Matsutake Worlds - Lieba Faier 2021-07-16

The matsutake mushroom continues to be a highly sought delicacy, especially in Chinese, Japanese, and Korean cuisine. *Matsutake Worlds* explores this mushroom through the lens of multi-species encounters centered around the matsutake's notorious elusiveness. The mushroom's success, the contributors of this volume argue, cannot be accounted for by any one cultural, social, political, or economic process. Rather, the matsutake mushroom has flourished as the result of a number of different processes and dynamics, culminating in the culinary institution we know today.

The Culture of Japanese Fascism - Alan Tansman 2010-07-01

This bold collection of essays demonstrates the necessity of understanding fascism in cultural terms rather than only or even primarily in terms of political structures and events. Contributors from history, literature, film, art history, and anthropology describe a culture of fascism in Japan in the decades preceding the end of the Asia-Pacific War. In so doing, they challenge past scholarship, which has generally rejected descriptions of pre-1945 Japan as fascist. The contributors explain how a fascist ideology was diffused throughout Japanese culture via literature, popular culture, film, design, and everyday discourse. Alan Tansman's introduction places the essays in historical context and situates them in relation to previous scholarly inquiries into the existence of fascism in Japan. Several contributors examine how fascism was understood in the 1930s by, for example, influential theorists, an antifascist literary group, and leading intellectuals responding to

capitalist modernization. Others explore the idea that fascism's solution to alienation and exploitation lay in efforts to beautify work, the workplace, and everyday life. Still others analyze the realization of and limits to fascist aesthetics in film, memorial design, architecture, animal imagery, a military museum, and a national exposition. Contributors also assess both manifestations of and resistance to fascist ideology in the work of renowned authors including the Nobel-prize-winning novelist and short-story writer Kawabata Yasunari and the mystery writers Edogawa Ranpo and Hamao Shirō. In the work of these final two, the tropes of sexual perversity and paranoia open a new perspective on fascist culture. This volume makes Japanese fascism available as a critical point of comparison for scholars of fascism worldwide. The concluding essay models such work by comparing Spanish and Japanese fascisms. Contributors: Noriko Aso, Michael Baskett, Kim Brandt, Nina Cornyetz, Kevin M. Doak, James Dorsey, Aaron Gerow, Harry Harootunian, Marilyn Ivy, Angus Lockyer, Jim Reichert, Jonathan Reynolds, Ellen Schattschneider, Aaron Skabelund, Akiko Takenaka, Alan Tansman, Richard Torrance, Keith Vincent, Alejandro Yarza

The Rough Guide to Manga - Jason S. Yadao 2009-10

Features the entire manga story, from Japanese comics' 12th-century roots to the rise of English-language manga, and includes profiles of influential creators as well as a canon of fifty must-read manga.

[An Introduction to Japanese Society](#) - Yoshio Sugimoto 2010-06-22

Essential reading for students of Japanese society, *An Introduction to Japanese Society* now enters its third edition. Here, internationally renowned scholar, Yoshio Sugimoto, writes a sophisticated, yet highly readable and lucid text, using both English and Japanese sources to update and expand upon his original narrative. The book challenges the

traditional notion that Japan comprises a uniform culture, and draws attention to its subcultural diversity and class competition. Covering all aspects of Japanese society, it includes chapters on class, geographical and generational variation, work, education, gender, minorities, popular culture and the establishment. This new edition features sections on: Japan's cultural capitalism; the decline of the conventional Japanese management model; the rise of the 'socially divided society' thesis; changes of government; the spread of manga, animation and Japan's popular culture overseas; and the expansion of civil society in Japan. [Narrow Road to the Interior](#) - Bashō Matsuo 1991

Matsuo Basho was the greatest of the Japanese haiku poets, whose genius elevated the haiku to an art form of intense spiritual beauty. This, one of the most revered classics of Japanese literature, is a diary of Basho's journey to the northern interior of Japan.

Early History of Cosmic Ray Studies - Yataro Sekido 2012-12-06

On the occasion of the International Conference on Cosmic Rays held in Kyoto in August 1979 five aged members of the cosmic ray fraternity, H. Elliot, V. L. Ginzburg, B. Peters, Y. Sekido, and J. A. Simpson met together as a dinner party devoted to the enjoyment of Japanese cuisine and reminiscences of our younger days. This pleasant occasion called to of our own age as well as some eminent seniors not present at the mind the many friends conference whose recollections would have further enriched and enlivened our evening. By the time the dinner came to an end we had agreed that the compilation of a more extensive collection of personal reminiscences would be an interesting and worthwhile undertaking. Accordingly, the next day we held an editorial meeting to draw up a list of potential authors and two of us, the present editors, started work on the project. In putting the book together our intention has been to try to capture and record through these personal accounts something of the atmosphere, the excitement and the frustrations of research in cosmic rays as experienced at first hand by some of the practitioners in the field. It has never been our intention that it should comprise a systematic history of the subject. Neither, unfortunately, can it be a fully representative collection since practical limits to the size of

the volume alone would preclude that.

