

Sex Offenders Vernon Texas

The Southwestern Reporter - 1986

The Oxford Handbook of Sex Offences and Sex Offenders - Teela Sanders 2017

Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.

Sexual Ethics - Patrick D. Hopkins 2023-02-01

An accessible and engaging anthology of readings focused specifically on applied ethics issues of sexual morality
Sexual Ethics: An Anthology addresses conceptual, ethical,

and public policy issues about sex, providing a balanced and non-sectarian discussion of many of today's most important and controversial moral topics. Covering a broad range of contemporary sexual ethics issues, this easily accessible textbook includes explications and point/counterpoint pieces on the definition of sex and sexual orientation, sexual harassment and rape law, sexual discrimination, age of consent, marriage and adultery, online affairs, gay marriage, polygamy and polyamory, sexual orientation change therapy, transgender and sex reassignment surgery, intersexed infants and surgery, pornography, prostitution, psychiatric classifications of sexuality disorders, and specific paraphilias. Organized around six broad themes—Consent, Marriage, Homosexuality, Transgender,

Commerce, and Paraphilias—Sexual Ethics presents multiple sides of each issue, offering diverse perspectives on critical topics, supported by relevant philosophical arguments, position papers, psychological studies, government regulations, and court rulings. Sexual Ethics is particularly designed to provide a ready-made course in sexual ethics, with several major elements ideally suited for classroom instructors and students: Includes an introductory chapter on key definitional, conceptual, and theoretical issues Features “Framing Questions” for each section that address a major moral or policy issue and highlights the pro/con nature of the readings (e.g., How should we define rape? Should pornography be protected as free speech?) Features a short summary at the beginning of each reading, including the topic, major points, and conclusion, very helpful for instructor planning Features 15 “Discussion Starters” that help students

start thinking critically and talking about sexual ethics before doing any reading Features 45 brief “Decision Cases” drawn from major media stories especially relevant to the college student context, including college virginity, male rape, child pornography on television, college sexual harassment, faux-bisexuality, fraternity party sex, transgender inclusion, race and sex, asexuality, bromances, campus pride groups, fetishes and kink, online sex, Title IX mandatory reporting, transgender sports competition, religious diversity and sex, sex education, feminists working at sexually exploitative jobs, cancel culture, and robot sex. These cases are ideal for class discussion, class presentations, and research paper topics. Sexual Ethics: An Anthology is an excellent textbook for undergraduate classes in applied ethics, sexual ethics, and gender studies, as well as related courses in sociology, public policy, marriage and family law, and social work.

Prison Legal News - 1999

Monthly Checklist of State Publications - Library of Congress. Exchange and Gift Division 1992-08

June and Dec. issues contain listings of periodicals.

Deaf People and Society - Irene W. Leigh 2022-12-16

Deaf People and Society is an authoritative text that emphasizes the complexities of being D/deaf, DeafBlind, Deaf-Disabled, or hard of hearing, drawing on perspectives from psychology, education, and sociology. This book also explores how the lives of these individuals are impacted by decisions made by professionals in clinics, schools, or other settings. This new edition offers insights on areas critical to Deaf Studies and Disability Studies, with particular emphasis on multiculturalism and multilingualism, as well as diversity, equity, and inclusion. Accessibly written, the chapters include objectives and suggested further reading that provides valuable leads and

context. Additionally, these chapters have been thoroughly revised and incorporate a range of relevant topics including etiologies of deafness; cognition and communication; bilingual, bimodal, and monolingual approaches to language learning; childhood psychological issues; psychological and sociological viewpoints of deaf adults; the criminal justice system and deaf people; psychodynamics of interaction between deaf and hearing people; and future trends. The book also includes case studies covering hearing children of deaf adults, a young deaf adult with mental illness, and more. Written by a seasoned D/deaf/hard of hearing and hearing bilingual team, this unique text continues to be the go-to resource for students and future professionals interested in working with D/deaf, DeafBlind, and hard-of-hearing persons. Its contents will resonate with anyone interested in serving and enhancing their knowledge of

their lived experiences of D/deaf, DeafBlind, Deaf-Disabled, and hard-of-hearing people and communities.

