

Sex Positive Feminist S

Reclaiming Our Space - Feminista Jones

2019-01-29

A treatise of Black women's transformative influence in media and society, placing them front and center in a new chapter of mainstream resistance and political engagement In Reclaiming Our Space, social worker, activist, and cultural commentator Feminista Jones explores how Black women are changing culture, society, and the landscape of feminism by building digital communities and using social media as powerful platforms. As Jones reveals, some of the best-loved devices of our shared social media language are a result of Black women's innovations, from well-known movement-building hashtags (#BlackLivesMatter, #SayHerName, and #BlackGirlMagic) to the now ubiquitous use of threaded tweets as a marketing and storytelling tool. For some, these online dialogues provide an introduction to the work of Black feminist icons like Angela Davis, Barbara Smith, bell hooks, and the women of the Combahee River Collective. For others, this discourse provides a platform for continuing their feminist activism and scholarship in a new, interactive way. Complex conversations around race, class, and gender that have been happening behind the closed doors of academia for decades are now becoming part of the wider cultural vernacular—one pithy tweet at a time. With these important online conversations, not only are Black women influencing popular culture and creating sociopolitical movements; they are also galvanizing a new generation to learn and engage in Black feminist thought and theory, and inspiring change in communities around them. Hard-hitting, intelligent, incisive, yet bursting with humor and pop-culture savvy, Reclaiming Our Space is a survey of Black feminism's past, present, and future, and it explains why intersectional movement building will save us all.

Witches, Sluts, Feminists - Kristen J. Sollée
2017

Exposing how "witch" and "slut" are used to police female sexuality, the author rehabilitates these sex positive archetypes.

Sex-Positive Feminism - Source Wikipedia
2013-09

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 24. Chapters: Boobquake, Feminist pornography, Feminist Porn Award, Feminist Sex Wars, Feminist views of pornography, Feminist views on BDSM, Feminist views on prostitution, Lesbian Sex Mafia, Samois, SlutWalk, The Naked Feminist, Too Much Pussy!, Yes Means Yes. Excerpt: As with many issues within the feminist movement, there exists a diversity of opinions regarding prostitution. Many of these positions can be loosely arranged into an overarching standpoint that is generally either critical or supportive of prostitution and sex work. Anti-prostitution feminists hold that prostitution is a form of exploitation of women and male dominance over women, and a practice which is the result of the existing patriarchal societal order. These feminists argue that prostitution has a very negative effect, both on the prostitutes themselves and on society as a whole, as it reinforces stereotypical views about women, who are seen as sex objects which can be used and abused by men. Other feminists hold that prostitution and other forms of sex work can be valid choices for women and men who choose to engage in it. In this view, prostitution must be differentiated from forced prostitution, and feminists should support sex worker activism against abuses by both the sex industry and the legal system. The disagreement between these two feminist stances has proven particularly contentious, and may be comparable to the feminist sex wars of the late twentieth century. A proportion of feminists are strongly opposed to prostitution, as they see the practice as a form of violence against women, which should not be tolerated by society. Feminists who hold such

views on prostitution include Kathleen Barry, Melissa Farley, Julie Bindel, Sheila Jeffreys, Catharine MacKinnon and Laura Lederer. Their arguments against prostitution are explained and detailed..

Toward a Feminist Theory of the State -

Catharine A. MacKinnon 1989

Presents the author's analysis of politics, sexuality and the law from the perspective of women. Using the debate over Marxism and feminism as a point of departure, MacKinnon develops a theory of gender centred on sexual subordination and applies it to the State.

Reconsidering Radical Feminism - Jessica Joy

Cameron 2018-04-01

What's the right way to be a feminist?

Reconsidering Radical Feminism is not only a clear, precise summary of late-twentieth-century feminist debates about the politics of heterosexuality. It's also an examination of how we become invested in arguments that position us as particular kinds of feminists - and as gendered subjects. Through the lens of poststructuralism, queer theory, and affect theory, Jessica Joy Cameron investigates the legacy of the passionate dispute between radical feminism and sex-positive feminism. In doing so, she reveals the timeliness of her subject as contemporary policies about sexual assault, consent, and safe spaces come under scrutiny.

