Power from the People - Greg Pahl 2012-08-13

Over 90 percent of US power generation comes from large, centralized, highly polluting, nonrenewable sources of energy. It is delivered through long, brittle transmission lines, and then is squandered through inefficiency and waste. But it doesn't have to be that way. Communities can indeed produce their own local, renewable energy. Power from the People explores how homeowners, co-ops, nonprofit institutions, governments, and businesses are putting power in the hands of local communities through distributed energy programs and energy-efficiency measures. Using examples from around the nation - and occasionally from around the world - Greg Pahl explains how to plan, organize, finance, and launch community-scale energy projects that harvest energy from sun, wind, water, and earth. He also explains why community power is a necessary step on the path to energy security and community resilience - particularly as we face peak oil, cope with climate change, and address the need to transition to a more sustainable future. This book - the second in the Chelsea Green Publishing Company and Post Carbon Institute's Community Resilience Series - also profiles numerous communitywide initiatives that can be replicated elsewhere.

The Fateful Journey - Robert Joost Willink 2011-01-01

Bold, headstrong, and fabulously wealthy, Dutch traveller Alexine Tinne (1834-1869) made several excursions into the African interior, often accompanied by her mother, at a time when very few European women traveled. The Fateful Journey follows her trip with German zoologist Theodor von Heuglin, which took them through Egypt and Sudan in search of adventure and unknown regions in Central Africa.. Drawing upon four years of research in the Tinne archives, and including never before published correspondence, photographs, and other documents, Robert Joost Willink presents a compelling account of their journey and its tragic ending. This exciting volume not only sheds light on Tinne's life and times, it also offers captivating insights into the world of European adventurers in the 19th century. An enthralling mix of adventure and careful scholarship, The Fateful Journey creates a powerful portrait of Alexine Tinne throughout her life, from her start as a rich heiress in the Netherlands to her end as the intrepid explorer who risked—and lost—everything on a daring, doomed quest.

Crescendo of the Virtuoso - Paul Metzner 2018-05-28

During the Age of Revolution, Paris came alive with wildly popular virtuoso performances. Whether the performers were musicians or chefs, chess players or detectives, these virtuosos transformed their technical skills into dramatic spectacles, presenting the marvelous and the outré for spellbound audiences. Who these characters were, how they attained their fame, and why Paris became the focal point of their activities is the subject of Paul Metzner's absorbing study. Covering the years 1775 to 1850, Metzner describes the careers of a handful of virtuosos: chess masters who played several games at once; a chef who sculpted hundreds of four-foot-tall architectural fantasies in sugar; the first police detective, whose memoirs inspired the invention of the detective story; a violinist who played whole pieces on a single string. He examines these virtuosos as a group in the context of the society that was then the capital of Western civilization. Can Sophie Change the World? - Nancy Elizabeth Wallace 2022-03-08

This is Pay It Forward meets the #BeKind movement, as seen through a Jewish principle. It's Grandpop's birthday, and all he wants is one little thing: for Sophie to change the world. He wants Sophie to do a mitzvah—something kind for others. But what exactly does that mean? As Sophie shares, teaches, helps her friends, takes care of birds, and picks up litter, she wonders which of these acts, if any, might change the world. By performing this sequence of poignant mitzvahs with an open heart, unending empathy, and a big imagination, Sophie's about to

discover that what sounds like an impossible task just might be the best way to live life. In this exploration of an essential part of Jewish traditional teaching, Sophie's efforts to grant Grandpop's wish show that the smallest acts of kindness are what truly change the world.

TIMELESS: Mitzvahs are a time-honored tradition and a central part of Judaic practice. This universal, timeless picture book shares a meaningful message about doing good in the world that will always be welcome and needed. **A JEWISH PERSPECTIVE:** This story explores an aspect of Jewish culture that is applicable to anyone interested in improving their world, making it a book that is both relevant and relatable to kids who are Jewish and non-Jewish alike. **SPREAD KINDNESS:** This book shows a variety of kind actions and engages with how kindness and good deeds can affect and lift up friends, family, and entire communities. **BEAUTIFUL ILLUSTRATIONS:** The art in this book is bright and cheerful, perfect for engaging kids and getting them excited to learn how they, too, can change the world! Perfect for: • Jewish families • Jewish schools and learning centers • Teachers • Parents looking for books about kindness