Sexual Reproduction in Animals and Plants - Hitoshi Sawada
2014-02-07

This book contains the proceedings of the International Symposium on the Mechanisms of Sexual Reproduction in Animals and Plants, where many plant and animal reproductive biologists gathered to discuss their recent progress in investigating the shared mechanisms and factors involved in sexual reproduction. This now is the first book that reviews recent progress in almost all fields of plant and animal fertilization. It was recently reported that the self-sterile mechanism of a hermaphroditic marine invertebrate (ascidian) is very similar to the self-incompatibility system in flowering plants. It was also found that a male factor expressed in the sperm cells of flowering plants is involved in gamete fusion not only of plants but also of animals and parasites. These discoveries have led to the consideration that the core mechanisms or factors involved in sexual reproduction may be shared by animals, plants and unicellular organisms. This valuable book is highly useful for reproductive biologists as well as for biological scientists outside this field in understanding the current progress of reproductive biology.

Wearing Paper Dresses - Anne Brinsden 2019-09-24

'This is a wonderful novel, both uplifting and heartbreaking.' Good Reading Magazine (5 star review) SHORTLISTED FOR THE INDIE BOOK AWARD FOR DEBUT FICTION 2020 You can talk about living in the Mallee. And you can talk about a Mallee tree. And you can talk about the Mallee itself: a land and a place full of red sand and short stubby trees. Silent skies. The undulating scorch of summer plains. Quiet, on the surface of things. But Elise wasn't from the Mallee, and she knew nothing of its ways. Discover the world of a small homestead perched on the sunburnt farmland of northern Victoria. Meet Elise, whose urbane 1950s glamour is rudely transplanted to the pragmatic red soil of the Mallee when her husband returns to work the family farm. But you cannot uproot a plant and expect it to thrive. And so it is with Elise. Her meringues don't impress the shearers, the locals scoff at her Paris fashions, her husband works all day in the back paddock, and the

drought kills everything but the geraniums she despises. As their mother withdraws more and more into herself, her spirited, tearaway daughters, Marjorie and Ruby, wild as weeds, are left to raise themselves as best they can. Until tragedy strikes, and Marjorie flees to the city determined to leave her family behind. And there she stays, leading a very different life, until the boy she loves draws her back to the land she can't forget... PRAISE FOR WEARING PAPER DRESSES 'In the same vein as Rosalie Ham, Brinsden weaves a compelling story of country Australia with all its stigma, controversy and beauty.' Fleur McDonald 'This heartbreaking, melancholy and hopeful debut novel is full of inventive, haunting imagery and is beautifully written.' Books+Publishing 'a sharply focused portrait of a stoic Mallee farmer, his highly-strung city wife, their two very different daughters, in an austere place and time.' Sydney Morning Herald

Role of Japan in Modern Chinese Art - Joshua A. Fogel 2012

The modern histories of China and Japan are inexorably intertwined. Their relationship is perhaps most obvious in the fields of political, economic, and military history, but it is no less true in cultural and art history. Yet the traffic in artistic practices and practitioners between China and Japan remains an understudied field. In this volume, an international group of scholars investigates Japan's impact on Chinese art from the mid-nineteenth century through the 1930s. Individual essays address a range of perspectives, including the work of individual Chinese and Japanese painters, calligraphers, and sculptors, as well as artistic associations, international exhibitions, the colotype production or artwork, and the emergence of a modern canon.

From Postwar to Postmodern - Doryun Chong 2012

"Brings together critical historical documents, many of which are translated into English for the first time, in Japanese arts from the end of World War II through the next four and a half decades."--Page 14.

Sexy Anime Girls Coloring Book - Hot Anime 2020-09

[These Savage Shores](#) - Ram V. 2019-11-26

In 1766 an insatiable vampire sails from London to the Malabar Coast, aboard an East India Company ship. But along the shores of the Indus lurk darker and more ancient powers, and a war is brewing in the night. ALONG THESE SAVAGE SHORES, WHERE THE DAYS ARE SCORCHED AND THE NIGHTS ARE FULL OF TEETH. Two centuries after the first European ship sailed to the Malabar Coast and made landfall at Calicut, The East India Company seeks to secure its future along the lucrative Silk Route, in the year 1766. An old evil now sails aboard a company ship, hoping to make a home in this new found land. But he will soon find that the ground along the Indus is an ancient one with daemons and legends far older than himself. Collects the complete five issue series.

The Mushroom at the End of the World - Anna Lowenhaupt Tsing 2021-06-08

"A tale of diversity within our damaged landscapes, The Mushroom at the End of the World follows one of the strangest commodity chains of our

times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial

forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction."--Publisher's description.