Are the Lips a Grave? - Lynne Huffer

2013-10-15

Lynne Huffer's ambitious inquiry redresses the rift between feminist and queer theory, traversing the space of a new, post-moral sexual ethics that includes pleasure, desire, connection, and betrayal. She begins by balancing queer theorists' politics of sexual freedoms with a moralizing feminist politics that views sexuality as harm. Drawing on the best insights from both traditions, she builds an ethics centered on eros, following Michel Foucault's ethics as a practice of freedom and Luce Irigaray's lyrical articulation of an ethics of sexual difference. Through this theoretical lens, Huffer examines everyday experiences of ethical connection and failure connected to sex, including queer sexual practices, sodomy laws, interracial love, pornography, and work-life balance. Her approach complicates sexual identities while challenging the epistemological foundations of

subjectivity. She rethinks ethics "beyond good and evil" without underestimating, as some queer theorists have done, the persistence of what Foucault calls the "catastrophe" of morality. Elaborating a thinking-feeling ethics of the other, Huffer encourages contemporary intellectuals to reshape sexual morality from within, defining an ethical space that is both poetically suggestive and politically relevant, both conceptually daring and grounded in common sexual experience.

Erotic Revolutionaries - Shayne Lee 2010-08-04

This book steers black sexual politics toward a more sex-positive trajectory, navigating the uncharted spaces where social constructionism, third-wave feminism, and black popular culture collide to locate a new site for sexuality studies that is theoretically innovative, politically subversive, and stylistically chic.

Sex 2.0 - Pornography and Prostitution

influenced by the Internet - Carsten Glöckner

2009-06-18

Essay from the year 2008 in the subject Gender Studies, grade: 1,7, Åbo Akademi University, language: English, abstract: In the beginning of the 20th century sexuality in Western culture was considered as a taboo and especially the church acted repressive towards sexual topics.. Since the 1960s the term "sexual revolution" described a cultural change in the western society towards a more liberal view of sexuality, monogamy and sexual relationships. Reasons for that are on the one hand the availability of new methods of birth-control like "The Pill" and the lack of fear of sexual diseases in the 1960s but on the other hand also a change of thoughts and beliefs which came up through the students movement of 1968 and its more promiscuous and hedonistic way of live ("Sex, Drugs & Rock'n Roll"), which still influences our sexual beliefs today. To understand the consequences of this development I want to explain the term "sexualization of society", which describes the constant (or growing) presence of sexuality in public, in social perception and consciousness of the people. It also refers to the focus or emphasis on sexuality within a broader context and viewing an object under the sexual point of view or in terms of sexuality. I want to analyze if a sexualization of society as an example in the case of "mainstreaming of pornography" really

has taken place and in what way this is reflected in pornography and prostitution. Therefore I will also consider the changes in the public opinion towards pornography and I will compare it to prostitution and its role in our society.

Asexualities - Karli June Cerankowski
2014-03-14

What is so radical about not having sex? To answer this question, this collection of essays explores the feminist and queer politics of asexuality. Asexuality is predominantly understood as an orientation describing people who do not experience sexual attraction. In this multidisciplinary volume, the authors expand this definition of asexuality to account for the complexities of gender, race, disability, and medical discourse. Together, these essays challenge the ways in which we imagine gender and sexuality in relation to desire and sexual practice. *Asexualities* provides a critical reevaluation of even the most radical queer theorizations of sexuality. Going beyond a call for acceptance of asexuality as a legitimate and valid sexual orientation, the authors offer a critical examination of many of the most fundamental ways in which we categorize and index sexualities, desires, bodies, and practices. As the first book-length collection of critical essays ever produced on the topic of asexuality, this book serves as a foundational text in a growing field of study. It also aims to reshape the directions of feminist and queer studies, and to radically alter popular conceptions of sex and desire. Including units addressing theories of asexual orientation; the politics of asexuality; asexuality in media culture; masculinity and asexuality; health, disability, and medicalization; and asexual literary theory, *Asexualities* will be of interest to scholars and students in sexuality, gender, sociology, cultural studies, disability studies, and media culture.

