You Are: Revised and Updated** Emily Nagoski 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller Come As You Are, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's Come As You Are, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

*Influenced* Brian Boxer Wachler MD 2022-12-31 "This engaging, eye-opening book covers everything anyone would ever want to know about social media influencers." —Booklist, Starred Review Unpacks and pulls the curtain back on what happens to our brains and our behaviors each time we addictively engage social media and the influencers we encounter there. Individuals seeking to widen their tribes of friends, fans, and followers have an abundance of resources for building their digital footprints and social media popularity. All of this seems well and good from the perspective of revenue, exposure, and perhaps ego-building, but what is the impact of this on the human brain and our behavior? Is anyone paying attention to the lurking side effects of the social media influencer revolution? As "Dr. Brian" Boxer Wachler—one of the world's most esteemed authorities on human perception—reveals in *Influenced: The Impact of Social Media on Our Perception*, we are oblivious to the mental evolution that is already in process. Science is proving that our addictive reliance upon social media and its influencers is having a demonstrable impact on how we think, feel, and perceive everything around us— and even how we react to stimuli. One might think that a "Like" is nothing more than a split-second tap on a device. However, brain scans tell a different story. Our brains literally light up with every buzz, ding, alert, and ring in anticipation of how our network is responding to us. As we tap away at our devices, we anxiously seek the approval of others—often people we don't know. *Influenced* unpacks what happens to our brains and our behaviors each time we click "Like"; follow an influencer; consume a video; share or reshare an article; post or repost a photograph; write a comment; pile on a trend;; just scroll for new content; and why do we keep coming back for more. Dr. Boxer Wachler includes his own social and medical findings and highlights them with interviews with top influencers, the latest studies, and pop-culture anecdotes.
