Revolting Prostitutes - Molly Smith

2018-11-06

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and

resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

[The Voyeur's Motel](#) - Gay Talese 2016-07-14

From Gay Talese, a remarkable new work of reportage more than thirty years in the making. On January 7, 1980, in the run-up to the publication of *Thy Neighbor's Wife*, Gay Talese received an anonymous letter from a man in Colorado. 'Since learning of your long awaited study of coast-to-coast sex in America,' the letter began, 'I feel I have important information that I could contribute to its contents or to contents of a future book.' The man went on to tell Talese a remarkable, shocking secret, so compelling that Talese travelled to Colorado to verify it in person. But because the letter-writer insisted on remaining anonymous, Talese filed his reporting away, certain the story would remain untold. Over the next thirty-five years, the man occasionally reached out to Talese to fill him in on the latest developments in his life, but he continued to insist on anonymity. Finally, after thirty-five years, he's ready to go public. In the tradition of *Thy Neighbor's Wife*, Talese's landmark, best-selling exploration of the sexual revolution in America, this will be a provocative, eye-opening and much-talked-about book.

[The Lesbian Sex Haiku Book \(with Cats!\)](#) - Anna Pulley 2016-04-19

Lesbian sex has been confounding people since the dawn of time. What is it that two women do together exactly? *The Lesbian Sex Haiku Book (with Cats!)* is a humorous guide to lesbian sex, dating rituals, and relationships, and aims to dispel all myths. Haiku paired with hilarious watercolor illustrations of cats in various stages of sexual awkwardness will enlighten, demystify, remystify, and most importantly entertain as you learn about all the aspects involved in girl-on-girl action. From lesbian pick-up lines: Pronounce Annie Proulx's name correctly—watch lady's cargo pants fall off. To icebreaker haiku for first dates: It has been MANY years, but I'm not done griping about The L Word. To, of course, the mechanics of lesbian sex: It's like straight sex but afterwards we ask ourselves, "We just had sex, right?" Lesbian sex is like water polo—no one really knows the rules.

She Comes First - Ian Kerner 2019-10-10

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner

Boom - Michael Shnayerson 2019-05-21

The meteoric rise of the largest unregulated financial market in the world -- for contemporary art -- is driven by a few passionate, guileful, and very hard-nosed dealers. They can make and break careers and fortunes. The contemporary art market is an international juggernaut, throwing off multimillion-dollar deals as wealthy buyers move from fair to fair, auction to auction, party to glittering party. But none of it would happen without the dealers-the tastemakers who

back emerging artists and steer them to success, often to see them picked off by a rival. Dealers operate within a private world of handshake agreements, negotiating for the highest commissions. Michael Shnayerson, a longtime contributing editor to Vanity Fair, writes the first ever definitive history of their activities. He has spoken to all of today's so-called mega dealers -- Larry Gagosian, David Zwirner, Arne and Marc Glimcher, and Iwan Wirth -- along with dozens of other dealers -- from Irving Blum to Gavin Brown -- who worked with the greatest artists of their times: Jackson Pollock, Andy Warhol, Cy Twombly, and more. This kaleidoscopic history begins in the mid-1940s in genteel poverty with a scattering of galleries in midtown Manhattan, takes us through the ramshackle 1950s studios of Coenties Slip, the hipster locations in SoHo and Chelsea, London's Bond Street, and across the terraces of Art Basel until today. Now, dealers and auctioneers are seeking the first billion-dollar painting. It hasn't happened yet, but they are confident they can push the price there soon.