Deaf Culture - Irene W. Leigh 2020-11-12
A contemporary and vibrant Deaf culture is found within Deaf communities, including Deaf Persons of Color and those who are DeafDisabled and DeafBlind. Taking a more people-centered view, the second edition of *Deaf Culture: Exploring Deaf Communities in the United States* critically examines how Deaf culture fits into education, psychology, cultural studies, technology, and the arts. With the

acknowledgment of signed languages all over the world as bona fide languages, the perception of Deaf people has evolved into the recognition and acceptance of a vibrant Deaf culture centered around the use of signed languages and the communities of Deaf peoples. Written by Deaf and hearing authors with extensive teaching experience and immersion in Deaf cultures and signed languages, *Deaf Culture* fills a niche as an introductory textbook that is more inclusive, accessible, and straightforward for those beginning their studies of the Deaf-World. New to the Second Edition: *A new co-author, Topher González Ávila, MA *Two new chapters! Chapter 7 “Deaf Communities Within the Deaf Community” highlights the complex variations within this community Chapter 10 “Deaf People and the Legal System: Education, Employment, and Criminal Justice” underscores linguistic and access rights *The remaining chapters have been significantly updated to reflect current trends and new

information, such as: Advances in technology created by Deaf people that influence and enhance their lives within various national and international societies Greater emphasis on different perspectives within Deaf culture Information about legal issues and recent political action by Deaf people New information on how Deaf people are making breakthroughs in the entertainment industry Addition of new vignettes, examples, pictures, and perspectives to enhance content interest for readers and facilitate instructor teaching Introduction of theories explained in a practical and reader-friendly manner to ensure understanding An updated introduction to potential opportunities for professional and informal involvement in ASL/Deaf culture with children, youth, and adults Key Features: *Strong focus on including different communities within Deaf cultures *Thought-provoking

questions, illustrative vignettes, and examples
*Theories introduced and explained in a practical and reader-friendly manner

Carnal Society - Randal R. Chance 2013-05-20

Randal Chance is a retired inspector general with the State of Texas. He also is a decorated, professional soldier and airman, having served in the US Army Combat Command and retiring from the US Air Force as a law enforcement superintendent. He has a bachelors degree in criminal justice and a masters degree in police and public administration. The intent of his book is to improve the management and operation of the criminal justice systems through public awareness of the dark and corruptive insides of these massive systems. Preventing the Sexual Victimization of Children -

Charles Patrick Ewing 2014

"Preventing the Sexual Victimization of Children is the first book to critically evaluate national and international efforts to reduce child sexual abuse (CSA) and ameliorate its effects. Until now, input from social science and mental health experts has been accepted for the most part uncritically, as have the programs and laws that have been developed in reliance upon that advice. Here Dr. Ewing utilizes empirical data, policy considerations, cos-benefit analyses, psychological theory, legal reasoning, and common sense to understate the often difficult and sometimes controversial task of distinguishing prevention strategies that are likely to

prevent CSA from those that are not."--

A Guide to Sources of Texas Criminal Justice Statistics - R.

Scott Harnsberger 2011

This reference work was compiled as a resource for those needing assistance in locating Texas criminal justice statistics. R. Scott Harnsberger has compiled more than 600 entries describing statistical sources for Texas crime; criminals; law enforcement; courts and sentencing; adult and juvenile corrections; capital punishment and death row; victims of crime; driving/boating under the influence; traffic fatalities; substance abuse and treatment; polls and rankings; and fiscal topics such as appropriations, revenues, expenditures, and federal aid. The sources for these statistics originate primarily, but not exclusively, from federal and State of Texas agencies, boards, bureaus, commissions, and departments. The following

types of publications are included: annual, biennial, and biannual reports; reports issued in series; analytic and research reports; statistical compilations; budgets and other fiscal documents; audits, inspections, and investigations; census publications; polls; projections; rankings; surveys; continuously updated online resources; and datasets.

Harnsberger has annotated the entries to provide sufficient detail to enable users to decide whether the listed resources merit further investigation. Additional notes contain URLs and information regarding the scope of the published data; title changes; related publications; and the availability of earlier data, previous editions, online tables, and datasets. This book will prove to be a valuable resource for students, faculty, researchers, government officials, and individuals in the law enforcement, correctional, and judicial professions.
