Integrated Business Information Systems Klaus-Dieter Gronwald 2017-05-30 Enterprise Resource Planning (ERP), Supply Chain Management (SCM), Customer Relationship Management (CRM), Business Intelligence (BI) and Big Data Analytics (BDA) are business related tasks and processes, which are supported by standardized software solutions. The book explains that this requires business oriented thinking and acting from IT specialists and data scientists. It is a good idea to let students experience this directly from the business perspective, for example as executives of a virtual company. The course simulates the stepwise integration of the linked business process chain ERP-SCM-CRM-BI-Big Data of four competing groups of companies. The course participants become board members with full P&L responsibility for business units of one of four beer brewery groups managing supply chains from production to retailer.

Collective Forgiveness Oliver Errichiello 2021-10-24 In this age of a hyper-complex and totally interconnected world that no longer knows pauses, forgiveness is essential. The author explains that collective forgiveness is in no way inferior to love in its mysteriousness. We humans are unfathomable beings. Although we usually act thoughtfully and rationally, many actions and decisions cannot seem to be logically derived. Forgiveness - everyone knows it and has experienced it - is one of them. Forgiveness is one of the most important and exciting phenomena of human communication. The book answers questions such as: Why do we forgive some people and not others? Why does forgiveness take time? Why have people always forgiven each other - or rejected the very act of forgiving? Do we forgive individuals in a personal environment more easily or we more hesitant than with a group of people? And most importantly, why is collective forgiveness effective across time and cultures? The book is thought-provoking and offers valuable impulses to better understand one's own and social actions. This book is a translation of the original German 1st edition *Kollektives Verzeihen* by Oliver Errichiello, published by Springer-Verlag GmbH, DE, part of Springer Nature in 2021. The translation was done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors.

Da'ath Magic for Beginners Harry Eilenstein 2021-06-22 Usually magic begins with simple telepathy experiments, the production of talismans, telekinesis experiments and the like. However, these beginnings, which mainly show that magic is possible, can be increased significantly - first by practice, then by recognizing one's own soul, and finally by one-pointedness, invocations, presence, and the like. Thus simple, ordinary magic can eventually be increased to extraordinary magic - to "miracles" such as firewalks, spontaneous healings, and materializations. For this, no craftsmanship, no special rituals or spells, no secret traditions and the like are necessary, but a certain consciousness, which in the Kabbalistic tradition is called "Da'ath". This is the state of letting go and of boundlessness. The way to it can be sudden - which can be felt as a jumping into a bottomless abyss. Or it can be approached gradually - in which case it can be one of the most pleasant states of all ... a smile like Buddha, a boundaryless consciousness like the gods have, a fully conscious collective subconsciousness ... just Da'ath ...

The Writing Teacher's Companion Ralph Fletcher 2017-06-15 This warm and practical guidebook by celebrated author and educator Ralph Fletcher demystifies the teaching of writing and shows how to engage every student.

Marshfield Dreams Ralph Fletcher 2005-09-01 The colorful boyhood of a popular author comes to life in this personal account. Imagine learning from a nosy classmate that your mother is having yet another baby. To Ralph's classmates, news of one more Fletcher baby is just "scuttlebutt." But for Ralph, the oldest of nine, being part of a large family means more kids to join in the fun—from making tripods in the woods and "snicking" up the rug, to raising chicks and even discovering a meteor (well, maybe). It doesn't feel like there's life beyond Marshfield, Massachusetts. Then one day Dad's new job moves the family to Chicago, and there's so much Ralph has to leave behind. In this humorous and captivating memoir, Ralph Fletcher traces the roots of his storytelling.

I'll Be Home for Christmas Karen Clarke 2019-10-14 'A wonderful Christmas love story, I absolutely loved this book... Hilarious and fun, I found myself laughing out loud several times... I could not put this book down.' Goodreads Reviewer ☐ ☐ ☐ ☐ ☐ Nina Bailey loves Christmas. Except this year she doesn't. Because it turns out that her husband-to-be has been cheating on her - and her beautiful wedding ceremony in the snow is cancelled. She's not really in the mood to be jolly, sing carols, or go anywhere near gingerbread men - in fact, what Nina wants is to avoid the whole thing. So she's come to stay at her Aunt Dolly's cosy café to nurse her broken heart. Nina is determined to get through Christmas with no tinsel, no fuss - and definitely no flirting. So when she arrives and meets infuriatingly handsome Ryan Sadler, with his gorgeous forest-green eyes, she is not best pleased. And when Nina overhears him making fun of her, she is furious. (There might have been an incident with a koala onesie and a spilled bottle of milk, but that really wasn't her fault!) So despite the spark between them, and the fact that he can whip up a fabulous dinner faster than she can say Michelin star, romance and Christmas are off the menu this year. Unfortunately, Aunt Dolly hasn't quite got the message, going to great lengths to provide a proper British Christmas for her beloved niece: a true home away from home. With sparkling lights adorning every wall and a tree to equal the Rockefeller Center's and, yes, mistletoe above every doorway, can Nina resist the magic of Christmas - and stick to her no-romance rule? This heart-warming romantic comedy will have you reaching for eggnog, roasted chestnuts and gingerbread cookies! The perfect festive book to read curled up in front of the fire, for fans of Sue Moorcroft, Holly Martin and Debbie Johnson. Readers are falling in love with I'll Be Home for Christmas! government and provides a practical roadmap to help take back our personal liberties. From Ellis Island to the Supreme Court in just two generations, Jay Sekulow is on a mission to defend the American right to individual freedom—and he will protect it from any threat, even if that includes our current administration. According to Jay, the warning signs were there before Obama was elected. This new and unprecedented attack on individual liberties became clear as soon as Obama came to power. The administration's focus on increasing the power of the government, decreasing individual autonomy, and suppressing dissent goes against all of the fundamental liberties outlined in the Constitution. As our government cracks down on leaks in their own operations and supports intrusions into individual privacy, personal freedom is lost. But Jay has a plan to fight back. With insights into Jay's legal strategies, *Power Trip* focuses on successful responses to previous Obama Administration overreach and acts as a guide to help Americans continue on this path. Jay shines a light on many abuses Americans are unaware of, and teaches us how to respond in effective ways, providing a roadmap for future victories. A welcome voice to conservative ears, Sekulow's point of view wholeheartedly supports those fighting to uphold personal liberties regardless of the administration in charge.