Why We Lost the Sex Wars - Lorna N. Bracewell
2021-03-23

Reexamining feminist sexual politics since the 1970s—the rivalries and the remarkable alliances Since the historic #MeToo movement materialized in 2017, innumerable survivors of sexual assault and misconduct have broken their silence and called out their abusers publicly—from well-known celebrities to politicians and high-profile business leaders. Not

surprisingly, conservatives quickly opposed this new movement, but the fact that “sex positive” progressives joined in the opposition was unexpected and seldom discussed. *Why We Lost the Sex Wars* explores how a narrow set of political prospects for resisting the use of sex as a tool of domination came to be embraced across this broad swath of the political spectrum in the contemporary United States. To better understand today’s multilayered sexual politics, Lorna N. Bracewell offers a revisionist history of the “sex wars” of the 1970s, ’80s, and ’90s. Rather than focusing on what divided antipornography and sex-radical feminists, Bracewell highlights significant points of contact and overlap between these rivals, particularly the trenchant challenges they offered to the narrow and ambivalent sexual politics of postwar liberalism. Bracewell leverages this recovered history to illuminate in fresh and provocative ways a range of current phenomena, including recent controversies over trigger warnings, the unimaginative politics of “sex-positive” feminism, and the rise of carceral feminism. By foregrounding the role played by liberal concepts such as expressive freedom and the public/private divide as well as the long-neglected contributions of Black and “Third World” feminists, Bracewell upends much of what we think we know about the sex wars and makes a strong case for the continued relevance of these debates today. *Why We Lost the Sex Wars* provides a history of feminist thinking on topics such as pornography, commercial sex work, LGBTQ+ identities, and BDSM, as well as discussions of such notable figures as Patrick Califia, Alan Dershowitz, Andrea Dworkin, Elena Kagan, Audre Lorde, Catharine MacKinnon, Cherríe Moraga, Robin Morgan, Gayle Rubin, Nadine Strossen, Cass Sunstein, and Alice Walker.

Sex 2.0 - Pornography and Prostitution Influenced by the Internet - Carsten Glöckner
2009-06

Essay from the year 2008 in the subject Women Studies / Gender Studies, grade: 1,7, bo Akademi University, language: English, abstract: In the beginning of the 20th century sexuality in Western culture was considered as a taboo and especially the church acted repressive towards sexual topics.. Since the 1960s the term "sexual

revolution" described a cultural change in the western society towards a more liberal view of sexuality, monogamy and sexual relationships. Reasons for that are on the one hand the availability of new methods of birth-control like "The Pill" and the lack of fear of sexual diseases in the 1960s but on the other hand also a change of thoughts and beliefs which came up through the students movement of 1968 and its more promiscuous and hedonistic way of life ("Sex, Drugs & Rock'n Roll"), which still influences our sexual beliefs today. To understand the consequences of this development I want to explain the term "sexualization of society", which describes the constant (or growing) presence of sexuality in public, in social perception and consciousness of the people. It also refers to the focus or emphasis on sexuality within a broader context and viewing an object under the sexual point of view or in terms of sexuality. I want to analyze if a sexualization of society as an example in the case of "mainstreaming of pornography" really has taken place and in what way this is reflected in pornography and prostitution. Therefore I will also consider the changes in the public opinion towards pornography and I will compare it to prostitution and its role in our society.

Sexual Correctness - Wendy McElroy
2001-06-01

As feminist and women-positive ideas and ideals exploded in the 1960s and 1970s, a sexual revolution was forged, allowing women a variety of lifestyle choices. Many current feminists, called "gender feminists" by some, too often are fighting to limit the sexual options of women. They view women as victims of patriarchy whom must be protected from making incorrect sexual choices, such as choosing to work in pornography or prostitution. As a movement, author McElroy believes, feminism is in danger of drifting from sexual liberation to sexual correctness. This work gives a critical overview of the ideological shift among many feminists. The issues of sexual correctness are examined in detail, showing how the changing ideology is destroying the principle of "a woman's body, a woman's right" and endangering women's right to choose. On each issue, this work presents alternatives in the individualist traditions that defined the feminism movement for many years.

Whores and Other Feminists - Jill Nagle

2013-09-13

Whores and Other Feminists fleshes out feminist politics from the perspective of sex workers--strippers, prostitutes, porn writers, producers and performers, dominatrices--and their allies. Comprising a range of voices from both within and outside the academy, this collection draws from traditional feminisms, postmodern feminism, queer theory, and sex radicalism. It stretches the boundaries of contemporary feminism, holding accountable both traditional feminism for stigmatizing sex workers, and also the sex industry for its sexist practices.

Why We Lost the Sex Wars - Lorna N.