Cinder had no idea what she was getting into when she fell into Oz, but the devilishly sexy Scarecrow was as unexpected as the glass shards in her feet. He's dangerous, that much she knows, but despite his penchant for villainy, Crow is nothing compared to what she's running from. Cinder is desperate to get away from the peril behind her, but prophesy breeds new violence. There is no escape. Don't Breathe a Word Jennifer McMahon 2011-05-17 "Don't Breathe a Word is a haunting page-turner that kept me up, spine shivering and enthralled, way past my bedtime." —Joshilyn Jackson, author of *Never Have I Ever* On a soft summer night in Vermont, twelve-year-old Lisa went into the woods behind her house and never came out again. Before she disappeared, she told her little brother, Sam, about a door that led to a magical place where she would meet the King of the Fairies and become his queen. Fifteen years later, Phoebe is in love with Sam, a practical, sensible man who doesn't fear the dark and doesn't have bad dreams—who, in fact, helps Phoebe ignore her own. But suddenly the couple is faced with a series of eerie, unexplained occurrences that challenge Sam's hardheaded, realistic view of the world. As they question their reality, a terrible promise Sam made years ago is revealed—a promise that could destroy them all. "Jennifer McMahon never flinches and never fails to surprise...as [she] weaves a young couple into a perverse fairyland where Rosemary's Baby could be at home." —Randy Susan Meyers, author of *The Murderer's Daughters*

Paradigm shift towards a spiritual worldview Franz Günter Leicht 2021-06-22 Since the middle/ end of 1993 I have been grappling intensively with questions about our existence. This book is the result of my long-term study, with which I have tried to inspect our current worldview - the materialistic worldview. It shows that the sciences have come up with answers that question their own assumptions and ideas about this world. E.g. the world-famous physicist Stephen W. Hawking said that it is not really possible for physics to clarify whether the material world is a real world. According to the latest findings in physics, the material world can also be an imaginary world. I'm investigating this question in detail and come to the conclusion that we need a new worldview. This is the spiritual worldview. This new worldview clearly states that there is a non-material spirit that is responsible for the material world. What this means for each and every one of us is revealed in this study.

Recovering Nonviolent History Maciej J. Bartkowski 2013 Ranging from the American Revolution to Kosovo in the 1990s, from Egypt under colonial rule to present-day West Papua and Palestine, the authors of *Recovering Nonviolent History* consider several key questions: What kinds of civilian-based nonviolent strategy and tactics have been used in liberation struggles? What accounts for their successes and failures? Not least, how did nonviolent resistance influence national identities and socioeconomic and political institutions both prior to and after liberation, and why has this history been so often ignored? The story that emerges is a compelling one of the agency of thousands and even millions of ordinary people as they used nonviolent force in the course of struggles against foreign subjugation. -- Publisher description.

De-Centering History Education Nicole Schwabe 2021-05-06 Global historical approaches plead for the overcoming of national historical traditions. This goes hand in hand with the demand to consciously reflect the long suppressed category of space in historical research. While there are

signs of amending within the scientific landscape in this respect, a national narrative continues to dominate in history education. The demand for de-centering historical learning, provides ideas on how to promote globally networked thinking in the classroom with a view at history education in Germany.

Bloom Bronnie Ware 2017-03-28 As a free-spirited, independent woman, Bronnie Ware was used to donning a variety of hats: singer, songwriter, author, speaker, traveler, and adventurer. And as her soul would have it in her mid-forties, she felt the urge to add one more, mother. Ware, author of *The Top Five Regrets of the Dying*, had learned many lessons as a palliative-care giver, and she began to absorb even more from the opposite end of the spectrum as a giver of life. Only a few moments into motherhood, however, Ware's body had a different idea, when chronic crippling pain from an autoimmune disease took hold. In this inspiring memoir, Ware reminds us that whether life's lessons arrive through illness, trauma, or any other unexpected upheaval, life really does love us. By finding the courage to confront her upper limits, surrender to life's blessings, and have gratitude every step of the way, Ware discovered how to bloom in a field of formidable challenges.