Bracewell 2021

"Reexamining feminist sexual politics since the 1970s--the rivalries and the remarkable alliances"--

Straight Sex - Lynne Segal 2015-01-27

Is heterosexual sex inherently damaging to women? Is it possible for women to enjoy sensuality and pleasure with men that does not increase male power? Lynne Segal's unflinching examination of feminist thinking on sexuality over the past twenty-five years tackles these questions head on. Only two decades ago, politically aware women often declared themselves both sexual liberationists and feminists - their right to sexual fulfillment symbolized their right to selfhood. However, the most positive women's writing on female sexuality in recent years has come primarily from the lesbian community. Segal addresses the silence of heterosexual feminists on questions of sex and love and notes the shift toward sexual conservatism. She looks at the trends that followed Sixties radicalism: sex as a subversive activity, the "liberated orgasm," sex advice literature, gender uncertainties, Queer politics, antipornography campaigns, and the rise of the moral right.

The Right to Sex - Amia Srinivasan 2021-08-19

A SUNDAY TIMES BESTSELLER BLACKWELL'S BOOK OF THE YEAR 2021 SHORTLISTED FOR THE ORWELL PRIZE 2022 Essential lessons on the world we live in, from one of our greatest young thinkers - a guide to what everybody is talking about today 'Unparalleled and extraordinary . . . A bracing revivification of a crucial lineage in feminist writing' JIA

TOLENTINO 'I believe Amia Srinivasan's work will change the world' KATHERINE RUNDELL 'Rigorously researched, but written with such spark and verve. The best non-fiction book I have read this year' PANDORA SYKES -----
 ----- How should we talk about sex? It is a thing we have and also a thing we do; a supposedly private act laden with public meaning; a personal preference shaped by outside forces; a place where pleasure and ethics can pull wildly apart. Since #MeToo many have fixed on consent as the key framework for achieving sexual justice. Yet consent is a blunt tool. To grasp sex in all its complexity – its deep ambivalences, its relationship to gender, class, race and power – we need to move beyond 'yes and no', wanted and unwanted. We need to interrogate the fraught relationships between discrimination and preference, pornography and freedom, rape and racial injustice, punishment and accountability, pleasure and power, capitalism and liberation. We need to rethink sex as a political phenomenon. Searching, trenchant and extraordinarily original, *The Right to Sex* is a landmark examination of the politics and ethics of sex in this world, animated by the hope of a different one.

Performing Sex - Breanne Fahs 2011-11-01
 A candid and provocative critique of women's sexual liberation in America.

The Afterglow of Women's Pornography in Post-Digital China - K. Jacobs 2015-06-03
 Chinese artists, activists, and netizens are pioneering a new order of pornographic representation that is in critical dialogue with global entertainment media. Jacobs examines the role of sex-positive feminists and queer communities to investigate pornography's "afterglow" (a state of crisis and decay within digital culture).

The Grip of Sexual Violence in Conflict - Karen Engle 2020-04-07
 Contemporary feminist advocacy in human rights, international criminal law, and peace and security is gripped by the issue of sexual

violence in conflict. But it hasn't always been this way. Analyzing feminist international legal and political work over the past three decades, Karen Engle argues that it was not inevitable that sexual violence in conflict would become such a prominent issue. Engle reveals that as feminists from around the world began to pay an enormous amount of attention to sexual violence in conflict, they often did so at the cost of attention to other issues, including the anti-militarism of the women's peace movement; critiques of economic maldistribution, imperialism, and cultural essentialism by feminists from the global South; and the sex-positive positions of many feminists involved in debates about sex work and pornography. *The Grip of Sexual Violence in Conflict* offers a detailed examination of how these feminist commitments were not merely deprioritized, but undermined, by efforts to address the issue of sexual violence in conflict. Engle's analysis reinvigorates vital debates about feminist goals and priorities, and spurs readers to question much of today's common sense about the causes, effects, and proper responses to sexual violence in conflict.

Vibrator Nation - Lynn Comella 2017-08-18
 In the 1970s a group of pioneering feminist entrepreneurs launched a movement that ultimately changed the way sex was talked about, had, and enjoyed. Boldly reimagining who sex shops were for and the kinds of spaces they could be, these entrepreneurs opened sex-toy stores like Eve's Garden, Good Vibrations, and Babeland not just as commercial enterprises, but to provide educational and community resources as well. In *Vibrator Nation* Lynn Comella tells the fascinating history of how these stores raised sexual consciousness, redefined the adult industry, and changed women's lives. Comella describes a world where sex-positive retailers double as social activists, where products are framed as tools of liberation, and where consumers are willing to pay for the promise of better living—one conversation, vibrator, and orgasm at a time.
